"He Profits Most Who Serves Best"

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

January 18, 1983

President Larry opened the meeting. Invocation by Jim Troust.

Songs were led by John Shea, ably assisted by Winnie at the piano. The tempo of the first song was enough to waken the most determined of sleepers, complete with thundrous chords for left hand on the piano!

Guests were as follows:

Rotarians:
- Gary Gillett
- Ed Fisher
- Bob Sargent
- Tom Oppold
- Jerry Boguth
- Kent Miller
- Clarence Snyder
- Jim Gysel

Non-Rotarians:
- Bill Clark

Vice-President Ralph urged all members to attend Show rehearsals, and the need for all members to contribute to the Show regardless of upcoming vacations and/or inability to take part in the chorus.

Hal Sexton reminded members that everyone has $48. worth of tickets.

Al Nelson is again handling advertizing for the Show.

Upcoming programs were reviewed by Vice-Pres. Ralph:

Hal Creal - 25th of January

Bill Crotty - Feb. 1st

Hal tells us a urgent city matter will be taken up in our next program, its nature undisclosed. Bill Crotty will have Charlie Davidson to cover the second part of his computer talk.

Club members are reminded of the Feb. plan to have wives attend Club meetings on an alphabetic basis.

Sergeants Gary and (would you believe?) Jim Endicott extorted various sums from members. Hal Creal and Bill Grimes were honored with the Herby Kurby Look-Alike Award....

Early leaders were unbelievably numerous (thirty or more!). Pres. Larry reminded members that early leaving is out of real <u>need</u>....

Program chairman for the day was Chuck Putnam, who introduced three exchange students from W. Europe, Heike Riesen from W. Germany, Hanne Yeager from Denmark, and Maria Halverson from Sweden. Heike is a senior at Tekonsha. She comes from Hamburg and is interested in life in a small town. Hardest for her were things like leaving all her friends behind and not knowing anyone in this country. She reminded us all that, without your usual relationships, you yourself lose definition as a person. She is esp. glad to have personal acquaintances in America now to balance the media image of this country she was familiar with in Germany.

Hanne is a Coldwater student staying with David & Diane Lane. She was most struck by the fact that, in America, nearly everyone goes everywhere by car, rather than on foot or bicycle. In Denmark, half the available street space is given over to non-vehicular traffic. She was also interested in the large number of fast-food restaurants in America and the ready-to-eat items on the store shelves. In Denmark, everyone has to take at least two years of English and a year of German. The private school Hanne attends back home has a working day from 7:30A.M. to 6:00 P.M.---(Gene Wallace, how would you like to negotiate <u>that</u> with the teachers?!)

Maria is also a senior at Tekonsha and comes from the metropolitan area of Stokholm. Her first week in America included a close-up-and-personal encounter with goats for the County Fair, something she had never experienced before. Students in Sweden begin English at the age of nine, she told us; and it showed! Courses in school are not elective; and, if one continues after grade 9, it is because one chooses to do so. She noted the large number of Swedes of both sexes who want higher education and training, the relatively late age for marriage (25), and the small number of Swedish women who are now settling for being "just a housewife." She sees a very different pattern of expectations among her classmates at Tekonsha. She told us she finds Americans very open and friebdly, and feels very much at home here.

Absent Rotarians for this meeting were:

Dan Dean	
Ed DeVito	Fleming Pruitt
Ray Fast	Terry Reen
Steve Glover	Paul Ruse
Bob Kerr	Bob Seaman
Bob Loose	Jerry Towns
John Milnes	Howard Turner
Gil Patton	Jim York

(We hope you all made up!!!!!!)

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

January 11th, 1983, ROTARY NOTES

The meeting was called to order by President Larry, and the invocation was given by Dan Magsig. John Shea led the singing, accompanied by his wife, Kim. John said that he hoped the enthusiasm picked up before the evening show practice. For the second week in a row, there were no birthdays.

****

Gary Gillett of Marshall was the only Rotarian guest.

Non-Rotarian guests were Coldwater High School seniors: Julie Hemker, Derek Rohloff and Paul Monks.

Absent members were as follows:
Hal Creal, Bill Crotty, Larry Donay, John Dygert, Ray Fast, Ed Geishert, Dennis Holcomb, Dick Hruska, Ralph LaGro, Bob Nagle, George Pierce, Paul Ruse, Howard Taylor, Jim Troust, Ken Worden.

****

President Larry made the following announcements:
1. Ken Worden submitted his resignation and will be joining the Lakewood South Rotary Club effective Jan. 17th. We wish you well, Ken, and look forward to you making up with your friends in Coldwater.

2. Up with People will be giving performances on Jan. 16th and 17th. Rotarian support would be appreciated by the Jaycees and group discount ticket prices are available.

3. The Rotary Club Essay Contest is open to any high school student. Entries are to be submitted by Apr. 1, 1983 to Mrs. DePue at the High School. The topic is: What one achievement should Rotary accomplish for the community. 1,000 words or less
1st Prize-$350 2nd Prize-$100 3rd Prize-$50

4. Attendance at Rotary show practices and regular meetings needs improvement. Please make an all-out effort to support the time being expended by your chairman, Director and committee heads.

5. We are still missing several white and blue shirts from last years show. Please turn them in and save the expense of re-making them.

****

Our two newest members were introduced by their sponsors and presented with their initiation information. John Pierson introduced Terry Reen, Director of Community School Services of Coldwater. Terry is a 9 year resident of Coldwater and has 2 children. Terry O'Connell introduced (or was it insulted) Jim Olmstead, who is with Shoppers Guide, married and has one child.

Welcome, gentlemen! We are sure both you and our club will benefit from your membership in Rotary.

****

The sergeants-at-arms, lovingly referred to as the "Smith Brothers" wasted little time in getting into the pockets of nearly everyone in attendance. Light on newspaper ammunition, they resorted to an Iranian condemnation of golfers, national bowlers week and national printers week, to pick up the slack. Jim Olmstead may have set a record for the quickest fine after initiation. Welcome again, Jim.

****

This weeks program was under the direction of Dick Biringer. Dick introduced Jerry Schultz Director of the Branch County Department of Social Services. Jerry is a graduate of Western Michigan University, married with 4 children and comes to us after a stint with the Wayne County Dept. of Social Services. Jerry gave us a brief overview of the Functions of his department and then opened it up for many questions from the membership pertaining to qualifications for various types of assistance, control of welfare fraud, and the effects of Federal and State proposed budget cuts, on various assistance programs. Some interesting points were:
-Branch County was once one of the lowest counties in the State in percentage on public assistance. Currently, however, 15% of the people in the county are receiving some form of assistance.
-The Branch County Dep. of Social Services handles $15,000,000.00 annually.
-The average payment is $101.00 per person per month.
-All of lower Michigan does not equal Wayne County in number of dollars paid out.
-Branch County Social Workers have the highest case load per person in the state of Michigan.
-There is only one fraud investigator assigned to our 5 county area.

We thank you Dick and Jerry for a very informative program.

The COLDWATER Rotary REFLECTOR

The Singingest Club in the U. S. A.

January 25, 1983

The meeting was called to order by President Larry, and the invocation was given by Jim Troust. John Shea led the singing, ably accompanied by Mary Magsig. John suggested that if our resident "enfant terrible" Chuck Bacon were to smile his face might fall off. Considering whatever Chuck is suffering from that might be one of John's better suggestions. There were three birthdays today- Ed DeVito, Tom Miller, and Vince Kornstien. The club sang to Tom for the other two birthday boys were absent.

****

President Larry recognized Dr. Pete Baldwin, the current president of the Quincy Rotary Club. Pete wanted the club to be aware that he was very proud of Julie Holben, his receptionist, who was 3rd runner-up in the Michigan Junior Miss Pageant. Pete then proceeded to give $20 to the scholarship fund for which he was also allowed a few compliments about the Quincy club.

****

Rotarian quests were:

Gary Gillett	Elmer Houghton
Doug Thompson	Gordon Porter
Pete Baldwin	Gerald Boguth

Non-Rotarian Guests were:

Derek Rohloff	Alan Swain
Paul Monks	John Hanna
Julie Hemker	

Absent Members were:

Walt Balcom	Jim Koss
Carroll Barnes	Ralph LaGro
Barry Case	Bob Nagle
Hal Creal	Chuck Putnam
Bill Crotty	Terry Reen
Dan Dean	Paul Ruse
Ed DeVito	Bob Seaman
John Dygert	Bill Tyson
Chuck Geishert	Norm Youtsey
Chet Graves	Howard Taylor
Dick Hruska	Paul Thompson
Bob Kerr

President Larry made the following announcements:

1. Coldwater is second in the district behind Portage in attendance for December.

2. Maple Lawm is looking for volunteers to operate a bingo game once a month for an hour and a half Saturday afternoon.

3. John Dean announced song practice for Tuesday and not to forget that next week starts 2 practices a week.

4. Dick Uhl announces that the Coldwater Cardinals Booster Club would hold a millionares night on February 19th, and they are selling $1 tickets on a $500 drawing.

5. Bob Teetor suggested that the club watch N.B.C. after Reagan's speech Tuesday night for his son Bob was going to be interviewed by Roger Mudd. Ed. note you were right this time Howard and Bob was good.

****

The sergeants, Gary and Jack, were both in fine fettle for the scholarship fund. They collected for John Dean's new grandson, and all of the Rotarians and their wives that were mentioned as former man or woman of the year. Dean Milligan got the usual $2 treatment for making the front page in winding up a very successful United Way campaign. We are all sorry to see the "snow birds" Gill Patton and Elmer Houghton leave for Florida because who knows when winter is coming to Branch County.

****

President Larry, in the absence of Ralph LaGro, introduced Duke Sward who was substituting for Hal Creal, who had the program for the day. Duke had 2 disclaimers. First that he is thinner, better looking, and has more hair than Hal, and that Hal as a township resident disavows any responsibility for the program. Duke proceeded to introduce Gary Kuckel, and his two partners in crime, John Hanna and Al Swain from City Government. Gary showed an excellent movie on his current favorite subject "Herbie Curbie". The movie showed that using this system, cities have reduced high garbageman turnover and absenteeism High Point N.C. reduced its workforce from 63 to 29 and saved 1/2 million on its budget. The movie pointed out that using this new system allowed cities to use 1 or 2 man trucks, the number of routes was reduced, and cities were given lower insurance rates because back injuries were reduced. The movie showed that these cans will not crack or melt in temperature extremes. Macon Ga. a city of 34,000 reduced its manpower from 54 to 29 men and also saved 1/2 million in budget. Gary, John and Al mentioned that on a local level Coldwater could use a 3 man system with one man driving and 2 pick-up people. The city might wash out the cans once a year. They would provide special service to the handicapped. The negative comments about the system are that the cans are ugly, and when empty they could blow over. Thus far the city employees like it. The cans can also be used for leaf and grass removal. Gary, with tongue in cheek hopes that all of the stray dogs in the city now move to the township. Thanks Gary, John and Al for a good movie and a good question and answer session.

The Singingest Club in the U. S. A.

January 4th, 1983 ROTARY NOTES

The meeting was called to order by President Larry, looking a little thinner because of a skinny wallet, the result of a quick trip to Las Vegas. The invocation was given by Jim Troust. The songs were led by John Shea, ably assisted by Winnie Kornstien. John led the club in a special tribute to John Dean, our song leader for the upcoming show. Let's all hope that John can be the "Jolly Good Fellow" thru the last day of the show. There were no birthdays to celebrate this week.

****

Rotarian guests were as follows:
Doug Thompson, Dan Hoopingarner, Clarence Snyder, Kent Miller, Jim Eley, Chuck Davidson.

Non-Rotarian guests were as follows:
Julie Hemker, Derek Rohloff, Paul Marks.

Absent Members were as follows:
Barry Case, Hal Creal, Bill Crotty, William Galliers, Chuck Geishert, Ed Geishert, Bob Loose, Bill Milnes, Dick Moore, Chuck Putnam, Paul Ruse, Hal Sexton, Paul Thompson, Chuck Woodward, Ken Worden.

****

President Larry made the following announcements:
1. Welcome to Jim Olmsted and Terry Reen, the two newest members of Rotary. Next week their sponsors will present them with their initiation information and formally welcome them.

2. Welcome back to Dick Biringer from a vacation in Europe.

3. John Dean asked any end men from last year if they would bring their blue and white puffy sleeved shirts for use in this year's show. John also told the club that Jim Koss and Terry O'Connell were new end men in this year's show.

4. Ralph LaGro announced that the wild game dinner for the benefit of Doug Granger is scheduled for Jan. 29th as a noon luncheon at the Career Center. Since there are only 400 tickets get them soon.

****

The sergeants-at-arms had a rocky start when Jack Faulkner tried to fine John Dean for a birthday. It sounds like Jack must of had some "bad ice" in a holiday drink and it affected his hearing. Jack and Gary proceeded to make a scholarship mint on the 1982 hi-lites in the paper. It was nice that our two city councilmen were fined for Gary Kuckel's raise but I thought Gary got neatly off the hook. A tradition could have started with a 1% fine.

Program Chairman Ralph LaGro announced the following programs for January: January 11, Dick Biringer, January 18th, Chuck Putnam, International Youth Projects; January 25th, Hal Creal

****

Todays program was the responsibility of Carroll Barnes. Carroll introducted Charlie Davidson from the Career Center. Topic: Microcomputers. Charlie used some very good slides to trace the history of computers from their beginnings with the Harvard I.B.M. Mark I with more than 500 miles of wire in it and a weight of more than 5 tons. The next advancement was the Eniac in 1945 using vacuum tubes for the first time (19,000 of them). It,too, weighed 5 tons. It seems that its greatest problem was that it used so much electricity that it only could be used between 1 a.m. and 5 a.m.. In 1951 along came Remington Rand with Univac I which was purchased by the U.S. Gov't. for $12 million. Univac I was able to move up the completion of the 1950 census from 1971 back to 1957. Soon after this came the 1st solid state computer, the IBM 7090 which could do 10,000 calculations per second. Charlie stated that we are now in the 3rd. generation of computers with micro-miniaturization using integrated circuits. The computers of today are capable of 1 million calculations per second. Today a kid's best friend is not his dog but his computer. The country has seen a tremendous growth in arcade games with the advent of Pac-man, Donkey-kong, etc. Charlie pointed out that not only kids but also adults get hooked on these arcade games and the doctors are now treating people for eye strain and Pac-man elbow and Frogger finger. Charlie wound up the program stating that those of us between 30-50 old are in trouble, for the greatest share of us have little background in computer sciences and therefore are going to have to play catch-up to match the computer's potential with the need of our businesses. Thanks, Carroll, for bringing Charlie and this interesting program to us.

The Singingest Club in the U. S. A.

February 1, 1983

President Larry opened the meeting. Invocation by Jim Troust. Songs were led by John Shea with accompaniment by Reb Turner's lovely wife.

No birthdays were announced, but two turned up: Bob Loose and Al Nelson (which just about covers the size spectrum). Congratulations, fellows!

Guests for the meeting were:

Rotarians: Ray Ehi
Gary Gillett
Elmer Dobson
Jerry Boguth
Doyle Hoopengarner

Non-Rotarians:

Jean Biringer	Dorothy Culy
Barbara Faulkner	Peg Barnes
Betty Dearing	Jo Ann Case
Shari Donay	Thelma Endicott
Judy Elliott	Alice Conrad
Pat Carlson	Jeff Rubley
Ned Towns	Tammie Barnes
John Swanson	Mary Dean

(What a great turn out for our first wives' meeting! Even if Barry Case can't remember his wife's name....)

Absentees at this week's meeting were:

Walt Balcom	Dean Milligan
Bill Bobier	Gil Patton
Walt Fisher	John Pierson
Bill Galliers	Fleming Pruitt
Chuck Geishert	Dave Rubley
Ed Geishert	Paul Ruse
Ralph LaGro	Howard Taylor
Jim Lyon	Dick White

Announcements were made by President Larry. Carriage Inn invites sponsors for their rock-a-thon for the Heart Fund. Terry O'Connell volunteered information from the kitchen that whoever made the salad lost her contacts in the process.

Bill Crotty was honored for five years perfect attendance (at Quincy?).

Two Directors were elected by ballot from among four nominees. Mark Maire and Carroll Barnes were successful candidates.

Sergeants Gary and Jack, with or without lozenges that bear their likeness, did their thing for all of us, with remarkable restraint; but maybe that was because of the ladies present....Chuck Bacon and Hal Creal paid for not having brought their wives...and Ed De Vito SHOULD have....

Early leavers...left.

Program chairman for the day was Bill Crotty(welcome back, Bill!!). He introduced Charlie Davidson from BACC, who continued his program on computers. This presentation focused on the specific uses of micro computers in homes and business. Charlie reflected on the fact that the first commercial computer was produced in 1951 by Remington Rand and purchased by the federal government for twelve million dollars. The small table computer brought by our speaker today, which costs about $1200., can do the same things twice over in half the time. This is the kind of geometric progress made over 32 years. Household uses for micro computers moght include: budget control, records of repair and maintenance, balancing of checkbooks, filing of recipes, and preparation and updating of home inventory for insurance purposes. In business, a similar computer might be used for: teaching(simulations and drills/practice), accounting procedures, security(incl. inventory), and word processing(secretarial). Charlie concluded his presentation with some comments about video games - both academic(bridge, chess, etc.) and arcade types. One of the latest developments is "networking" micro-computers in much the same fashion as large communication-types are linked together(e.g. cash register and inventory linkage). Thanks, Charlie, for an excellent program! Maybe there will be a third installment, if we can get you back again.

Please note: Pres. Larry and V. Pres. Ralph remind members of the plan to invite wives of members to a meeting in February according to the following schedule:

Faller-Lyon----------Feb. 8
Magsig-Shea----------Feb. 15
Sward-Youtsey----------Feb. 22

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

February 8, 1983

President Larry opened the meeting and Jim Troust gave the invocation. Songs were led by John Shea assisted by Mary Magsig on the piano. Happy birthday to Fred Culy, Chet Graves, Hal Sexton, and Dick White. I would say that these Rotarians cover the age spectrum from over 40 to way over 40.

Guests for the meeting were:

Rotarians: Donald Leeth, Bronson
Gary Gillett, Marshall
Linus Heydon, Quincy

Non-Rotarians:

Irene Grimes	Pat Jolley
Marilyn Fisher	Marg Bobier
Margaret Loose	Jan Koss
Mike Staley	Cindy Glover
Tammi Barnes	Linda Galliers
Jeff Rubley	

(It was great to have the wives again, and what a variety of ways they were introduced. The intro's ranged from "the chairman of the board" to Buss Gallier's classic "the father of my 3 kids".)

Absentees at this weeks meeting were:

Bill Carlson	Ralph LaGro
Barry Case	John Milnes
Bill Crotty	Gil Patton
Ed DeVito	George Pierce
John Dygert	Chuck Putnam
Jack Faulkner	Terry Reen
Chuck Geishert	Dave Rubley
Dennis Holcomb	Paul Ruse
Larry Iveson	Paul Thompson

Announcements were made by President Larry as follows:

1. The Tibbets annual meeting will be held February 13th. Please bring a potential member.
2. Howard Taylor is having the skit committee meet each Tuesday before chorus practice at 6:30.
3. Gary Kuckel had the pleasure of introducing the Coldwater club's newest Rotarian, Gerry Boguth, from the Alpena club. Gerry is the city assessor and quite simply says he enjoys Coldwater.
4. Reb Turner announced a home improvement show to be held at the Career Center from 9:30-5 p.m. February 26, and from 11:30 to 5 p.m. February 27th.

Sergeant Gary, says Jack Faulkner, was aided and abetted by "bag man" Hal Creel. (Ed. note: "bag man" is by no means a reference as to how Hal's suit fit.) Hats off to Tim Barnes for being Big Mac player of the week, and to Terry O'Connell for bowling 256. I am sure that the fines were well worth it. I don't know what Dick Moore was assessed for creating 3 new vice-presidents, but since the title was in lieu of a raise it was cheap at the price. The fine that Buss Galliers paid for his wife's introduction I am sure was small compared to the one he paid at home....

President Larry introduced Reb Turner, program chairman. Reb's speaker for today, Don Stahlhut, is presently the manager, government procurement for the Branch - St. Joseph County private industry council. Don is the author of a book called The A.B.C. of Practical Negotiation. Don stated that the essence of negotiating is confering. The idea is to win, there are no draws, no ties. Negotiations are not fun, there is no right way to approach them, and some of them are imformal while others are formal. Don's suggestion to all of us is to get a lot of resources before we start, and to be prepared with at least 120% overkill. Be sure to know the strengths and weaknesses of your plan, and draw up a game plan. Don also suggested that we have some outsider critique the plan for errors and ommissions. He felt that it was important to know as much as possible about the negotiating team members, make specific assignments, know your authority limits, learn to listen, be prepared to be frank, and try to overcome fear of doing something wrong. Don discussed the tactics of shake up, set up, and momentum. His last point was a test of good negotiations: Is it true? Is it fair? Will it build good will? Will it be beneficial? Can you live with the job done?. Thanks, Reb and Don, for a excellent and timely program.

Please note: the following schedule for wives of Rotary member in February:

Greeters

Feb. 22 W. Balcom-H. Card

Fred Anderson introduced Chuck Young as a new member of the Club. Chuck is co-owner of our local bobber factory.

Bill Grimes introduced Dick Fitz-gerald as a new member of the Club. Dick is Superintendant of our Community Schools.

Welcome to our new members!!

Sergeant Gary pressed his student guest into helping him liberate sizeable amounts from members. As of this date, the sergeants have raised as much money as they did all of last year - as a result of which we will have one additional scholarship to give.

Early leavers were excused.

Vice-President Ralph reminded us that next week's Program Chairman, Ed Geishert, has lined up Dr. Baldwin to tell us about his pacemaker implant in one of man's best friends.

Program Chairman Larry Donay, through his surrogate Ralph, introduced the speaker, Barbara Burkhart, the Interim Director of Tibbits. Barbara told us of the two musicals (Pirates of Penzance, Gypsy) and the three plays (It's Never Too Late, On Golden Pond, and The Miracle Worker) on schedule for this summer. We hope to have the last play "signed" for the hearing impaired. Barbara indicated the strategy of the Tibbits Board will be to ciltivate the areas nearest Coldwater rather than audiences as far away as Ft. Wayne. Our local radio station will be co-ordinating a drive to purchase necessary duct-work for the heating/cooling system. Season tickets will go for $36. this year, with a $3. bonus if they are ordered soon. Tibbits has a new set of officers and board people, and looks forward to working within its $200,000. budget. Barbara thanked local businesses for their patience in bill collection durinh 1982. She encouraged all of us to take advantage of the varied programs to be offered this coming year. The management will try to offer attractive options without running the risk of damaging losses through expensive programs we do not have the population base to support. Thanks, Barbara, for an excellent program!

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

February 22, 1983

Vice-President Ralph LaGro, called the meeting to order. Invocation was given by Jim Troust.

John Shea led the singing, assisted by Winnie Kornstien. It's amazing how much better the songs sounded this month with the addition of soprano and alto voices.

Birthdays today were: Bill Carlson, Jim Olmstead and Jack Faulkner (could Jack's absence have been an effort to save a dollar?)

Guests at this meeting were:
Rotarians: Bill King, Quincy
Philip Hoard, Bronson
Pete Baldwin, Quincy
Bob Sargent, Quincy (26 years perfect attendance-Congratulations!)

Non-Rotarians:

Christine Treadwell	Lola Taylor
Gail LaGro	Jean Uhl
Marion Teeter	Deni Turner
Delores White	Tammi Barnes-CHS
Carol Tyson	Jeff Rubley -CHS
Alan Elliott	Mike Stahly-CHS
Susie York	Marjorie Bacon
Sarah Thompson	

What a pleasure it has been to have the wives join us this month. Certainly hope this will become an annual "affair". Excuse me, I meant event.

Absentees:

Walt Balcom	Dick Hruska
Dick Biringer	Larry Iveson
Dan Dean	Jim Lyon
Larry Donay	Dan Magsig
Larry Dunworth	John Milnes
Ray Fast	Gil Patton
Jack Faulkner	George Pierce
Charles Geishert	Larry Woodhams

Announcements:
1.) Remember the "Afterglow" following the Saturday night performance.

2.) Show committee is in need of Union Jack British Flag.

3.) Carroll Barnes thanked the Rotarians for their participation and especially for their help in dealing at the Booster Club "Millionaires Night", which was a huge success.

4.) Ticket money is due by Tuesday, March 1, according to Hal Sexton.

GREETERS FOR MARCH

Jeff Dean	Al Nelson
John Dygert	Richard Biringer
Bill Bobier	Hal Creal
Duke Davidson	Ken Elliott
Jim Endicott	Chet Graves

5.) Al Nelson said ad money is now overdue.

6.) Pete Baldwin suggested a member or members be present at Quincy on Monday with tickets in hand. It was suggested that we make the Quincy and Bronson members a "super deal" on tickets for the "Wednesday" performance.

Sergeant Gary, assisted by "Bag Man"Crotty, then relieved the pockets of many members and even turned against his helper and guest of a week ago, CHS Senior, Mike Stahly. Is nothing sacred?

Ralph announced that next weeks program would be reserved for Show rehearsal, and early leavers were excused.

Program chairman Ed Geishert, then introduced his guest and program for the day: Dr. Peter Baldwin, who proceeded to delight the audience with his tongue-in-cheek reinactment of his recent pacemaker implant into the heart of a "Magnificent Beast". (Dog)

From a brief history of the animal and the assembly of his crack surgical team, which consisted of an Ohio State graduate assistant, who had never operated on any animal, a student assistant who was taught to simulate the animals breathing,his medical technologist, who was the liason between the surgeon in New York, and the Pacemaker manufactures expert in Minneapolis, Dr. Baldwin guided us through the actual implant. This had to be, and was, completed in eight minutes. Following was the "intensive care" in the CCU which consisted of the surgical team sitting around the dog in a circle, eating McDonalds, and wondering what would happen next.

Although the whole program was presented in an enjoyable light vein, no one in the audience lost sight of the seriousness of the surgery and the accomplishment of Dr. Baldwin and staff.

Thank you, Pete, for a very informative and especially entertaining program.

"So you're Bill's boss. My! You certainly don't LOOK like an insufferable fathead."

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

March 1, 1983

President Larry called the meeting to order. The invocation was given by Jim Troust.

John Shea, assisted by Kim Shea, pianist extraordinaire, led the singing. If Rotary ever breaks the sex barrier and admits women she has my vote as a charter member.

The club had only Ray Fast's birthday to celebrate. It seems like the summer months lend themselves to outdoor activities so there just aren't many birthdays in early March.

Rotarian guests were as follows:
- Bill Fairman, Niles
- Steve Dobson, Quincy
- Gordon Porter, Quincy

Non-Rotarian guests were as follows:
- Kim Shea
- Jean Semmelroth
- Nan Hinbaugh
- Mike Zebolsky

Absent members were as follows:

Hal Creal	Bill Milnes
Dan Dean	Dick Moore
Ed Devito	Bob Nagle
Larry Donay	Gil Patten
Larry Dunworth	George Pierce
John Dygert	Paul Ruse
Ray Fast	Bob Seaman
Jack Faulkner	Dick Uhl
Dean Milligan	

President Larry made the following announcements:

The feedback on having the Rotary Anns for lunch has all been positive so maybe the club just started a tradition.

It seems that Dick Fitzgerald and Barry Case are having a contest on bad song practice. Let's hope that the "gentle prod"has the right effect.

The Coldwater club was 3rd in our district with a 89% attendance. Some day Coldwater will string 4 perfect attendance days together and blow Vicksburg's mind.

Apparently there was a court case in California testing the legality of Rotary staying all male. I am sure that is for the best as can you imagine the problems if some dame could blackball someone else if the candidate's stocking seams weren't straight.

Last week at Quincy there wasn't a meeting so anyone who tried to make up in Quincy and couldn't, get ahold of Bob Rumsey and get credit.

Last but not least, Larry made a fearless forcast about the end of winter because the spring birds are here. A lot of us ski bums knew already that this Michigan weather is for the birds anyway.

The sergeants at arms plural were reduced to sergeant singular with the absence of Jack Faulkner. Next week we are seriously considering putting his picture on the bulletin board so some of the new club members can see what he looks like and not mistake him for a visiting Kiwanian. Gary talked Gerry Boguth into being the bag man, and Gerry, flush with his success with the city's finances did a great job. The scholarship fund is just a little richer for the publicity about Irene Grimes broken ribs, Jim Koss's hockey club, and the snappy repartee with Dick Fitzgerald about a $20 immunity. With a millage coming up methinks Dick is out of his cotton-pickin mind.

Programs for March

March 8th	John Dygert
March 15th	Bill Carlson

Today's program was under the direction of Jim Endicott, and because John Dean and Kim were the program, Ralph LaGro handled the introduction. I am sure the guests enjoyed the solos, choruses, and the whole group, and judging from the worry lines in John Dean's forehead we all needed practice. I am sure that we will all peak on the words to "The Last Farewell" on Sunday.

Thoughts for the week:

As long as there are final exams they'll never eliminate prayer in schools.

Fairy tales once began "Once upon a time . . .". Now they begin with, "If I am elected . . .".

The Singingest Club in the U. S. A.

March 8, 1983

President Larry called the meeting to order. The invocation was given by Jim Troust.

John Shea assisted by no one, did the acapella bit on singing today. The club is blessed with 4 part-time piano piano players, but once in a while one of the meetings comes up sans accompanist. John asked that the back stage crew stand up and be recognized for their efforts at show time. Bob Loose, Jim Lyon, Larry Iveson, and Terry Reen took much deserved applause, and let's not forget the absent stage crew, Ed Geishert, Sandy Jolly, and Tom Miller. The only birthday today was Ken Worden, and Ken Elliott passed the privledge of paying for him, so we will have to sing to Ken twice on his next birthday.

Rotarian Guests were:

Barry Bender Quincy
James Eley Bronson

Non-Rotarian Guests were:

Mike Zebolsky Jean Semmelroth
Nanette Himebaugh

(Editor's note: Lately the kids who are going to attend the U of M seem to be taking a "little heat" from some graduates of that nameless school in E. Lansing. It is too bad that Manners 101 is not taught at that school, but, alas, what can you expect?)

Absent Members:

Chuck Bacon	Jim Endicott	Chuck Putnam
Bill Carlson	Ray Fast	Paul Ruse
Hal Creal	Mark Maire	Paul Thompson
Dan Dean	Dean Milligan	Bill Tyson
Larry Donay	Dick Moore	
Dick Fitzgerald	George Pierce

President Larry had the following announcements:

1) Congratulations to everyone on good attendance at the show. Everyone I have talked to thought the show was just super.

2) Special kudos to John Dean, Rich Holben, and Dave Rubley. They did their jobs with such professionalism that no one really knew how hard they worked.

3) The club's Board of Directors is going to vote on a Paul Harris fellow in the near future. So if you have a candidate in mind see Larry or any board member.

4) The Altrusa club of Coldwater has as a project the creation of a "safe house". There will be an informational meeting about this project at the Branch County Courthouse March 23rd at 7:30 p.m.

5) There is going to be a fund raising dance for the Coldwater School on March 12. If anyone needs tickets, see Terry O'Connell.

6) Hal Sexton is asking all Rotarians to get their show ticket money in by next Tuesday, March 15th so he can close his books.

7) Anyone who has props left from the show will find them in dressing room 2 but they won't be there long. So if you want them, get them out soon.

8) President Larry videotaped the last M.A.S.H. show so if enough of you guys want to do a beer and pizza thing at his house, let him know and he will schedule it.

9) Bob Rumsey asked for bulletin space to let everyone know that make-up attendance cards are getting to him too late to get proper credit for attendance. Please mail the cards to Bob Rumsey 120 Cheryl Ann Drive, Coldwater, as soon as possible after you made up a meeting.

****

Because of the length of the program today there wasn't any sergeant-at-arms routine. This announcement brought on many audible sighs of relief. If you are listening Gary and Jack, it sounds like the material needs a little bit of freshening up.

****

Program chairman Ralph LaGro announced the following Rotarians have the next 3 programs. March 15th, Bill Carlson; March 22, Ken Elliott: March 29, Chet Graves. Hey fellas, let Ralph know what your programs are so he can give it some publicity.

Ralph introduced John Dygert, pinch-hitting for Ray Fast, who was in charge of today's program. This program was the second part of Rural Urban presentation, with the focus this week on Branch County in particular. John had some very interesting statistics to help us all understand the importance of Branch County agriculture. Agriculture spends more than 20 million for production expences. There are approximately 1200 farms in the county with an average size of 203 acres. Agriculture sales are over $37 million with about 1/2 coming from crops and 1/2 from livestock. There are over 242,000 acres of farmland, again with about 1/2 in crops and 1/2 in animal production. Corn is by far the most important money crop with soybeans a distinct second. John Dygert then proceeded to introduce the main speaker, Rotary's own Gordon Schlubatis. It is fascinating to hear Gordon reminisce about his arrival in Branch Co. in 1929. At the time there were only possibly 10-12 acres. Gordon bought his original farm of 120 acres and over the years expanded it to 450 acres. Presently he has approximately 150 acres in apples and peaches. He stated that in the old days before there was processing machinery and the necessary buildings that the sorting, packaging and selling was done right in the orchard under the trees. Last year the orchard produced about 45,000 bushels of apples. Lets all get out there and buy those apples and that cider before it gets hard. The balance of the program was a tour of his apple processing plant conducted by Gordon and his son, Willard. I am sure that all the club members enjoyed the tour and thanks a lot Gordon for reminding us what the backbone of this county is and how many $$$$ the farmers spend in this county.

JULIE LYNN HOLBEN—Branch County

Program Chairman for the day was Bill Carlson who presented an interesting program on the Michigan Junior Miss Program.

Bill presented Miss Julie Holben, Coldwater, 1983 State 3rd Runner-up. Also his wife, Pat, who is Branch County Chairperson for the Branch County Junior Miss Program.

The speaker for the day was Mr. Dan Miller, President of Michigan Junior Miss Program. The Program started in 1958 in Mobile, Ala. It was first called Junior Miss America, and changed to Junior Miss at request of the Miss America Organization.

An active organization in all 50 States, they hire eight employees in Mobile plus hundreds of volunteers throughout the country. The involvement of so many people ensures a successful Program.

The Junior Miss shows are sponsored by many different local service organizations such as Jaycees, however efforts are being made to expand the sponsoring groups. The awards for Junior Miss winners are very strictly controlled and are limited to scholarships for higher learning.

Swimsuit competition, winner crowns and other traditional hoopla are prohibited. Judging is concentrated on education, talents, creative performing arts, and personal thought.

The biggest thing involved in the State competition is the unbelievable personal growth of the local contestants.

Miss Holben related her experiences as the 1983 Branch County Junior Miss. It was necessary for Julie to write all of her school exams a week in advance since the State competition was during Coldwater's exam week. Although the two weeks were very demanding, it was a once-in-a-lifetime experience, and Julie recommended that all parents should encourage their daughters to compete.

Mrs. Carlson talked about the Branch County Junior Miss Program which is open to all Senior girls in Branch County Schools.

Thanks Bill for an enlightening program.

The Singingest Club in the U. S. A.

March 22, 1983

President Larry presided over the meeting. Invocation by Jim Troust. Songs were led by John Shea, ably assisted by Winnie at the piano. The Club sang "Jingle Bells" in recognition of the foot of snow on the ground this second day of official Spring.

Birthdays were celebrated for Terry Reen and Bill Milnes - and for Chuck Woodward in absentia.

Guests at this meeting were:
Rotarians: Gordon Martin, Bronson
Doug Brown, Bronson
Non-Rotarians: Mike Zebolsky and Nanette Hindbaugh, from CHS

(Surely, not everybody was tipped off as to our weather and went South?)

Bills for the Show should be in to Rich Holben pronto! Hal Sexton says there are some of you who haven't paid for your tickets as yet - incl. (shame!) Pres. Larry. Dave Rubley says two shirts haven't yet come back....someone suggested a rental of $5. per week....)

Early leavers - all 15 of them - left, with $15. being collected in "fees."

Jack Faulkner(welcome, Jack!) and Gary Kuckel fined everybody in sight for the Reporter's "Progress Edition." Santford Jolley let us know half of the ads were of his design and date from 1976(!!!).

Ken Elliott, in absentia, somehow managed to introduced Ralph LaGro, the program for the day. Ralph introduced Loren Bracy, Pres. of the CHS Board, to the Club.

Ralph described the overall problems besetting the CHS, esp. the drastic decrease in patient days in the last two years. Various graphs were provided in print and via opaque projector for the Club. The downward curve is first noticeable in 1978, with 1982 seeing a drastic reduction (down 12.7% over 1981). Two reasons for this trend are (a) the recession - about which nothing much can be done, and (b) the fact that patients are electing to go elsewhere(problems with physicians locally; lack of a specific specialty in our area; problems with the hospital per se) - about which we can do something. Ralph pointed out our core service area includes Coldwater, Bronson, Quincy, Union City, and Litchfield. If we successfully reach this core area, we will be well on our way to addressing our problems insofar as it lies with us to accomplish. Part of the problem is philosophical, i.e., how to run a "service" as an efficient business, and satisfy a diverse clientele. Ralph pointed out that average department cuts this past year amounted to about 7%, resulting in a budget reduction of $870,000. Since 65% of costs are labor, and direct patient care cannot be compromised, a few of the cut items were restored on second examination. Employing over 420 people, with a budget between $13 and $14 million a year and a payroll of $6.6 million, the CHS is a major factor in our local economy. 1983 Budget plans are below 1982 levels; and, if further reductions are necessary, a decision has been made to cut non-patient-care services first. The CHS market share share of potential market dropped from 71.2% in 1976 to 66.3% in 1980, with the largest drop being in OB/GYN. Ralph indicated we are now in an intensely competitive environment, with coming changes in Medicare payments likely to intensify market pressures. The Hospital Board has accepted this reality, and has targeted three area for physician recruitment: OB/GYN; PEDS; and INT. MED. A new marketing survey may be a useful tool at this time, as the Board looks to control what happens here rather than merely be swept along with events. A number of good questions were posed by members of the Club and ably fielded by Ralph. We're grateful for this informative program on a "hot" local issue!!

.....

A THOUGHT FOR THIS WEEK

There's a new deodorant on the market, according to reports. It's called "Vanish". After you apply it, you disappear, and no one knows where the smell comes from.

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

March 29, 1983

President Larry opened the meeting. Invocation by Jim Troust. Songs were led by John Shea and Winnie at the piano. The Club actually managed "God Bless America" without words. Next week, it's "Hail, Columbia," guys. Are you ready?

Birthdays were celebrated for Paul Thompson (in absentia) and for Dick Fitzgerald and Jim Koss. Congratulations, fellows!!

Charles Bacon insisted on sharing his horse herpes joke with the Club before his timely departure. As he left, he was presented with the only known instance of a Runner-Up-For-Man-Of-The-Year Award, complete with citation by Reb Turner.

Absentees were numerous:

Walt Balcom
Carroll Barnes
Bill Bobier
Jerry Boguth
Jim Conrad
Hal Creal
Bill Crotty
Dan Dean
Jerry Dearing
Larry Donay
John Dygert
Jim Endicott
Buzz Galliers
Chuck Geishert
Dennis Holcomb
Larry Iveson
Ralph LaGro
Bob Loose
Jim Lyon
Dan Magsig
John Milnes
Terry O'Connell
George Pierce
John Pierson
Chuck Putnam
Paul Ruse
Duke Sward
Paul Thompson
Bill Tyson
Dick Uhl
Lester Wise
Chuck Woodward
Jim York
Norm Youtsey

Rotarian guests were:

Dave Mihocko, Quincy
Mike Bodkins, Quincy
Barry Bender, Quincy
Gary Gillett, Marshall

Early leavers were reduced to four this week. (Unbelievably, four signed up and four left!)

Hal Sexton announced that there a few people still needing to pay for Show tickets(not including our President). Al Nelson says there is still some money outstanding for advertising as well.

Program Chairman Chet Graves introduced Wm. J. Luck, Safety Consultant to the Mich. Dep't. Of Labor. Bill has been in the field thirty years now and since 1972 has been in charge of the Safety Ed. Training Division for our area. Bill regaled the club with some excellent stories having to do with on-the-job injuries(the bucket of bricks story deserves to be written and handed out), and showed a short film on the SET operation in the State Of Michigan. 21 states at present operate their own safety programs, while the rest are handled by the federal government directly. In 1972, Michigan had an injury rate of 12.5%, which by 1982 had been reduced to 7%. Of the states having their own programs, this is the third best record and something to be proud of. Bill pointed to upcoming seminars at the BACC in April for supervisors and employees, and made numerous pieces of literature available to the Club. The services of SET are available free to any business; and, while the review that is conducted does not result in official citations from the Dep't. Of Labor, the business must agree to make good any noted deficiencies within an agreed time. We are glad to know this program is as effective it is, and to have these materials available to us. Thanks, Chet, for a fine program!

Remember: check your ROTARY REFLECTOR every week to see when your name comes up on the Program Chairman List. If you have a problem locating a suitable program, contact Vice President Ralph well ahead of time, as there <u>are</u> good programs available to you!

FROM THE WORLD OF NATURE...

...a tale about two caterpillars inching their way along a leaf. A monarch butterfly, on its journey down to Mexico, fluttered by

"Hey," said the one caterpillar, "did you see that?"

"Sure did," said the other. "And I'll tell you one thing. You'll never get me up in one of those contraptions."

.....

.....

FROM THE WORLD OF OPERA

A friend of ours, fresh back from Chicago, tells of the small boy in the seat next to him who asked his mother why the man was shaking a stick at the woman on stage.

"Shhhhhh," said the mother. "That man's the conductor and he isn't shaking the stick at her."

"How come she's yelling, then?" asked the small boy.

The Singingest Club in the U. S. A.

Rotary Notes - April 5th

President Larry called the meeting to order. The invocation was given by Jim Troust. Duke Davidson, assisted by Winnie Kornstien led the singing. Duke, who seemed to be warming up for another directorship of the Rotary show, led or challenged, as the case may be, the club in it's singing. Happy Birthday to Dale Treadwell and Chuck Woodward. Honest Chuck I looked in the old bulletins and we sang to you on March 22nd.

Welcome back to the snowbirds with the suntans Jim Conrad, John Dygert, Bob Loose, and Chuck Woodward. John looked like the only guy who found a warm beach and sun.

President Larry had the following announcements to make:
1. Paul Harris nite will be Tuesday May 3rd with dinner at the country club, $12.00 - $12.50, with three entres. There will not be a noon meeting this Tuesday.
2. Larry read a letter of resignation from Chuck Geishert, but assured the club that it would not be acted upon until the next Rotary year.
3. Larry reported that Ralph attended a meeting for all Rotary president elects, and they stressed club participation in the District 636 meeting at the Traverse City Hilton in May. Anyone interested see Ralph for a detailed brochure.

****

Ralph LaGro announced the following Rotarians have programs in April
4-12-83 John Klein,
4-19-83 Dick Fitzgerald
4-26-83 John Milnes

****

Gary Kuckel and Duke Davidson did the Sergeant - at - arms bit with their usual flair. I think some of the best hecklers must have been on vacation for the repartee with the club was off just a little.

Program chairman for today was Bob Kerr who introduced Stan Bushouse, principal of Coldwater High School. Stan's program was to report on two programs now active in the school system. Stan said that presently there is a program for career training for 9th grade students in the Coldwater system that has been so successful that it has been adopted by the Hillsdale and St. Joe County Schools. The second program was to announce that Coldwater High School was going to participate in the CloseUp Foundation, a forum for the involvement of youth in the federal government. The program, for a cost of $644.00 per student sends students to Washington for a week in May, so they can observe our government in a first hand way. It is a 6 day program where the students are involved from 6:30 A.M. to late in the evening. There are meetings with T.V. personalities discussing media events, meetings with legislators on constitutional law, and at the end of the day the students are broken up into small groups to discuss the events of the day. Stan was excited about the opportunities for students to observe government as it happens. Stan stressed that in the event of a real media happening the whole program format for the week could change and the students would be allowed to observe. from many angles, these events as they happen. Because of the high cost of the program there will only be 4 students attending this year from Coldwater, but Stan is hoping to solicit funds in the community in the next year to have a greater participation. Last but not least Stan was very complimentary of our fellow Rotarian Dick Fitzgerald, and said that he is starting to make things happen.
Thank you, Bob and Stan, for a very interesting program.

Don't forget to mail those makeup cards to Bob Rumsey after you make up a meeting.

The Singingest Club in the U. S. A.

April 12, 1983

The meeting was called to order by President Larry. Invocation by Jim Troust.

Songs were led by John Shea, ably accompanied by Mrs. Magsig.

There were no birthdays - except Terry O'Connell's skin (?!).

Guests were as follows:

Rotarians: Bob Baranowski, Quincy
Clarence Walters, Quincy
Gary Gillett, Marshall
Warren Wade, Bronson
Al Wiler, Bronson

Non-Rotarians: Julie Holben, CHS
Marc Siler, CHS
Tracy Variell, CHS
Kenneth Smoker
Steve Wheeler

Absentees for this meeting were:

Charles Bacon
Jim Conrad
Hal Creal
Dan Dean
John Dean
Ed DeVito
John Dygert
Jack Faulkner
Buzz Galliers
Steve Glover
Gar Kuckel
John Milnes
George Pierce
Paul Ruse
Paul Thompson
Jerry Towns
Bill Tyson
Jim York

(We understand Jim York is being re-tooled in Japan. Maybe this would provide a good program for the future?)

Fritz VanAken brought back some Club Banners from his peregrination through the Southwest. Thanks, Fritz!

Ray Fast introduced the Club to Pat Albright, a new member. Pat is a local farmer(south of Kinderhook) and manages some 1600 acres. His wife is a substitute teachers at CHS. Welcome to the Club, Pat!!

Dick Uhl introduced the Club to Gary Howe, a new member. Gary has been in Coldwater some 15 years as an optometrist. He and his family are well-known for their involvement in school affairs and sports. Welcome to the Club, Gary. We're glad to have you with us!!

Duke Sward, assisted by Terry O'Connell substituted for both Gary and Jack as Sergeant-at-Arms. Pat Albright paid his first Rotary fine for a tie featuring white pigs on a brown background. United Methodists - or at least as many as would own up- paid $1. for the newspaper ad placed by their Church in the Reporter last week.

Early leavers, of which there were more than enough, left....

Program notes: next week: Dick Fitzgerland
4/25: John Milnes

Program chairman for today was John Klein. John introduced Phil Lundy, former local resident now in Plymouth, Michigan. Phil told us, with the aid of some excellent slides, about the founding and activities of the "Yankee Air Force." The group has existed since August, 1981, with headquarters at Willow Run Airport, and brings together people from all over the area who are interested in the history, salvage, restoration, display, and flying of military aircraft of WW II. Membership in the organization costs $25. per year for a person or family. At Willow Run are a museum, library, and historical displays, as well as many of the actual aircraft owned by individuals or by the group. June 11 and 12, there will be an air show, featuring many of the old planes, as well as teams with modern aircraft; and the public is invited. Last year's event drew an amazing 65,000 people on a rainy weekend. Bob Seaman volunteered to share an accumulated treasury of photos of B-17's and B-24's with the speaker. The offer was gladly accepted. Thanks, Phil and John, for an excellent program!!

FROM THE HAUTE CUISINE DEPARTMENT

The diner in the restaurant called the waiter over to his table.

"This chicken," he said, "that I ordered; it has only one leg. What happened to the other?"

"Sir," said the waiter, it could be that he lost it in a fight."

"Well," said the diner, "take this one back and bring me the winner."

A TALE FROM THE WORLD OF MEDICINE

This is about the hypochondriac who told his doctor he was sure he was suffering from a fatal disease of the liver.

"Nonsense!" said the physician. "You wouldn't be able to know about that at all. With the sort of disease you're talking about, there is no discomfort at all."

"Aha!" said the patient. "Those are my symptoms exactly!"

And that, in turn, reminds us of the doctor who was telling the patient about the results of his physical examination.

"The good news," said he, "is that you are not a hypochondriac."

Rotary Notes April 19th - 1983

The meeting was called to order by President Larry. The invocation was given by Jim Troust. Songs were led by John Shea, ably accompanied by Mary Magsig.
Happy birthday and welcome back to Jerry Towns. There seems to me to be some correlation between the length of bankers vacations and the interest rate level.

Ralph Lagro reminded the club of the annual Paul Harris Award night on Tuesday May 3rd, at the Country Club, cash bar at 6:30, dinner at 7:15, $12.50 per person. Ralph also made the gentle reminder that once you sign up and if you don't cancel with him, you BUY the dinner. Remember there will be no noon meeting on that Tuesday.
Congratulations to Bob Kerr for 35 years of perfect attendance. It is a sobering thought to realize that Bob Kerr was eating Rotary lunches before John Shea was born.
President Larry asked club members to give a short sales pitch for the charity to which they wish the club to donate show money and the following were suggested:
1. Pat Carlson, Bill's wife, asked that money, but, no specific amount, be donated to the Junior Miss Pageant.
2. The Bronson Rotary Club asked that $100.00 be sent to a Girl Scout Camp near Marcellus.
3. Dennis Holcomb and his guest from the Battle Creek Junior Achievement requested a donation to Junior Achievement.
4. Dick Fitzgerald requested a donation to Project Close-Up to help high school students study government in Washington.
5. Dick White requested a $500.00 donation to the American Cancer Society to meet their county goal of $50,000.
6. Dick Uhl requested a donation to the Listening Ear - the substance abuse hot-line.
7. Hal Sexton requested $330.00 to build a tennis practice wall at Heritage Park.
8. John Milnes requested a unspecified donation for the Tibbits as their need is more acute than ever.
9. Jerry Towns requested a donation for the Downtown Business Association for Christmas lighting.

****

The sergeants-at-arms had a new twist this week. Jack Faulkner was there and Gary Kuckel was missing. It's hard to get those two together. The scholarship fund was a bit richer because the Milnes boys, the guys from Graphics 3, and Rich Holben and his daughter sat together.

****

Today's program was under the direction of Dick Fitzgerald who introduced himself, and then proceeded to talk about his favorite subject-quality education for Coldwater. Dick quickly reminded us that the millage vote is this coming Monday, and he needs our yes votes. The total millage package is renewal plus 2.15 mills for two years. The 2.15 mill extra will allow the school administration to replace the bus garage and also allow for 3.5% inflation in salaries and supplies. The extra cost to us will be $2.69/mo. on a $30,000 evaluation. Dick stated the annual school budget is over $7.5 million with a $6.5 million payroll, making the schools the counties 3rd largest employer. Dick emphasized that while a Gallup poll stated that discipline was the highest priority on parents minds, there were only 22 serious discipline problems in the schools, and 42.5% of the parents at Coldwater schools gave the schools an A or B rating. The kids in the schools today will spend most of their life in the 21st century, with the emphasis in business shifting from producing goods to producing information. Dick was elated to report that fall kindergarten enrollment was up from an expected 227 to 296 and still climbing. Dick stressed that without a good school system there can be no growth in a community, and there are no alternatives to quality education. Dick is encouraged by the recent interest of students in science and math courses to the extent he might have to provide extra teachers for these subjects. Needless, to say, Dick's main message is - see you all at the voting booth Monday, and lets give Coldwater kids the quality education they deserve.
Thanks, Dick, for a very timely program.

Ralph LaCro reminded the group of the Paul Harris Award Night next Tuesday evening at the Country Club. This will replace the regular May 3rd meeting.

The District Conference, May 13 & 14, is at the Grand Traverse Hilton and the Coldwater Rotary Show will be featured via video tape. President Larry offered a $100 supplement to any Coldwater member who might represent us at the meeting.

Board of Directors meeting will be May 5th.

Larry announced that Father Mann is home but is currently in the hospital; Jim Troust's mother passed away this week; (our sincere sympathy); Bill Tyson submitted his resignation due to lack of time. (We're going to miss you Bill, but happy to see an automotive turn around.)

The Gary and Jack Show followed. Gary explained the request list on the tables was for items meeded by Camp Kimball. They then proceeded to generate enough fines to prompt Larry to consider an increase in the supplement for a District Conference attendee.

John Milnes then introduced Bob Harris, President of Alliance Associates, who said he noticed several of his golfing partners were among the early leavers.

Bob told us that Alliance was founded in 1958 as a food broker, and currently represents 300 suppliers selling to 31 chains distributing to 5000 stores. Alliance's volume will approach $100,000,000 in 1983

Alliance had to make a decision last year, due to a need for expansion, whether they should move their headquarters to the warm confines of the South or stay in this area. They elected to stay in Coldwater as a result of the efforts of local government, local employeed and the proximity to their customer or distributor base.

Bob then went on to explain that national brands account for 80% of the goods sold in grocery stores, 12% are private labels or off-brands and 8% are generic brands. Approximately half are supplied by manufacturers directly and half are supplied through brokers such as Alliance.

There has been a significant change in the business in recent years with the information aspect of the business utilizing the majority of the employees. A real growth rate of 15% dictates more computorization in the future.

Alliances Marketing designs point of purchase materials, ad layouts, promotions and seasonal indexing. For retail,services include space allocation, display, analizing gross profit margin, competitions items, new items, inventory turnover and price level determinations. Computorization also comes into play in Product Procurement and analysis of the freight end of the business. Alliance is currently applying for truck broker licensing.

Thanks John and Bob for a very informative program.

It was good to see Rotarian Bob Man back from the south and out of the Health Center. He lead us in the day's prayer. Welcome back to God's country for the summer Bob.

Also back from the sunny (?) south is Rotarian Kenny Worden and our good friend Bill Smythe of Columbus, Ohio. Welcome back fellows.

****

A letter from Rotarian Chick Kennedy who is home after a stay at Mayo Clinic. Good to have you home Chick.

****

DISTRICT ROTARY CONFERENCE will be at Traverse City next weekend. Coldwater Rotary will be represented by Charles Woodward and Walt Fisher, who will be on the program to explain Coldwater Rotary Show as a worthwhile Rotary project.

Thanks to Jim Conrad and his Scholarship and Essay Committee for their fine work.

Scholarships were presented by President Larry at the Awards night to Paul Monks, Julie Hemker and David Youtsey.

The theme for the essay contest was "What One Achievement Should Rotary Accomplish for Our Community?" There were 35 entries and Coldwater Rotary received many good suggestions. The winners were:

Jocelyn Godfrey, $350.00
Karen Hart, $100.00
Stacy Sylvester, $50.00

David Youtsey was chosen to attend Camp Emery this summer as guest of Coldwater Rotary.

Jerry Towns, program chairman, introduced W. Haydn Ambrose, Director of Development, of Kalamazoo College. Mr. Ambrose was born in Wales, British Isles. He received his Bachelors Degree from Eastern College in Philadelphia, his Bachelor of Divinity from United Church of Christ Seminary in Lancaster, Pa., his Masters of Administration from Western Michigan Univ. Ambrose served as Chaplin and Professor of Religion at the University of Illinois; as Educational Consultant to the American Baptist Church, U.S.A.; and the past 16 years as Director of Development at Kalamazoo College. His topic was "Michigan's Private College's Impact on the Free Enterprise System."

Mr. Ambrose pointed out that a dollar which is given to independent colleges may be put to work in the business community many times over. When money is given or paid to an independent college, a portion is used in operating and the balance is invested in the economy.

In addition to the actual college investment, consider the amount spent was a student on living expenses; the amount visitor related expenditures in a college community.

He pointed out that during 1981-82, Michigan independent colleges and universities spent an estimated $57.7 million is costs related to visits alone. Multiplied by the Economic Multiplier, the impact exceeded $129.8 million.

Consider the increase in earnings by college graduates - a savings of $140,600,000 to taxpayers as independent college graduates pay their own educational costs.

A very enlightening program. Thank you Jerry and Mr. Ambrose.

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

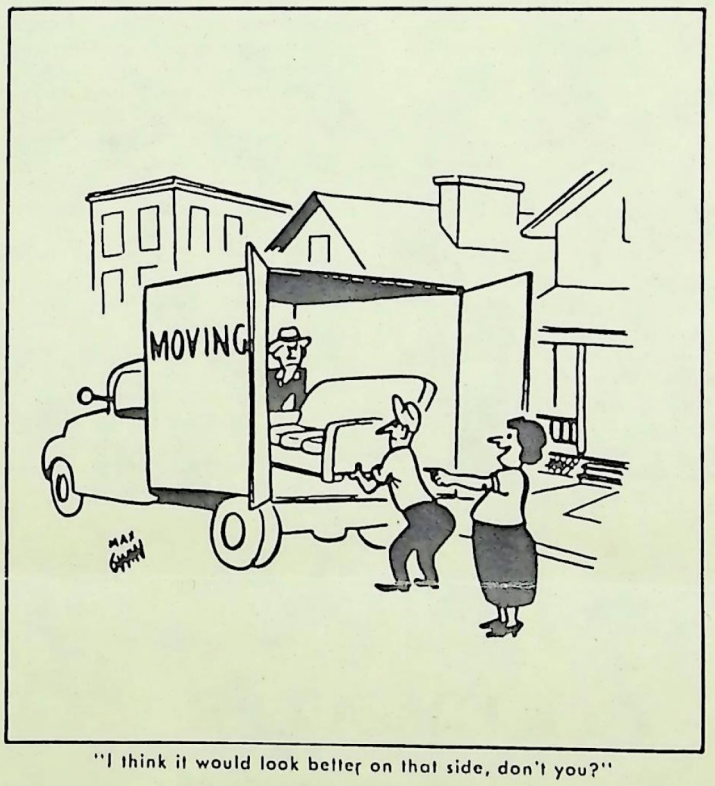
Rotary Notes May17th
The meeting was called to order by President Larry, and the invocation was by Jim Troust.
The singing was led by John Shea, assisted by Winnie Kornstein on both the organ and the piano. Good old John led the club in "This is my country" as a little departure from the songs in the book. We dorn near celebrated Bill Crotty's birthday but Bill was at one of those planned parenthood meetings and missed Rotary.

Rotarian guests were as follows
Ken Worden
Larry Hayes Bronson
Gordon Martin Bronson
Non-Rotarian guests were as follows:
Marcia Zeluff
Ken Thompson
Gary Hart
Absent members:

HalCreal	John Milnes
Dan Dean	Dick Moore
John Dean	Gil Patton
Chuck Geishert	George Pierce
Rich Holben	Chuck Putnam
Dick Hruska	Terry Reen
John Klein	Paul Ruse
Ralph La Gro	Bob Seaman
Dan Magsig	Norm Youtsey
Dean Mi lligen	

President Larry reminded the club that the Exchage Club was going to honor a Rotarian at their Book of Golden Deeds banquet on May 21st and that there are still tickets available.
Larry has also invited all of the past presidents of the club to lunch on Thursday noon May 26th. If you guys are lucky Larry made enough extra $$$$$ during family foot health month that he might buy lunch.
****
Sergeants Gary and Jack worked hard again for the scholship fund. Thanks to Bill Bobier, the winner of the fishing contest, and Dick Fitzgerald, whose classic remark, "If you don't have enough, come back" plus many others the club is giving more scholarships this tear.
****
President Larry, subbing for Ralph LaGro, who was absent because the wagons were circling down at the Haalth Center, made the following additional announcements.
1. Chock Woodward and Walt Fisher, representing the club at the District 636 meeting in Traverse City, brought back a Community Service Award to Coldwater.
2. At the next meeting on May 23rd the Rotary Show money will be distributed.
3. The winners of the Rotary essay contest will be at the meeting on May 31st
4. The program for next weeks meeting will be a expert on international politics and relations.

****
Al Nelson was in charge of todays program and he introduced Lt. John Kopacz the commander of the Coldwater State Police Post. The subject that John brought up was the formation of a Council of Child Abuse and Neglect. John stated in 1982 there were 200 reported cases of abuse and neglect, andafter investigation 100 of these were verified. Fortunately no deaths resulted from these cases. The council decided to form a suspected child abuse and meglect team. This team has no legal authorityand their goals are to 1. Establish a community awareness program. 2; Set up a crisis telephone line so people can get help3. Establish a education and publicity program. Presently the council is going to have a pancake breakfast and walkathon Saturday May 21st so lets all give them a hand. The council is soliciting $5,$50, and $250 memberships to help them with expenses. The council's goal is to develop a drop in center when families have a problem with their children, and also set up a information and counseling center hopefully with a paid director if the federal funds are available. Thanks Al and John for bringing us a very interesting and timely program.



"I think it would look better on that side, don't you?"

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

May 24, 1983

Meeting was called to order by President Larry. Invocation by Fr. Man.

Songs were ably led by Jerry Towns, pinch hitting for John Shea.

The Club celebrated the birthdays of Dick Biringer, Bob Seaman, and John Dean. (We'll get the other two when they show up.) Congratulations, fellows!

Today's guests included

Rotarians: Ray Ehl, Quincy
Bill Nimmo, Kendalville
Bill Smith, Lafayette
Ken Worden (who still feels like one of our own)

Non-Rotarians: Marcia Zeluff, CHS
Dawn LaMarche, CHS
Karen Hart, CHS
Stacy Sylvester, CHS
Ken Thompson, CHS

Absent Rotarians were

Hal Creal
Bill Crotty
Dan Dean
Larry Donay
Jim Endicott
Ed Geishert
Steve Glover
Bill Grimes
Larry Iveson
Dan Magsig
Bill Milnes
Fleming Pruitt
John Shea
Duke Sward
Lester Wise
Norm Youtsey

Jim Lyon was honored for nine years' perfect attendance. Congratulations, Jim!

Fr. Man regaled the club with a tale about Jews, Hindus, and Episcopalians. (We're glad to have Bob back again from Florida, but....)

The President reminded the club that Vice President Ralph will be leaving the community soon, and that we will need to re-organize with that in mind. Rotarian Ralph has given a great deal to our club and our community, and we wish him every success in his new position in Mt. Clemens!

Checks representing money from the Rotary Show were given to representatives of:

Tibbits Foundation
American Cancer Society
Junior Achievement
Listening Ear
Downtown Christmas Lighting

Sergeants Gary and Jack did their thing with an immense collection of newspaper pictures. The Scholarship Fund benefited mightily from contributions in honor of Walt Balcom, who received the Book Of Golden Deeds from the Coldwater Exchange Club(the fourth outstanding local citizen to be so honored). We are proud to have Rotarian Walt as one of our members, as we are to have Les Wise, who was honored previously!!

Early leavers betook themselves elsewhere....

Program Chairman for the day was Ralph LaGro. Ralph introduced Lt. Col. David Williams, USA(ret.). David was a Fulbright Scholar who served in the military during both the Korean and Vietnames Wars. He served as a White House Fellow in 1963. A specialist in unconventional warfare and counter-insurgency, he was posted to South Asia, Africa, the Middle East, and the Caribbean Basin. From 1972 to 1976, he served as anti-terrorist advisor to SHAPE. He has been awarded the DSC and five purple hearts. In 980, Gov. Milliken appointed him a member of the Mich. Organized Crime Commission. He currently serves as Exec. Vice President of the Mich. State Podiatry Association and is active in Rotary in his home town of DeWitt, Michigan.

Col. Williams spoke briefly about the typology of Adm. A.T. Mahan; viz: heartland vs. periphery strategy. He pointed to 1962 as a turning point in the history of modern international relations: until then, the USSR had operated from the stance of a heartland power(like Germany or Israel); after that, it began to operate more and more on the periphery model(like Britain). The key event was the Cuban Missile Crisis; and the chief earmark today, the growing Soviet Navy. Today the USSR seeks to move out from an inner circle of influence (Ethiopia, Afghantistan) to a far-removed outer-zone(Granada, Libya, etc.). David quoted Winston Churchill's Fulton,Mo.,speech to the effect that "The Soviet Union reacts positively to power," i.e., backs down if confronted in force. Hence the necessity of our having a credible military capability. Col. Williams does not believe that we will be involved in the forseeable future in a nuclear war with the USSR, for the simple reason that no rational person on either side wants it. Yet we will go on having wars, and we will need to be willing to confront the USSR in what we judge our own sphere of influence. Thanks, Ralph, for an excellent program!

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

Rotary Notes May 31st.

President Larry called the meeting to order and the invocation was given by ex-Coldwater Rotarian Dave Pierce.

****

Singing was led by John Shea, assisted by Winnie Kornstien. With Winnie's upbeat tempos and John's selection of some songs not from the songbook it makes for a lively song session. John announced there were no birthdays to celebrate, and since Dave Rubley let that remark go by it, must be true.

****

President Larry had the following announcements:
1. A great big Coldwater welcome for Dave Pierece's returning for a visit while he is still in seminary (only 750 more days as per Dave). Let's all hope that some Branch County church needs Dave two years from now for it would be sure nice to welcome him back permanently.
2. Larry announced a Board of Directors meeting for this Thursday evening at 7:30 at his house.
3. Be sure and attend the Branch County Flying Club Fly-In Breakfast this Sunday, June 5th and watch Rotarians Bill Grimes, Hal Sexton, and Chuck Woodward participate in the 1st Great Hot Air Balloon Race.
4. Congratulations to Reo Goodwin on being elected Branch County Senior Citizen of the year.
5. President Larry also asked all the club members to evaluate their attitudes on early leaving. We should give consideration to the Rotarian who has the program and plan to stay that extra half hour.

****

The sergeants, Jack and Gary, did their usual good job for scholarship, but the club applauded loudly when it was mentioned that Dave Pierce might substitute for one or both of them. It was a bit much for Hal Creal to put in $5.00 for scholarship, but when you have a mental Health dude from Lansing as your guest not even Hal wants to look less than prosperous. I hope that Jim York tells Susy that he has embraced polygamy as Jack Faulkner tried to marry him to some Barbara York in the paper.

****

Absent Rotarians were as follows:

Carroll Barnes	Larry Donay
Dan Dean	Walt Fisher
Jerry Dearing	Bill Grimes
Gary Howe	Al Nelson
Bob Loose	John Pierson
Jim Lyon	Chuck Putnam
Dean Milligan	Craig Sebald
Lester Wise	Chuck Woodward

****

Editors Note - The list of Rotarian and non-Rotarian guests for this week are not available. I think they were erased like the Nixon tapes.

****

Program Chairman Ralph Lagro announced that the following Rotarians have programs in June.
June 7th .....Fleming Pruitt
June 14th.....Dave Rubley
June 21st.....Paul Ruse
June 28th.....Bob Seaman
You fellas with programs in June and July contact Ralph and let him know what the program is going to be and he will see that it gets publicity. Also, if you don't have a program he has some that he might suggest to you.

****

President Larry introduced this weeks program which was the winners of the essay contest. Prior to the introduction of the winners Larry read with tongue-in-cheek a few other suggestions for future Rotary projects: give money to the jobless, finance a softball program, and endow 5 acres for the kids to "jam down" in without police interference! President Larry then proceeded to introduce the $50.00 winner, Stacy Sylvester. Stacy's suggestion for a future project was a Y.M.C.A. for Coldwater as a place for kids so that they could recreate and stay out of trouble. The $100.00 winner was Karen Hart. Karen's suggestion for a future Rotary project was to fund a Bavarian week, the week before Coldwater has it's annual exchange with Soltau, Germany. The $350.00 winner was Jocelyn Godfrey. Jocelyn's idea was to have Rotary sponsor a Child Abuse Awareness program. These young people gave a lot of thought to their essays and the suggestions they made were excellent. Congratulations to Jim Conrad's committee for their help in making the selections, and to George Pierce for a very interesting program.

Did you here the one about the Swede who declined the street peddler's attempt to sell him pornographic literature by saying "I don't even own a pornograph!

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

June 7, 1983

The meeting was opened by President Larry. Invocation by Jim Troust. Songs were led by John Shea, avly accompanied by Mrs. Kornstien. (By some strange chance, we sounded remarkably good on the first number....)

Congratulations to Jefferson Davis, whose birthday falls on June 3rd!

The Club honored Jim Conrad on his birthday.

Ken Worden doesn't want to be considered a visitor any more. Hence, of course, he was fined.

Guests were introduced as follows:

Rotarians:
- Bill Smith, Lafayette, Ind.
- Kent Miller, Bronson
- Bill King, Quincy
- Jerry Hollister, Bronson
- Jim Wibby, Portage
- Ken Worden(who really isn't from Florida)

Absent for today's meeting were:
- Pat Albright
- Jerry Boguth
- Bill Carlson
- Barry Case
- Hal Creal
- Dan Dean
- Ed DeVito
- Ray Fast
- Jack Faulkner
- Wm. Galliers
- Gary Kuckel

- Chuck Putnam
- Hal Sexton
- Howard Taylor
- Paul Thompson
- Reb Turner
- Fritz Van Aken
- Jim York

President Larry announced that the Board has acted to elect John Dygert to its membership as a replacement for Ralph LaGro. The title of Duke Sward will shortly be "President-elect."(Other terms were proposed.)

The District Governor's Monthly Newsletter cites Coldwater for the Community Service Award, recognizing the Show we have put on for over thirty years. We were also second in number of new members among clubs in the district(a fact the official record will shortly reflect).

The Board honored the request of Little League for help with a sign.

President Larry reported we are within budget at this time and will finish the year in the black.

Members are reminded of the important School Election is coming Monday, June 13th.

Dick White regaled the Club with an announcement about the forthcoming MSU Alumni Assn. Golf Outing. (It really wasn't supposed to be funny!!!)

Ersatz Sergeants Duke Sward and Steve Glover did their thing very effectively, even without benefit of newspaper clippings.

Early leavers, all three of them, took their leave....

Vice Pres. Ralph reminded members that next week's program, under the direction of David Rubley, will be a follow-up of the Project Close-up as particpated in by several CHS students.

Ralph introduced Fleming Pruitt, who was his own program. Fleming made us aware of what is happing in his firm, R B & W Powdered Metals, here in Coldwater. They have built a thirving business on innovative engineering of powdered metal products.
Fleming reports the company will show record sales and profits for the past six month period. The local operation overall is at the level it was 4 years ago, even adjusting for inflation (100 employees vs. 120 then, allowing a higher % of management and professional engineering people at present).
The company's customers are spread over the entire country (Ford is #1; John Deere, #2; Fisher Controls, #3; Fedders, #4). Fleming showed us a variety of components created by powdered metal technology, and explained something of the actual process. Major competition for the firm comes from casting/machining contractors; but R B & W. has been able to maintain a competitive edge which has allowed them to grow and expand. Fleming forsees continued growth in his sector of the overall corporation, based on its impressive financial performance. Our thanks for an excellent program!

.....

ABSENT-MINDED PROFESSOR TALE

Does anyone remember the innocent times when these things abounded? These days college professors are taken very seriously indeed, which, all things considered, is sort of a shame.

Anyway, this one is about the professor, on his way out of a lecture, who asked the students if anyone had seen his hat.

"Uh, sir," said one of them, "you're wearing it."

"Well, so I am," said the professor. "Thank you. If you hadn't seen it, I'd have gone home without it."

Rotary News June 14th

The meeting was called to order by President Larry. The invocation was by Jim Troust.

Songs were led by John Shea, ably assisted by Winnie Kornstein. The club did so well on the 2nd and 3rd verses of the Star Spangled Banner we could almost see the fireworks over Fort McHenry.

*****

President Larry must have had an ingrown toenail or something on his mind for he darn near forgot to introduce the guests. With the contribution to the scholarship fund we moved smartly along.

*****

Rotarian guests were as follows:

Leo Sanderson	Jim Wibby
Brent McConachie	Clarence Snyder
Bert Ward	Ken Worden
Dick Greathouse	Ed Geishert Jr.
Bill Smith	Jim Eley

Non Rotarian guests were as follows:

Kay Mollenkopf	Stan Bushouse
Chris Mollenkopf	Brent Tompkins

Absent Rotarians were:

Dick Beringer	John Milnes
Bill Carlson	Bob Nagle
Barry Case	Chuck Putnam
Hal Creal	Dave Rubley
Dan Dean	Howard Taylor
John Dean	Jerry Towns
Ed DeVito	Howard Turner
Dick Fitzgerald	Dick Uhl
Ray Fast	Dick White
Reo Goodwin	Jim York
Dennis Holcomb	Norm Youtsey
Jim Koss	Charles Young
Gary Kuckel	Mark Maire
Dean Milligan	

*****

The sergeants-at-arms, with Carroll as the bagman for Jack Faulkner did their usual good stint for scholarship. But it was a bit tacky to accuse Duke Sward of sitting with his friends when he was alone at the table. Rumor has it that when Duke wants a friend he goes over to the Carriage Inn to see Hal. The balloon people came in for quite a few jabs, along with Carroll Barnes for identifying the wrong child of Paul Thompson. All in all Carroll and Jack did a good job.

*****

Early leavers left, but unfortunately the number this week was considerably more than last week.

*****

Program chairman Ralph Lagro announced the following Rotarians have the last two programs in June

June 22nd Paul Ruse

June 29th Bob Seaman

If you guys will let Ralph know who your speaker is we will try tp get them a little advance publicity.

*****

Ralph Lagro introduced the program today in the absence of Dave Rubley, who was on hospital C.E.O. duty. Ralph introduced Stan Bushouse, principal of Coldwater, High, who participated in Project Close-up- the 7 day trip to Washington D.C. for high school students. The students, Chris Mollenkopf and Brent Tompkins decided the best way to explain what went on was to give a day by day accounting of their time. Sunday was spent in flight from Lansing to Washington, and then some sight seeing including the Smithsonian, a ride of the subway and finally to the motel in Arlington Va. Monday the kids were broken down into groups of 20 with color coded badges to keep them straight. Chris said that their roomates at the motel were black girls from some New York City bouroughs, and that that was an event in itself. Monday was spent visiting the Dept. of Labor, and then an interview with a lobbyist at the Dept. of Health and Human Services. There also was a bus tour of little known spots in Washington, followed by a meeting with Congressman Siljander. Tuesday the agenda called for visits to the Education and Labor sub-committee. The balance of the day was spent meeting Senator Levin and Congressman Wolpe and then a twilight tour of the capital. Stan Bushouse stressed that the day began for these kids at 7:30 and did not end until 11:30 at night. Wednesday was spent with a choice of 4 topicals from the program instructors and Brent chose Vietnam, which was discussed in great detail. This was followed by a discussion of the duties of the president, and then a session on the judiciary, with an after dinner workshop on the events of the day. Thursday was international relations day featuring a trip to a choice of 4 embassies, and Brent chose Zambia. This was followed by a seminar on defense, and a play at Ford's theatre at night. Friday features a V.I.P. tour of the White House and then free time until 6:30 when the kids were feted at a dinner and a dance. Saturday was a travel day with everyone home by 3:30. All in all it sounds like the trip of a lifetime that must have been exhausting. Thank you Dave for bringing us this interesting program.

The Singingest Club in the U. S. A.

June 21, 1983

The meeting was called to order by President Larry. Invocation by Jim Troust. Song Leader was Jerry Towns, with Winnie at the piano.

Birthdays were celebrated for Reo Goodwin(who is in Oklahoma) and for Craig Sebald(who is not in Oklahoma). Congratulations, fellows!

Guests were as follows:

Rotarians: Bill Smith, Lafayette, Ind.
Wendell Hathaway, Bronson
Barry Bender, Quincy
Dick Spaulding, Quincy
Clarence Snyder, Bronson
Jerry Hubbard, Union City
Doyle Hoopingarner, Rockford
Dean Todd, Jackson

Non-Rotarians: Ron Reagh

Bob Rumsey was honored for twenty-three (count them, 23!!) years perfect attendance. Les Wise says the dates from before he was born...

David Rubley introduced our newsest member, Dick Guisinger, who has opened a dental lab located on Marshall Street. Welcome, Dick, to our club!

Duke Sward somehow wound up subbing for Gary (where IS our City Manager, anyway?) and Jack(the other half of the "Now-You-See-Me, Now-You-Don't Twosome).

President Larry reminded members the Annual Golf Outing will be at Gull Lake Country Club Monday, August 1st, with an inclusive cost of $45($55. with cart). If you're interested, see Rich Holben.

Early Leavers, including our out-going President, left.... They were numerous.

Vice-President Ralph indicated that next week's program is under the direction of Bob Seaman.

This week's program was in the capable hands of Paul Ruse, who has returned to Coldwater from a spring stint of volunteer work in the Southwest. Paul and his wife, having officially "retired," took on a two-month stint at Indian Rehabilitation, Inc., in Phoenix, Arizona, under the auspices of World Brotherhood Exchange. The facility is located in downtown Phoenix and is the only residential treatment center for native American alcoholics in the city. It has a success rate of 35-50% and specializes in 5-13 week programs which include individual and group counseling, religious awareness training, education, and participation in AA. Paul showed a number of slides which illustrated the considerable work he, his wife, and other volunteers accomplished in restoring the facility to livable shape and meeting building codes. The effort was complicated by the fact that the volunteers not only had to organize the labor but also find and finance the necessary materials(like a $2,000 stove hood!). Paul anf his wife were nicely housed 5 miles from the facility while they worked there, a situation not enjoyed by all of the volunteers they visited: one slide showed a sun-bitten trailer sitting in the middle of nowhere, surely not somebody's idea of comfort.... One interesting sidelight is the fact that the facolity Director is Dan Devine's daughter, who married an Indian. Paul ncouraged members of the club who are retired to investigate volunteer options like this one "before you hang it up." Thanks, Paul, for a provocative and interesting program!

FROM THE GERIATRICS DEPARTMENT

This is about the older lady who inquired about a solarium treatment which had been recommended to her by one of her friends.

"It will make you ten years younger!" said the director. The lady thought that one over for a bit.

"Oh, dear," she finally cried, "that's going to affect my social security payments!"

.....

Scientists have discovered so many substitues that it's hard to remember what was originally needed.

About the time a man gets his temper under control he goes out and plays golf again.

Speak well of those who are your enemies. Remember . . . you are the one who made them.

The best way to lose a friend, is to tell him something for his own good.

A friend is a person who goes around saying nice things behind your back.

A true friend is one who thins you're a good egg, even though he thinks you're slightly cracked.

Dues can be sent to Coldwater Rotary, Box 42 or given to Ernie Luse.

The COLDWATER Rotary REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

Rotary News June 28th, 1983

President Larry called the meeting to order, and the invocation was by Father Man who asked for a moment of silence to remember Connie Swart, who passed away this past week.

****

Singing was led by John Shea, assisted by Winnie Kornstein. I am sure that he will have a lot more fun as co-sergeant-at-arms. Happy birthday to Gil Patton and Larry Donay. John Shea said (tongue-in cheek) that they are the same age, but some wag commented that Gil didn't look that old.

****

President Larry, subbing for program chairman Ralph LaGro who was off being a grandfather again, announced the following Rotarians have programs in July:

July 5th Craig Sebald
July 12th Howard Teeter
July 19th Jerry Towns
July 26th Jim Troust

As of this writing we are not sure as to the program content for these Tuesdays, but rumor has it Howard Teeter is negotiating to have Walter Mondale and Mark Siljander debate the propriety of President Reagan using the Jimmy Carter material in the televised debate.

****

Rotarian guests were as follows:

Ken Worden	Lakeland South
Jim Wibby	Portage
Bill Smith	La Fayette, Ind.
Steve Dobson	Quincy, MI

Non-Rotarian guests were as follows:

Ray Williams
Bill Smith Jr.
Phil Smith

Absent members:

Charles Bacon	Dean Milligan
Carroll Barnes	John Milnes
Bill Carlson	Gil Patton
Dan Dean	Chuck Putnam
Jerry Dearing	Paul Ruse
Ken Elliot	Craig Sebald
Jack Faulkner	Hal Sexton
Steve Glover	Howard Turner
Ralph LaGro	Chuck Woodward
Gary Howe	Norm Youtsey
Dan Magsig	

****

There was no Jack and Gary show today, and in all due respect to those two guys they did a helluva job for the scholarship fund in this past Rotary year. I am sure they are both looking forward to not having to do all of that preparation for their part of the program. Good job well done, Jack and Gary.

****

President Larry gave out lots of compliments to all of his directors and committee members who helped him provide the leadership for the club during his year. I am sure that Larry, like all other presidents, came to realize how many people giving lots of their time it takes to have the Coldwater Rotary club have a good year.

****

President Larry, in the absence of the program chairman, introduced Bob Seaman who had the program for today. Bob's program was Jim York, who spoke to the club about his recent 16 day business trip to Japan. As most of you know, Jim is general manager of Voltek, a sheet foam manufacturer in the industrial park south of town. Jim is from Ashville, North Carolina, home of the Vanderbilts as some of you old Republicans will remember. Jim has been in Michigan for 10 years and Coldwater for 5 years, but the Southern accent sounds like yesterday. The purpose of Jim's trip was to see how they make low density polyethyleen foam in Japan, but his stories of putting his 6ft. 3in. 225lb. body in a country where everything from taxicabs to beds and toilets are designed for people a little over 5 ft. were hilarious. Jim's word pictures of coping with a hotel room without closets and where he could almost touch both walls at the same time were hysterical. Jim had some very good slides and pictures of the Japanese shrines he visited, and he described his very emotional experience at Hiroshima, where the atomic bomb was exploded. Jim was impressed by the punctuality of everything in Japan, and also with the cleanliness of the country. I especially enjoyed his stories about the "pushmen" on the subways. All in all it must have been a very enlightening trip. Thanks Bob, for having Jim present his interesting insights into modern-day Japan.

What did the Dane call his cocktail of Vodka and Milk of Magnesia?
"A Phillips Screwdriver"

"Well, that makes me 8 up on you -- yes, sir, there's nothing like playing with a salesman with brains!"

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

ROTARY NOTES JULY 5th

The meeting was called together by President Larry. The invocation was by Father Man. Songs were led by our new song leader Jerry Towns, who had a look of pleased unbelief at the quality of the singing. I am sure he felt that if he blinked the club would turn into the Morman Tabernacle or the Vienna Boys Choir. Mary Magsig did a fine job on the accompaniment. I am sure the heckling by John Shea was directed to Jerry and not to Mary, but I guess it shows that old song leaders get a little testy when they complete their assignment.
Happy Birthday to Flemming Pruit and Larry Donay.

*****

Rotarian guests were as follows:

Walter Metzger	
Bill Smith	LaFayette Ind.
Dave Foster	Marshall
John Worth	Quincy
Doyle Hoopingarner	Rockford
Jerry Hollister	Bronson

*****

Non-Rotarian guests were:

Nick Hollister
Larry Howard

Absent members were as follows:

Carroll Barnes	Bob Loose
Bill Carlson	Dick Moore
Barry Case	John Pierson
Jim Conrad	Chuck Putnam
Hal Creal	Bob Seaman
John Dean	Howard Taylor
Larry Donay	Jim Troust
Buzz Galliers	Les Wise
Bill Grimes	Norm Youtsey
Dick Hruska	

*****

At this point of the program President Larry turned over the gavel to Rich Holben as part of the annual changing of club officers. This was followed by a standing ovation for Larry for a job well done and then President Rich presented him with a past President's badge.
Rich read the club a thank you note from Donna Youtsey for the flowers sent during her recent hospital stay. Rich also reminded the club that anyone interested in participating in the annual District 636 golf outing to let him know.

*****

President Rich introduced the new sergeants-at-arms, Steve Glover and John Shea. Steve and John went into great detail on their guidelines for fineable circumstances in 1983-84. With those ground rules firmly in mind, the club ought to be able to fund a full-ride scholarship to any Ivy League school. Who ever heard of a "bounty" for newspaper items that are brought to their attention or finding pictures and articles from the newspaper that are not current or sliding scale for fines based on either income, or age, or or or?????. I challange all of you to come next week and see if they can top this week's performance.

*****

President Rich made the traditional call for early leavers and the whole club jokingly made a move for the door. Unless you want to see a grown man cry, I would suggest that we all are a little more subtle next time.

*****

Program chairman Duke Sward mentioned that the following Rotarians have the programs for July and August

July 12 Howard Teeter (Rumor has it that Howard is going to use the Tibbits speakers bureau for a Tibbits progress report.
July 19 Bob Nagle
July 26 Jim Troust
August 2 Gerry Boguth
August 9 Bill Grimes
August 16 Dick Uhl
August 23 Les Wise
August 30 Chuck Woodward

*****

President Rich decided that he would let Craig Sebald "off the hook" on a program today. Rich had discovered a plot to show a 1/2 hrs. worth of Chuck Bacon's slides on the Danube! Instead Rich explored the idea of a stag nite this summer. All you guys with lake cottages, boats etc, the line forms at the right to volunteer to host this in August. Rich is also interested in input for a possible "ladies nite" in the spring that would interest more club members and their ladies. Let's let him know what you would like.

*****

The meeting closed with a benediction for Chris Boland Tire Co. and the Goodyear Blimp.

*****

Watch for the T.V. special in the fall on the "Mission Impossible" theme. The story is about trying to give a Polack a bath.

Did you here about the Swede who only put one snow tire on his car because winter was 1/2 over?

"You're in the wrong line — the cashier is this way."

(Remember your make-ups, everbody!)

Sergeants Steve Glover and John John Shea did their thing. The week's awardee of the "This Is Your Life" saga was Charles Bacon, who donned the red and white athletic shirt and reverse-letter hat denoting the distinguished recipient.
John Shea produced a 1953 newspaper item regarding Walt Balcom and baseball in Coldwater(even then he was involved!!)....

Early leavers were allowed to exit for a $1. fee.

Announcements of forthcoming events:
(1) Dan Magsig put in a plug for for Togetherness 83, the Christian Music Program scheduled for July 23 from 6 to 11 P.M. at the Fair Grounds. Tickets are available at Taylor's and at T-Shirt Alley @ $5. each.
(2) Financial reports for 1982/3 were prepared and distributed today. If you need a copy, see Ernie Luse.
(3) President Rich invites members' input re: the Stag Outing planned for August.
(4) Programs coming up:
Next week: Bob Nagle, who will bring his wife to speak about Listening Ear.
Following week: Jim Troust, who will have Bonita Hoffner to speak about Substance Abuse Services Of Branch County.

Program Chairman for today was Howard Teeter, who brought Tibbits Opera House to the Club, in the form of Director Barbara Burkhart. Barbara outlined the musical/dramaric line-up for the summer: NEVER TOO LATE; PIRATES OF PENZANCE; ON GOLDEN POND; GYPSY; THE MIRACLE WORKER. Barbara introduced Wendell Kindberg at the piano, with singers Colleen Downey, Peter Gunther, and Cindy Ballard. The singers presented pieces from the production, "Pirates Of Penzance": "Poor Wandering One," "When Frederick Was A Little Lad," and "Stay, Frederick, Stay." The Club responded with enthusiastic applause, and we are grateful for such a bright, change-op-pace program. If you haven't bought tickets yet, now is the time!

Bill Smith shared the following with us from Vern Vanderbilt, Jr., Dist. Governor of 656 (1982/3):

One Governor's Thoughts About The Rotary Gear:

The indiv. gear tooth is selected for quality, precision, and service - as a Rotarian is properly selected.

The teeth must be placed correctly around the gear for it to function - just as a member is placed on the Rotary team to work together.

The tooth is profiled to fit an involute curve for efficient operation. The involute is defined as a curve with an ever-incr. radius; thus the area under the curve is ever-imcr. - as Rotary Clubs around the world are growing.

There are 24 teeth of the Rotary Emblem - as there are 24 hours in the univ. time system on the planet earth.

The mechanical gear is set by an impedence matcher, matching prime mover to load. And the Rotary gear represents a matcher of Rotarians to the objects of Rotary. As the load is fitted to a prime mover through a mech. gear set, so the Rotary gear matcher makes our work lighter through the co-op. of all Rotarians.

President Rich opened the meeting. Invocation by Bob Mann.

Songs were led by our "Good Ole Wisconsin Grad", Jerry Towns, ably assisted on the piano by Winnie Kornstien.

There were four birthdays celebrated, Barry Case, Steve Glover, Fred Anderson and Larry Dunworth...with only Barry Case not present to listen to a beautiful rendition of Happy Birthday sung by the club.

Guests for today were:

Rotarians: Bill Smith, Lafayette
Ray Ehl, Quincy
Clyde Williams (Past president of our local club)
Barry Bender, Quincy
Larry Hagen, Bronson
Alan Davidson

Non-Rotarians: Howard Garthwaite

Absent Rotarians:

President Rich presented Craig Sebald with a pin for 25 years of perfect attendance. Congratulations Craig on this special accomplishment and keep up the good work.

Announcements:

(1) President Rich read a thank you from Janet Uhl.

(2) President Rich asked that all committee reports be turned into him or the committee chairman on or before August 1st.

(3) Gary Kuckel also made note that the pre-season polls had Notre Dame's football team picked as the No. 1 team in the Nation. (Without a fine I might add)

Dick Uhl spoke up...not to let Gary get to far out of line...and stated they were a sentimental choice only. Go Blue!

Sergeants Steve (Frick) Glover and John (Frack) Shea did their usual fine job of emptying the pockets of their fellow Rotarians. John introduced Chuck Bacon who presented this week's "This is your life" award to Jerry Towns.

Early leavers were excused for the fee of $1.00.

Duke Sward announced the programs for next few weeks.

August 26 - Jim Troust
August 2 - Duke Sward
August 9 - Bill Grimes
August 16 - Dick Uhl
August 23 - Les Wise
August 30 - Chuck Woodward

Today's program was introduced by Duke Sward, in the absence of Bob Nagle. He introduced Elaine Moore and Sue Nagle who informed us of Listening Ear, which is a telephone crisis line manned by a group of trained volunteers. Their purpose is to provide crisis intervention at the time of day when most agencies and helping organizations are closed. The Listening Ear crisis line is open from 8:00 p.m. to midnight, a time when problems often intensify.

The volunteers try to make callers aware of the facilities and programs available to them when dealing with a crisis situation and it's related problems. The volunteers respond by listening and caring, and often make referrals to the appropriate agency or facility.

Because the Listening Ear is a non-profit organization, they have to depend on donations from individuals and organizations as well as financial aid from the United Way. Recently Listening Ear received contributions from Sigma Phi Gamma and the Coldwater Rotary Club. They have approached many different groups, either for direct aid or help with fund raising. They have just recently initiated a Friends of Listening Ear. Through this program they are asking individuals to join Listening Ear for five dollars a year. Friends of Listening Ear are informed with four newsletters per year and an annual meeting. These "Friend" can help them become better known in the community by telling others about the Listening Ear organization, always in need of volunteers to man the crisis line. Thank you Elaine and Sue for a most informative program.

Meeting was adjourned.

The Singingest Club in the U. S. A.

July 26, 1983

The meeting was called to order by President Rich. Invocation by Bob Man.

Singing was ably led by Jerry Towns. We celebrated the sole (but glorious) birthday of Rich Hruska.

Guests for this meeting were:

Rotarians: Bill Smith, Lafayette
Pete Putnam, Lafayette
Web Carlson, Constantine
Bill King, Quincy
Wes Feigert, Findlay
Jim Eley, Bronson
Ed Geishert, Quincy
Dick Spalding, Quincy

Non-Rotarians: Bonita Hoffner

Absent Rotarians were:

Barry Case
Hal Creal
Ed DeVito
Larry Donay
Ray Fast
Chet Graves
Gary Kuckel
John Martinen
John Milnes
Al Nelson
Charles Putnam
Paul Ruse
Lester Wise
Larry Woodhams

Sergeants John Shea and Steve Glover ably relieved several Rotarians of cold cash.

Jerry Towns made what he called The Odorous Award to Jim Koss, Sewer Suzerain, Toy Tycoon, notable owner of diverse prominent properties....

Announcements included the following:

(1) Craig Sebald reminds us that 22 Remiss Rotarians have not paid their membership dues as of today.
(2) Next Tues, a Board Meeting will be held at Pres. Rich's house at 7:30 P.M.
(3) Harold Card was honored for seven years' perfect attendance.

Eleven early leavers were allowed to go for a mere 50 cents each.

Program Chairman for today was Jim Troust. He introduced Bonita Hoffner, Exec. Dir. of Substance Abuse Services of Branch County. Bonita began her presentation by indicating some general features of alcoholics' situations: most have had one parent who has an alcohol problem, or are from homes with stringent teeotoal convictions. In either case, to real role model exists for reasonable social drinking. An esp. important factor seems to be the age when problem drinking begins: most responsible social drinkers begin between 14 and 20; those who begin earlier or later tend to have far more problems. Most people with alcohol problems are deeply into denial and rationalization; therefore, no one does such a person a favor by covering up the situation or refusing to face it. Control is the key issue: who is in control: the drinker or the drink? Is your drinking a free choice or a compulsion? Bonita shared with us several oft-repeated rationalizations: (1) I'm not a skid row bum! (2) I never drink before 5 P.M. (3) All I drink is beer. (4) I only drink on weekends. (5) I'm too young to be an alcoholic. (6) I can quit any time I want. I've done it before! (7) I had some buddies over; that's why we drank so much.... The point is: an alcoholic can't control what's happening; for him, drink is a drug, not a beverage. Bonita shared something about the services available through the Substance Abuse Agency, its funding, and third-party payment of fees. Several Rotarians asked questions, which were ably fielded. Thanks, Bonita, for an excellent program!

There are two types of people who say very little; the quiet ones and the gabby ones.

Fighting pollution may be too big a project for a people who can't figure out why all that dust accumulates under a bed.

After a ship has been sunk, everyone knows how it might have been saved.

Shared joy is double joy and shared sorrow is half-sorrow.

It is better to say "thank you" and not mean it than to mean it and not say it.

A lot of good would be accomplished in this world if nobody cared who got the credit.

Thank you, Wilda! Buck and a half for the booklet. A real bargain.

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

August 2, 1983

The meeting was called to order by Pres. Rich. A moment of silence was observed in memory of John Shea's father. Invocation by Jim Troust.

Singing was led by Jerry Towns, with Winnivere Kornstien at the piano. We celebrated John Klein's birthday.

Guests for today were:
Bill Smith, Lafayette, Ind.
Leo Sanderson, Quincy
Clarence Walters(alias Snyder)

Absentees for today's meeting were:

Charles Bacon	John Martinen
Barry Case	Terry O'Connell
Bill Crotty	Gil Patton
Fred Culy	Geo. Pierce
Larry Donay	Chuck Putnam
Jack Faulkner	Paul Ruse
Ed Geishert	Bob Seaman
Bill Grimes	Craig Sebald
Larry Iveson	Hal Sexton
Gary Kuckel	Howard Taylor
Paul Thompson	Norm Youtsey

Fr. Man told the Club that today is Leo Sanderson's 53rd wedding anniv. The membership gave Leo a warm round of applause.

Pres. Rich announced that the "Co-ed. Stag" (?) will be held Sat., Aug. 27, at Rubleys' country place. We won't recount what was said about who would pay for this outing....

Sergeant Steve, ably assisted by Jim York as bag-man, pulled off one of the most memorable of recent events by introducing two Exotic Dancers, sans most of their clothing, who emerged from the kitchen to glitter, gyrate, wiggle, slither, and tintinabulate their way about the membership to the sound of Middle Eastern melodies. (All the gals in "1001 Nights" seem to have been well-endowed, and our local versions were similarly blessed.) Somehow, Reb Turner wound up with a gold veil when all was done. What do you suppose this means??

A cooling-down period ensued before introduction of the program. In this time, Jim Koss read an extraordinarily good piece about the recipient-to-be of the "League of the Backwards R" - so good, in fact, he couldn't stop laughing at his own material! The problem was--the recipient wasn't present. Jim made a quick switch and switch and presented it to "#1 Alternate," Hal Creal.

Early leavers were allowed to depart for 50 cents each.

Duke Sward introduced Sen. Nick Smith, who was today's program. Smith represents Branch, Hillsdale, and Jackson Counties at Lansing. Nick began by reminding us that, for the first time in a decade, we have legislature(both houses) and governor's mansion belonging to the same party. The Senate majority, however, is thin: only 18:20; and, with Sen. Mack gone a good deal of the time, the margin shrinks to one. Smith believes that this may well issue in "a vicious party fight" in the future over economic legislation. Smith believes Michigan is going to see steady economic improvement(albeit not as rapid as elsewhere) until about 1986, when an increase in interest rates is expected to slow things down considerably. Michigan, he said, has been slow to adjust to anying but "big cars" - the first sub-compact built here rolling of the line only after 1980(!). He believes there is no "identifiable economic philosophy" in place at the governor's office, and forsees a continuing battle over the still-large budgets prepared by the executive ($5.4 billion this year) - backed, of course, by the 38% income tax hike - and the very large % of that budget going to social services. Sen. Smith took comments and questions from the floor - on such matters as the financing of the public schools and limitation of the legislative term. Sen. Smith commented only generally about schools. As to the legislative term. he indicated he favored a ceiling on the total number of years a legislator could serve without a break; only if this option could not be implemented would he fall back to supporting a constitutional limit on the legislative session.

Anybody who missed Nick Smith's "goodie" about a lawyer, a physician, and a state legislator marooned on a desert island -- will just have to regret he wasn't here today!!!

Program next week ---
under the direction of
Dick Uhl.

SOME REAL OLDIES

Old chemists never die. They just fail to react.

Old truck drivers never die. They just fail to make the grade.

Old salesmen never die. They just go out of commission.

Old fishermen never die. They just smell that way.

Old gardners never die. They just spade away.

Old crapshooters never die. The just fade.

Old taxes never die. They just turn up under a different name.

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

August 9, 1983

Today's meeting was called to order by President Rich. Invocation for the day was given by Bob Man.

Singing was led by Jerry Towns, with Winnie Kornstien at the piano.

Two birthdays were celebrated:
John Shea and Jeff Dean

Guests for today were:
Rotarians: Linus Heydon, Sr.
Bill Smith
Dick Spaulding
Ken Worden
Non-Rotarians:
Shirley Bailey

Absent Rotarians were:

Dick Guisinger
Bill Grimes
Jim Koss
Gary Howe
Dan Magsig
Mark Maire
John Milnes
Terry O'Connell
Gil Patton
George Pierce
Bob Seaman
John Shea
Lester Wise
Norm Youtsey

President Rich passed around sign-up sheets for the "Co-Ed" Rotary Pig Roast, August 27th, tentatively set up for 4:30 p.m. at Dave Rubley's "Country Place". Please make sure to sign up for a most enjoyable outing.

Ernie Luce was honored for 35 years of perfect attendance. Congratulations Ernie!! Keep us the good work!

Craig Sebald says that there are still 12 members who have not paid their dues. (could this number in any way relate to our very own Rotary Club "Disciples"?)

The following names have been submitted for new membership:

	Classification
John Yelavich	Automobile Sales
Gary Hart	Radio Broadcasting

Any objections should be made in writing within 10 days.

This brought us to our own beloved Sergeant-of-Arms Steve Glover who was ably assisted by bagman Dave Rubley (I think it was Dave Rubley...It was pretty hard to see over Dick Hruska, but it sounded very much like Dave's voice)

Sergeant Steve brought to light a couple of very interesting points of interest. One being the ability of Carroll Barnes to navigate his boat masterfully through the waters of Coldwater Lake only to run aground on a sand bar! Good job Carroll.

Also it was brought to the clubs attention that Howard Taylor and the same Carroll Barnes just celebrated their 25th Wedding Anniversary (or was it class reunion) Anyway Steve and Dave did a fine job of collecting a couple dollars.

Hal Creal then made his presentation of this weeks recipient of "This is your Life Award" to Ernie Luce, but not before he asked to see Howard and Carroll kiss one another on the check in celebration of their "anniversary"

Early leavers were allowed to depart for mere $1.00 each.

Duke Sward introduced Dick Uhl who was responsible for the days program. Dick introduced to the club Shirley Bailey who is the Executive Vice President of the Branch County Community Health Center, who is presently acting as President. Shirley discussed with the club future construction and renovation plans in store for the Health Center. The Health Center has filed a letter of intent and a certificate of need to replace some of the 30 year old X-Ray equipment and gained an approval of $241,000 to take care of this particular need.
Shirley discussed the possibility of an addition being added to the present 1971 addition which would extend approximately 100 feet to the East and 140 feet running from North to South. The plans here are to develop a "Wellness Center" and a conference center on the 1st floor and doctors office space on the 2nd floor. She stated there was a tremendous need for physician office space. One of the major problems of recruiting new doctors to the area is the lack of office space close to the hospital. This would hopefully solve their problem.
Many in house renovations are planned and can possibly be paid with money already on hand within the hospital.
The speculative cost of building the new addition and the renovation of the present heating and ventalation system would be in the neighborhood of 3 to 3.5 million dollars. It was also noted that at this time the hospital is in good financial shape, that is is relatively debt free.
Thank you Shirley for a most informative program.

The Singingest Club in the U. S. A.

August 16, 1983

The meeting was called to order by President Rich. Invocation by Jim Troust.

Songs were led by Jerry Towns with Winnivere at the piano. We're not sure who the Wisconsin graduates are in our club, but we sang "your song." The club is to be congratulated on verses 1 and 3 of "America": apparently we sing better standing up!

The week-old birthday of John Shea (write-in for Mayor) and the more proximate birthdays of Duke Sward and John Dygert were celebrated by the club.

Guests for today were:
Rotarians: Gil Molitor, Florida
Bill Smith, Lafayette
Barry Bender, Quincy
Ken Worden, Florida
Warren Wade, Bronson
Non-Rotarians:
Alan Swain

Absent members today were:
Harold Card
Barry Case
Hal Creal
Bill Crotty
Ed DeVito
Ken Elliott
Jack Faulkner
Steve Glover
Bill Grimes
Larry Iveson
John Martinen
Terry O'Connell
Charles Putnam
Howard Taylor
Paul Thompson
Howard Turner
Dick Uhl
Larry Woodhams
Norm Youtsey

Vice-President Duke reminded members of upcoming programs:
August 23.....Les Wise
August 30.....Chuck Woodward
Sept. 6. ... .Fred Anderson

If you haven't signed up for the Pig Roast on the 27th, contact Pres. Rich today!!

Sergeant John Shea, aided by Dan Magsig, collected money from the brotherhood on various pretexts:
-Ernie Luse bought back a picture of himself in knee-breeches.
-John Milnes paid $1. for every good year of his 25-year marriage. Congratulations, John!
-Bob Seaman paid $2. for a front-page picture of his mother-in-law as Fair Queen.
-Chuck Woodward told us more than we ever knew before about Wrong Way Corrigan
-Would you have believed anyone in the club would have known the date the Klondike Gold Rush began?? Walt Fisher did!!!!
-Al Nelson, our Mayor, identified McKinley as the President who resigned from office August 9, 1974!!!

Early Leavers left with a minimum of fuss.

Vice-President Duke introduced Tom Miller who, with Bill Grimes, is on the Environment Committee. Tom introduced Alan Swain, who is Secretary of the Lake Board. Mr. Swain reminded the club of the cement plant which operated from the early 1900's until 1947, extracting marl and virtually creating Messenger Lake. In the 1950's, with suspension of these operations, lakes silted up and channels became slowly choked with weeds. An organization was formed called the Morrison-Hodunk Lake Assn. to battle the weed encroachment. The effort proved beyond the group's capacity. Von Soule et al. then took up the effort to study the problem on an area-wide basis and to involve all affected judicatories. The Lake Board was formed in 1967(City of Coldwater, Coldwater Twp., Girard Twp., and rep. from the DNR). The Board hired Snell Egineering to to a major feasibility study. This took nearly two years. The lakes were found to be in an extreme state of eutrofication as a result of raw sewage from the city and State Home and farm run-off. The lakes had to be dredged and raw nutrients drastically cut. The city improved its treatment plant; the State Home ran its effluent through the city system; and major dredging was begun. A mill lecy was passed, as well as a special assessment for lakeshore property. Lansing, by special legislation, created the County Bd. of Public Works to handle the monies generated. In 1973, the dredging began. It took 4 years. 1,500,000 cubic yards of material were removed, at the cost of $1,100,000. About 6 miles of shoreline were directly involved. The Lake Board has as its present responsibility the building of a Lake Maint. Fund as well as yearly weed treatment and planning for dredging operations at the three crucial river mouths in the near future. The Board is also the responsible body for seeing to periodic water quality and fishery studies (via DNR) and the maintenance of the Hodunk Dam.

The Singingest Club in the U. S. A.

August 23, 1983

President Rich called the meeting to order.

Invocation given by Father Bob Man.

Singing was ably led by Jerry Towns assisted by Winnie Kornstein, with only minor difficulty on ROTARY.

The club acknowledged the birthdays of Larry Iveson, & Terry O'Connell.

(Let's get those make-ups in.)

President Rich reminded us all of the Pig Roast to be held on 8-27-83, beginning at 5:30pm at Dave Rubley's summer place, somewhere South of here near the Indiana/Michigan border, off of Flint Road. Beer & Wine will be provided. Bring your lawn chairs!!!

Larry Woodhams gave us a short reminder on the importance of the school millage election to be held next Tuesday, 8-30-83. Polls to be open from 7am to 8pm. Let's all get out and vote YES on this critical issue.

Sargeant's John & Steve did their best to increase the scholarship fund by fining the table that had 2 Bill Smiths at it, Dave Rubley kindly(?) contributed $5. for the outstanding creation of a map to his lake home. I kept hearing Dave mutter something about a Purdue graduate assisting him. John reminded members about delinquent dues.

Early Leavers left at a charge of 50¢ each.

Duke Sward reminded the following persons of upcoming programs;

Chuck Woodward - August 30
Fred Anderson - Sept. 6
Sept. 13 is still being worked on
Jerry Dearing - Sept. 20
Walt Fisher - Sept. 27

Duke also reminded us that District 636 Governor John Van Blarcum, would be here on September 20, 1983. Plan to be at the meeting that day if at all possible.

Today's program chairman was Les Wise, who introduced Dean Milligen as our program for today.
Dean, as Vice-President of Coldwater Industrial Growth, Inc. gave us an update on what CIG is currently doing in an attempt to revitalize the Branch County area. He also reminded us that CIG was initially created by the Chamber of Commerce, as Coldwater Industrial Corp. in 1954. From 1954 to 1974, CIC built 6 shell buildings, selling 5 of them to firms such as LeRan, Bundy, Borg Warner, Amax, & Simpson Ind. CIG has established 3 committees to help revitalize our area-Capital Investment, Jobs Creation, and Programs Committee. All 3 are actively involved in making it easier to do business in Branch County.

Thanks Les & Dean for a very timely and informative program.

Meeting Adjourned.

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

August 30, 1983

The meeting was called to order by President Rich. Invocation by Fr. Man.

Songs were led by Jerry Towns, with Mary Magsig at the piano. The remarkable announcement was made that Winnie is "traveling in Europe" - which may be fine, but sans husband?! After all, Vince was undeniably here today! (He says they could only afford one ticket....)

Guests for today were:
Clarence Snyder, Bronson
Ed Perkins, Bronson
Bill Smith, Lafayette, Ind.
(Bill said his good-byes for the season, and kindly presented the Club with a check for the Scholarship Fund. Many thanks, Bill!!!)

Absent Rotarians today were:
Bill Bobier
Jerry Boguth
Harold Card
Jim Conrad
Hal Creal
Bill Crotty
Duke Davidson
John Dean
Ken Elliott
Jim Endicott
Ray Fast
Jack Faulkner
Walt Fisher
Dick Fitzgerald
Ed Geishert
Steve Glover
Bill Grimes
Jim Koss
Gary Howe
Dean Milligan
Gil Patton
John Pierson
Fleming Pruitt
Chuck Putnam
Hal Sexton
Paul Thompson
Reb Turner
Jim York
(Woe be to you, if you do not make up!)

Annnouncements included the following: (1) No Rotary in Quincy this coming Monday. (2) Our thanks to Dave Rubley for the use of his country place for the Pig Roast. (3) Cards may be sent to Chick Kennedy at the Coldwater Hospital. (4) This is Norm Youtsey's last Coldwater Rotary meeting. He and his family are moving to Brighton, where Norm will be a manufacturer's rep. Best of luck to you, Norm! We'll miss you. (5) Pres. Rich fined the Sergeants $5(via Club vote) for failing to do housekeeping chores before and after the last 3 meetings (!).

Sergeants John Shea and Terry O'Connell auctiomed off four bags of left-over barbecued pork; the lot went to Mark Maire for $11. (If they'd been refrigerated, the price would no doubt have been higher....) Dick White received his "GO STATE" license plate back from the Pig Roast site. A "wind Riders" crew hat, complete with pins, went unclaimed. (We think it might belong to Dean Milligan.) Gordon Schlubatis paid a dollar fine because he is either "an old settler" or "a thresher." Gordon, by the way, did not introduce any guest as Smith...Brown...White... or anything else....

Early leavers(of which there were plenty)exited at $1. each.

Next week's program: Hal Sexton
September 13: (Perhaps) Gordon Johncock
September 20: Jerry Dearing
September 27: Walt Fisher

Chuck Woodward, chairman for today's program, introduced Marti Charles of Tomson McKinnon Securities, Inc. Mrs. Charles had several suggestions for "mean husbans" which would be of benefit to all wives now and in the event of the death of the main income-earner: (1) Make sure you're planning for your retirement; only 15-20% of those eligible for IRA's have them. There is no such thing as a perfect plan, but you need to have something in place! (2) Many wives have difficulty dealing with the eventuality of their husband's death. Nevertheless, have a will and keep it current - else the State will divide your assets as it wishes. (3) Take the trouble to get your Soc. Sec. earnings record. $69,000,000,000 are known to have gone to the wrong accounts as of 1980. (4) Take time to make complete records and tell your spouse where they are. (5) Update your insurance. (6) Evaluate your stocks and bonds. Because grandpa invested in Amalgamated Widgets doesn't mean you should! (7) Women are at a real disadvantage if they do not have an employable skill; death of a spouse in their 40's or 50's can be catastrophic. Talk about, and plan for, the kind of lifestyle your wife needs to have if something happens to you! THE TIME TO LEARN ABOUT PERSONAL FINANCIAL PLANNING IS BEFORE SOMETHING HAPPENS! Thanks, Chuck, for a fine program!

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

September 6, 1983

The meeting was called to order by President Rich. Invocation by Jim Troust.

Songs were led (for the first time) by John Martinen, accompanied by Estelle Voss at the piano. John had courage enough to begin with "The Batrle Hymn Of The Republic"!

There were no birthdays to be celebrated.

Guests for today's meeting were:
Dave Foster, Marshall
Al Wiler, Bronson
Dale Brown, Quincy
Ken Worden, Florida

Absent members were:
Charles Bacon
Harold Card
Jerry Dearing
Ed DeVito
Ken Elliott
Bill Galliers
Bob Loose
Jim Lyon
Dean Milligan
Dick Moore
Paul Ruse
Jerry Towns
Charles Woodward

Directors will meet at the President's house a week from this Thursday.

A reminder: on the 20th, the District Governor will be with us that means committee chairmen will meet with him in the morning.

Sergeants John Shea and Steve Glover zeroed in on
-Jack Faulkner, for whatever- it was he did at Auburn....
-an unknown Rotarian who was referred to as "Lester Luce"!
-Ernie Luse, who paid yet again for what was described as and 1885 picture(Come on, guys, Ernie isn't THAT old!).
-Jim York, for his no-longer- record-breaking Perch.
-Hal Sexton, who redeemed his ballooning hat (with oak leaves and clusters).

Sixteen early leavers paid $1.00 to depart.

Vice-President Duke reviewed up-coming programs: Next week....Gordon Johncock
Sept. 20...Jerry Dearing, with Gordon Welch from Mich. Gas
Sept. 27...Walt Fisher, chmn.

Duke introduced Hal Sexton, who was himself today's program. Hal has recently created "Traffic Assistance & Service Corporation." For openers, he took us through some of his "Rules For Safe Driving," with Duke as the portable easel.... He then went on to outline the nature of his new company and what he hopes to accomplish. Hal reminded us that de-regulatuon of the trucking industry in 1980 basically altered to way things have been done since 1933. The goal of TASC will be to be a "broker" for smaller companies in the newly de-regulated shipping field - essentially to "provide a traffic department" for individual businesses on a contract basis. Presently, thirty trucking companies can pick up and deliver in Coldwater, as opposed to seven in the past. Hal and five others formerly with ATL are in businessto (1) provide routing information, (2) get rate quotations, (3) audit freight bills for the customer, (4) trace shopments lost en route, (5) expedite delayed shipments, (6) pursue claims against carriers, (7) survey the real needs of a shipper, and (8) negotiate rates with a carrier. The company is collaterally involved in the "truckload business," working with private carriers as agents in our area. The office handling this aspect of the business was recently opened in Fremont, Ind. This is an atrractive opportunity for most small shippers, inasmuch as private carriers can do the job at half the rate of the big "common carriers." Hal fielded several good questions from the floor. We thank you for an interesting program!!

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

September 13, 1983

"President" Mark Maire opened todays meeting in the absence of Rich Holben. Invocation was given by Bob Man.

Songs were led by our able song leader Jerry Towns minus the piano, "No Piano Player", but the club responded with all the style of the "Morman Tabernacle Choir"...well almost!

Guests for today were:

Rotarians: Bill Smith, Lafayette
Ken Worden
Rich Barnes, St.Joe-Benton Harbor
Richard Mills, Hillsdale

Non-Rotarians:
Clyde Kimber, Dunedin, FL
Gordon Johncock, Coldwater
Earl Nagle, Coldwater
Steve Widlitzki, Coldwater
Jennifer Fultz
Scott Anderson, Coldwater

Absent Rotarians were:

Walt Balcom	John Milnes
Barry Case	George Pierce
Hal Creal	John Pierson
Bill Crotty	Charles Putnam
Larry Donay	Bob Seaman
Ray Fast	Alan Sward
Walt Fisher	Jim Troust
Gary Hart	Howard Turner
Rich Holben	Jim York
Larry Iveson	
Bob Kerr	
Jim Koss	

"President" Mark informed the club of a few announcements

(1) The District Governor, Robert VanBlaricom will be here September 20th.
(2) There will be a Board of Directors Meeting Thursday night, September 15th at 7:30 to be held at President Rich's house.
(3) A thank you note from Father Man was read thanking the club for the donation to the hospital in his name.

"President" Mark then reluctantly called for the Sergeants.

Sergeants John & Steve did their usual zany thing - John informed the club that Gordon Schlubatis did not have his badge on and Gordon admitted that it had been 2 weeks since he had worn it. Would somebody PLEASE return Gordon's Badge!!

Sergeant John offered John Dygert and Bill Crotty a special deal to relieve the two of fines levied against them during this years football season...a mere $100.00! Neither one took the bait. Needless to say they managed to collect enough money for the day. It ought to be a fantastic scholarship fund.
This brought us to "Pres Elect" John Dygert who was standing in for our beloved Duke Sward. John informed the club of the Millionaire Drawing sponsored by the Booster Club to help raise funds for the different athletic high school teams. Please help the Boosters Club out by purchasing some or helping to sell them.

Early leavers were excused for a $1.00 fine.

Programs for the next few weeks
September 20th, Jerry Dearing
September 27th, Walt Fisher

John then introduced Dean Milligan who introduced todays program.
Dean introduced to the club Mr. Gordon Johncock "1982" winner of the Greatest Spectacle in Racing, The Indianapolis 500. Gordy has started 243 Champion Races, and has finished in the top 10, 144 times. Of the 243 races, he has finished in 1st place a total of 25 times. The victory on May 30th 1982 at the 66th annual race in Indianapolis was the closest race in Indy history, finishing a little more than a car length over second place finisher Rick Mears. Gordy qualified that year with a 201.884 mph speed, about 5 mph slower than Rick Mears qualifying time. It was a sweet victory for Gordy, putting to rest all the speculation of whether he could win a full 500 mile race at Indy because 9 years prior to this he was the winner of the 1973 Indy race that was shortened due to the rain. Gordy is a member of the Patrick Racing Team who had been driving Patrick Wildcat cars, now driving March cars in addition to the Wildcats. Gordy was injured in the Michigan 500 when he caught the wall and then was hit by Kevin Cogan breaking both of his legs. Gordy believes cars are much safer now than they were 10 years ago and looks for speeds in excess of 210 mph at Indy in the near future.

For the time Gordy is enjoying doing radio commentary of races and looks to get back into racing very soon.

MEETING WAS ADJOURNED.

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

September 20, 1983

The meeting was called to order by President Rich.

A moment of silence was observed in memory of Rotarian Chick Kennedy. Jim Troust gave the invocation.

Songs were led a capella by John Martinen.

We celebrated the birthdays of Dick Moore, Jim York(a week late), and Bill Bobier. (Notice how all the men of real class wore green blazers for this meeting? Is there something they know that the rest of us don't?)

Guests today were:
Rotarians: Dale Brown, Quincy
Jim Eley, Bronson
Al Wiler, Bronson
Non-Rotarians:
Juli Kellogg
Carlos Rodriguez
Ronald McLaughlin
Tait Norton
(All from C.H.S.)

Absentees today were:

(Good grief, fellows!!!)

Terry O'Connell announced he will be in the Community Theatre's production of "10 Little Indians." We can only wonder: which part?

Gordon Schlubatis, be it noted, introduced Jim Eley - and not Bill Smith(or Jones, or...).

Bob Nagle reminded members of the tickets available for Br. County Community Concerts. Season tickets only; four different productions.

Neither sergeant was available today, so Dick White stood in for both, seconded by "bag-man" John Dygert. Dick winging it was very good indeed!

No early leavers today.

Vice-Pres. Duke reminded us of upcoming programs:
Next week - Walt Fisher will have Bill Geiger to talk on his trip to China(P.R.C.)
Following week - Terry Reen will talk about the Job Club & the mandated student programs.

Duke then introduced our special guest, District Governor Bob Van Blarcom of Kalamazoo. Bob reminisced a bit about his varsity days at OSU (some fifty years ago), before the school in E. Lansing was in the Big Ten. He produced a genuine buckeye which, he says, he carries for two reasons: (1) it's a sovereign remedy for "arthur-itis" - as good as copper--and cheaper! and (2) at this time of the year, it wards off the evil influence of Wolverines and Spartans!

On a serious note, our Governor commemded our club for its excellent attendance record and for its slow but steady growth(1963-80; 1983-95) in a time when the District has not grown in total numbers. Governor Bob underlined certain characteristics on Rotary he found most striking in his own experience: its efficiency - a staff of 350 for a membership of 950,000 worldwide, owing to volunteer efforts of nearly everyone; its emphasis on service- by which he meant an organization maintained for the growth and general welfare of its members and its community; its autonomy- namely, the fact that, while every club has the same basic constitution and by-laws, each operates to fit its own distinct individual community; the necessity of addressing the little-noticed but crucial fact of attrition - the responsibility for which rests not with the Board or Mem. Comm. but with all the members; and the "one-year rule" which guarantees a continuous flow of new people and ideas in all offices. The R.I. motto for this year - "Share Rotary & Serve People,"adopted by Bill Skelton, translates for District 636 into emphasis on: (a) membership development; (b) participation in Central States Youth Exchange; (c) Foundation support; and (d) Youth services. Pres. Bob enlarged a bit on each of these, and indicates how our club can be involved.

THOUGHT OF THE DISTRICT GOVERNOR:
"If your absence doesn't make any difference, your presence probably won't, either!!"

President Rich called the meeting to order.

Invocation given by Father Bob Man.

Songs were ably led by Jerry Towns, with accompaniment by Mary Magsig.

Rich requested an introduction of guests and the following were;

Non-Rotarian

Pam Philbrick
Lauri White
Deb Berry
Tammy Cluff
Bob Busse
Jeff Nuberg
Bill Geiger

Rotarian

Ray Ehl, Quincy club
Barry Bender, Quincy club

Rich announced that there would be a board meeting at his home on Thursday Oct. 6, at 7:30pm

Larry Woodhams paid $1 an inch for the capture of a "WAHOOOO"

Terry O'Connell reminded us of next Thursdays opening of "Ten Little Indians" at the Tibbits Opera House.

Sargeant Steve & standby Mark Maire did their best to lift mucho dollars from many of the members. Carroll Barnes somehow seems to be contributing the most these days. Gordon S. paid for Johnnie Appleseed's birthday again.

Duke Sward reminded us of upcoming programs;

Terry Reen - 10-4-83
Jim Conrad - 10-11-83

Walt Fisher introduced Bill Geiger as today's program, who spoke on his trip to the Peoples Republic of China. Bill and a number of other Michiganian agriculturalists joined Dean Pridgeon in a tour of China in the late 60's/early 70's. Along with a slide presentation, Bill told us of the poorness of China as a whole, and how undeveloped the socialist economy was. China has a real over population problem with 12 million people in Shang-hai alone. The group visited a number of open markets that had no refrigeration for its fresh products, which led to fairly unsanitary conditions. The only mass transportation method seems to be the bicycle, with a reported 80 million bikes in China. Automobiles are owned by the government-private cars are forbidden. While in China, Bill and group toured a number of palaces and temples dating back to the Ming Dynasty. The Chinese people are very proud of their heritage and as a result protect and maintain the temples on an ongoing basis. The group also visited the Great Wall of China which is 18' x 18', and was built from about 2100 BC.to 200 B.C.. The wall is sufferring from deter--ioration in many areas but still stands as a constant reminder of the determination of the Chinese people. Thanks Bill & Walt for a very interesting program.

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

Tuesday, October 5, 1983

Today's meeting was called to order by President Rich. The invocation for the day was given by Jim Troust.

Songs were led by Jerry Towns. The club celebrated one birthday, that of Gary Hart.

Guests for today were:

Rotarians: Kent Miller

Non-Rotarians:

Charlie Menagm
Jill Stewart
Sue Kirby
Shelly Holt
Sue Door
Jim Forrister

President Rich made a few announcements to the club.

(1) There will be a board meeting on Thursday night October 6th at Rich Holben's house at 7:30 p.m. Please take note Howard Taylor!!

(2) Rich announced he received a letter from Rotary International with regards to the nomination of a District Govenor.

(3) Bob Man then proceeded to read a poem to the club that he had written. This is Bob's last meeting until the spring of 1984. Bob, you will certainly be missed and we'll be awaiting your return. ENJOY FLORIDA...

(4) Thank you Chuck Young for the lovely "Wa-hoo"? Bobber center pieces.

President Rich then called for the Sergeants, who by some strange reason were both here today! This was a rare oddity and they certainly "paid" for it by the end of their show, something to the tune of $3.00 each for missing at least 5 articles in the paper including front page pictures!

John did manage however to offer John Dygert and Bill Crotty ammunity for the mere sum of $200.00 each.

Early leavers were excused for a 50¢ fine.

Duke Sward then announced that Jim Conrad was in charge of next weeks program who is bringing John Ferris. John will enlighten us on the RV INDUSTRY

Duke then introduced Terry Reen who briefly talked to the club about adult education and the workfare program. Terry said the unemployment in Branch County has been over 10% for the last 15-18 months. The Department of Social Services has over 4000 case rolls of people on welfare. Many of these people have given up hope of ever finding a job. The Republican proposal "Workfare" was introduced enabling a few people to work in public employment such as schools, Maple Lawn, etc. The problem here was only a few people could be absorbed, so in the spring of 1982 the D.S.S. changed so they could mandate education training. This was the key to getting into the mandated student programming. This enabled the D.S.S. to start ordering students without high school diplomas to attend school or lose the grant they were receiving. This "School" primarily is Job Club. Terry then introduced Mrs. Jill Stewart who explained to the club a little bit about Job Club.

Job Club is an organization designed to help people looking for jobs possibly help them get jobs by teaching them some very important things such as how to fill out a job application, write resumes, obtain letters of recommendation, gain confidence in themselves, learn interviewing skills and many other things. Jill along with teachers Carol Tracy, Mary Ann Dobson and aide Janet Wendorf run 6, 5 week sessions of instruction. They have obtained a success rate in one class of 65% of getting jobs for the students. Jill stated that 80-90% of all the students they have are good hard workers and really want jobs.

These people actually believe that there are no jobs available. They also don't have a lot of confidence in themselves.

Jill made it known to the club that 98% of all the people in these classes are people on welfare, but stated that anyone may attend Job Club.

Thank you Jill and Terry for a very informative program.

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

October 11, 1983

The meeting was opened by President Rich. Invocation by Dan Magsig. A moment of silence was observed in memory of Rotarian Mark Andrews.

Songs were led by John Martinen, accompanied by Minnie at the piano. The Club showed itself moderately competent in French, getting through two stanzas of "Alouette!"

We celebrated the birthday of Les Wise with a song and a fine.

Guests for today were:

Rotarians: Charlie Hilton, Bronson
Dick Creathouse, Middletown, Ohio
Barry Bender, Quincy
Dale Brown, Quincy
Wendell Hathaway, Bronson

Non-Rotarians:
Amy Barnes
Kris Post
Becky Mare
Nate Schuman
-all of CHS

Note: We are no longer printing the names of absentees in the Reflector. But that doesn't mean the Club Secretary doesn't know....

Note: Greg Dean has been proposed for membership in the category of Real Estate Sales. Any objections should be made in writing to Craig Sebald within 10 days of this date (i.e. 10/11/83).

Charles Bacon couldn't resist a joke at the expense of Terry O'Connell's starring role in "10 Little Indians."

President Rich brought the attention of the Club to the problem with too many early leavers. Don't be a source of embarrassment but of encouragement; after all, Rotary is more than a luncheon club!

President Rich indicated the Board would like to publish the Reflector every other week, beginning with this issue. There was no negative comment from the floor, so this proposal will be put into effect.

Sergeant Steve Glover was assisted by our honorable Mayor, armed with an honest-to-goodness "bag."

Next week Harold Myers will speak to us on "Changes In Tax Collection."

Early leavers were excused for 50 cents each.

Mark Maire, standing in for Duke, introduced today's speaker, John Ferris of Ferris Industries, Coldwater. John began by indicating something of the nature of RV people today: middle or high income, either with 2-3 children still at home or retired. Most, morever, have evolved from a weekend tent type camping through small units to the typical 28-30' trailers we see so much of today. John attributes much of this upward evolution to wives coming along on camping experiences and demanding some of the conveniences of home. The basic reason for having an RV is to get away, and the high cost of motels. A flyer showed comparison costs between car/motel-based vacations and RV-based cacations of the same length of time and same number of miles. John divided RV people into two large groups. The first is made up of families with children. This group "tops out" with 23-24' units. But the second group, made up of the "snowbirds" of retirement age, has bulked even larger in terms of gross sales over the last 8-9 years. These people typically purchase 28-30' units that run from 15 to 50 thousand dollars. As opposed to the "camp arounds", they are into "seasonal camping," where they will stay in the same place (N. or S.) for some months at a time. Most of John's invent.ry today is geared to the big units sought by this latter group. The company here in Coldwater began in 1965 with sales of about 6 units/year with perhaps $50,000. in total turnover. In 1983, gross sales will be over two million, with an average inventory over $500,000. John indicates 80% of his customers come from outside Branch County, owing to an aggressive sales campaign 1979ff. The impact of RV people on a community is calculated at about $46./day, and a number of local industries are very much geared to RV needs. Thanks, John, for a fine program!!

TIDINGS FROM THE GREAT OUTDOORS

The game warden had returned home after a hard day in the field. He had had to tramp trhough the sloughs and cornfields tracking poachers and other violators and he was dog tired. As he sat there, his boots unlaced, the telephone rang.

The sweet voice on the other end of the line asked him if he was, indeed, the official game warden. He replied that he was.

"Oh, good!" was the reply. "I'm so glad I have the right person at last. I'm having a birthday party for my little boy tomorrow. Can you suggest some nice games for the children to play?"

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

(Please note: pursuant to the Club's decision, the Reflector is only being published every other week!!!)

10/25/83

The meeting was opened by President Rich. Invocation by Paul Ruse. A moment of silence was observed in honor of the USMC troops killed at Beirut airport.

Singing was led by Jerry Towns, a capella. We honored Gordon Schlubatis with "The Old Apple Tree." Gordon was not even fined, or so he says.

We celebrated Buzz Galliers' birthday.

President Rich made two announcements: (1) Terry O'Connell was called on to to read a letter to the Club from Dave Pierce, who is (supposedly)studying for the ministry at Moody in Chicago. (2) Coldwater Athletic Booster Club reminds you of tickets available for the drawing Sat., Oct. 29th at St. Charles.

Sergeant John Shea was ably assisted by volunteer "bag man" Bill Grimes. Dick White wound up paying a dollar in honor of National Grouch Day; Barry Case coughed up for a "dry" City Audit Report. We acknowledged Al Nelson's last City Council meeting with an ambiguous round of applause(?). Chuck Woodward paid for an item entitled "Mayoral Race Turns To Sex."(We will refrain from saying why.) Howard Teeter paid for his son Bob's appearance in the Free Press and on the McNeil-Lehrer Report.

Early leavers were excused.

Rotarian Duke introduced Program Chairman Dennis Holcomb after reminding us of up-coming programs:

November 1....Reb Turner, who will have Norm Heinemann talking about safety issues.
November 8....Dick Fitzgerald will have a speaker fron Flint on the subject of cancer.

Dennis Holcomb introduced Gary Kuckel, City Manager, who made a presentation on the City Of Coldwater Downtown Revitalization & Tax Increment Plan. Gary distributed copies of an abstract of the complete "blue book" which contains DDA's plans for the next 30 years. In August of 1982, the City DDA was organized to co-ordinate and revitalize the downtown development of our community. Two lists of projects were shared with the Club. One affected the next five years, and included storefront and façade improvement, a pedestrian mall, parking lots, signs, streetscaping, a seasonal mall, a visitor's information center, interconnected stores (à la Houghton) street lighting, flags, pedestrian items, and a community center. The price tag on these is about $968,000. The second list of projects is long range and includes parking ramps, a streetcar system, a hotel, ornate(i.e, "old") street lighting(residential and office development, the total cost for which would run to some 8.4 million dollars. The funds for these projects will be realized from what is known as "captured assessed value," i.e. the valuation will be frozen at '83 levels, and taxes on increases in value will become available for specifid projects(together, of course, with taxes on new ventures(such as a second or third "Murphy Building" scheme by Chuck Woodward). The area affected is designated precisely, and the City DDA has yet to put the projects in a clear priority order. We were interested to know that City Assessor Jerry Boguth was responsible for implementing a scheme like this in his former incarnation. Considerable discussion was generated following the presentation(in spite of Bill Crotty's opener about the Notre Dame football score), much of it turning on what realistically might be expected to happen in the next five years, and the issue of "buying locally"(apparently a pretty warm item!). We thank Gary for a useful look at an important item - one that almost none of us were even aware of.

++++++++++++++++++++++++++++++++

Following a public address, the bishop said to the young reporter who was covering the event, "When you do your write-up I'd just as soon you wouldn't mention the anecdotes I related. I may want to use them in other talks I'll be called upon to give."

In his story, the reporter wrote, "The bishop told several stories which can't be repeated here."

LADY DRIVER DIVISION

A fellow we know has just taught his wife how to drive, and is very proud of her. Says she has developed a new maneuver—the "O" turn. It's for the kind of women who start a U-turn, but change their minds midway through it.

. . . . . .

FROM THE WORLD OF SPORTS

There was this football player who said his girl friend had told him she'd be faithful to the end.

"Great!" said the chap he told this to. "That really sounds good!

"Not as good as you would think," was the response. "I'm the quarterback."

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

November 8, 1983 *The Singingest Club in the U. S. A.*

Today's meeting was opened by President Rich. Invocation for the day was given by Paul Ruse.

Our own Jerry Towns directed the singing assisted by Winnie Kornstien on the piano. (What a remarkable difference the piano Makes!)

The club celebrated Ed Geishert's birthday. HAPPY BIRTHDAY ED!!

ROTARIAN GUESTS:

Paul Wenstrom - Flint
Chuck Lapp - Hillsdale
Wendell Hathaway - Bronson
Barry Bender - Quincy
John Worth - Quincy

NON-ROTARIAN GUESTS:

Michele Converse

President Rich made a few announcements

(1) There will be a board meeting Thursday night November 10th at Rich's house 7:30 p.m.

(2) Rich encouraged everyone to please vote in today's election. John Shea added: Be sure to vote often and early!

John Dean then introduced and welcomed to the club our newest member Gregg Dean. Gregg's classification is real estate sales. Gregg is single, lives on Fairfield Drive here in Coldwater. His interests include travel, golf, skiing and sports cars. Welcome to the club Gregg!

Rich then turned the meeting over to Sergeants John and Steve who didn't waste much time in relieving Gregg Dean of his first fine of $1.00. John and Steve also managed to pick on a few other Rotarians ensuring another fine day of collections!

Early leavers were excused for 50¢.

Duke Sward announced programs for the next few weeks:
November 15th, Gary Hart
November 22nd, John Martinen
November 29th, Dick Guisinger
Duke then introduced program chairman Dick Fitzgerald.

Dick introduced to the club Paul Wenstrom, Rotarian from Flint, Michigan who related to the club his own personal experience with cancer.
Paul use to write the club bulletin for his Flint Rotary Club and had a unique experience happen to him. A Dr. Sevin came and spoke to their club about cancer. Paul wrote in his message to the club that it was one of the most interesting and informative programs he could remember. One morning, just 2 years ago Paul woke up and noticed he had a couple of growths on his testicles. Remembering the program Dr. Sevin gave on cancer, Paul didn't fool around with this, he didn't delay to phone Dr. Sevin's office to make an appointment to get it checked out. As it turned out they were cancerous and surgery was needed to correct the problem. Paul had to undergo surgery 2 weeks later in Indianapolis. At the time they could find no other cancer in his body. Paul wondered what he could possibly do to help fight cancer. He decided to speak with other people and inform them about cancer. About $1\frac{1}{2}$ years ago Paul received a call from Dr. Sevin, who informed him that they had found tumors in both lungs. He had to undergo chemotheraphy. It was a tough battle, something no one can imagine unless having to go through something like that. He won and he is still winning. Paul, who is a highly motivating type of individual is spreading the word raising the awareness in people, encouraging people to support education and research of cancer.

Pauls is a truly inspirational and gripping story, a magnificient person, a winner!! Thanks Paul for sharing your time with us and thank you Dick for bringing this fine individual to our club.

Meeting was adjourned

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

11/23/83

The meeting was called to order by President Rich. Invocation by Jim Troust.

Songs were led by Jerry Towns, with Winnivere at the piano.

We celebrated Carroll Barnes' birthday even though he wasn't here. Fred Culy volunteered to stand in (!).

Guests for the day were:
Rotarians: Don Coates, Claremont, N.H.
Bob Stark, Quincy
Bernie Langmesser, Quincy
Larry Hagen, Bronson
Elmer Poughton, Bronson
Clarence Snyder, Bronson
Randy Sanders, Reading
Non-Rotarians: Mary Beth Castle
Marcia Nagle
Sherri Fletcher
Rhonda Parker,
all from C.H.S.

Bob Seaman told of a recent visit to R.I. Headquarters in Evanston. He encouraged members to go and see our organization at work if opportunity presents itself.

Dan Magsig reminded members of the Dec. 3rd Bowl-a-thon for Big Bros. & Sisters. Sign up sheets for sponsors were circulated.

The "Deerslayers" - John Shea and Steve Glover were introduced. For some reason, Steve was wearing five additional badges, on his tie, no less. They were redeemed by offending members. Buzz Galliers stood up and sang <u>two</u> verses of "The Victors" for having lost a certain bet to Dave Rubley. We won't report the big-hearted comment he made after singing his song. John Martinen was fined for looking like José Feliciano. The daughter of Terry O'Connell's hair-dresser had her picture in the paper, it seems, so we fined Terry(there must be more to this than appears on the surface?!).

Early leavers were allowed to escape for $1. apiece.

Duke reminded us of upcoming programs:
Nov. 29.....Jim Olmstead
Dec. 6.....Dick Geisinger(a "gas")
Dec. 13.....Hal Creal(how-to-build-a convention-center-and-have-everbody-love-you.)
Dec. 20.....Chuck Young(*T.B.A.)

New membership applications have been approved by Classification & Member-ship Committees for the following:
Terry Garn - Label Printing Mfg.
Rich Piatt - Nsppr. Ed., Gen. Mgr.
Any objections should be made in writing to Rich Holben within 10 days.

John Martinen, Program Chmn. for today, introduced Len Conner, who is Director of Kimball YMCA Center, and a Hillsdale Rotarian. Len reminded us of the four major program thrusts of Kimball Center: Sunship Earth(environmental curriculum); Summer Camping Experiences; the Program Center Itself(work-shops, dinner meetings; retreats; etc.); and Communnty Program(Y-Indian Guides). His primary emphasis today was on the summer camping program. In 1983, there were 701 campers, 28% of whom came from Branch County. There are three parts to the summer season: Outdoor School Camping in the Spring(647); YMCA Summer Camping(Day, Adventure, Pioneer, Speciality) in July and August, and Band Camps in August(339)-together serving 1687 people. The staff is all adult, with college people serving as summer counselors. A good health care back-up is provided, as well as wholesome spiritual guidance. Len underlined the good food - seconds and thirds available. There are two support programs used by the camp to bring in campership money: yearly candy sale(261 campers in 1981 paid all or part of their way with this) and camperships(provided by individuals and organizations). In 1984, it is estimated there will be about 70 kids who could and would go to camp but who will need financial help to do so. DSS, Schools, Big Brothers & Sisters, etc. refer likely campers for this help, which is available on a one-year basis only. Len emphasized that the money given for camperships in a certain year is entirely spent in that year and not held over. In 1983, 69 campers enjoyed camp through partial or total assistance. <u>Only 11 of these were in camp from Branch County</u>. The need is obvious: we need more investment in camperships from our area! The 1984 camp cost will be $90. per week, the same as last year. Len encouraged Rotary to become involved as a sponsor for six camperships in 1984. An informative slide show concluded Len's presentation. We are grateful for a fine program!

Remember when you knew a town was about to celebrate its centennial when you saw a lot men sporting beards?

Remember when girls stayed home because they thought they had nothing to wear?

Remember when "M" stood for "Mother" and not for "McDonalds?"

Remember when radios plugged into the wall and tooth brushes didn't?

The COLDWATER *Rotary* REFLECTOR

Published by the COLDWATER ROTARY CLUB, P.O. Box 42, Coldwater, MI 49036

The Singingest Club in the U. S. A.

December 6, 1983

The meeting was called to order by President Rich. Invocation by Paul Ruse. Songs were led by Jerry Towns, with Winnivere at the piano. We sang our version of "On, Wisconsin!" in honor of the only Big Ten team not to go to a bowl game....

Birthdays were celebrated for Dick Geisinger and Fritz VanAken - and, belatedly(!!!) for Bob Kerr(who protested).

Guests today were:

Rotarians: Warren Wade, Bronson
Ed Perkins, Bronson
Jim Eley, Bronson

Non-Rotarians: Ralph Schafer
Tami Cutwater
Taija Kaikkainen

Dan Nagsig announced we are to contribute $227. to Big Brothers & Sisters as a result of the Bowl For Kids."

John Klein was honored for 12 years' perfect attendance; Fritz Van Aken, for 34!!!!! Congratulations.

Sergeants Steve and John did their thing, with the help of a lot of newspaper clippings and some far-out "reaching." Does anyone want to mention John Shea's house again???

Gary Kuckel offered a horrendous joke about a med student applying for QB with Bo Shembechler.

Early leavers, left.

Duke reminded Rotarians of up-coming program responsibilities:

Dec. 13....Hal Creal, local developer
Dec. 20....Bill Mabin, Cons. Power
Dec, 27....Charles Bacon,
WeinhÄndler u. Doktor
der Naturwissenschaft
der WeinsÄuferei, h.c.

January 3..Dick Biringer, who will be bringing Bob Branch Jr.

The program of the day was Gordon Welch, District Customer Affairs Manager for Mich. Consol. Gas.

Mr. Welch gave us a good general picture of trends in the pricing and availability of natural gas in our area. He made it clear that most of the bill paid by a customer ($80.out of $100.) goes to the oil pipeline company, in our case the Michigan-Wisconsin. Early in 1982, the price of natural gas actually went above market value; and, while it took a long time for this fact to have its effect, price relief is presently in effect. Mich. Gas expects gas costs to "track with" inflation in the future, instead of increasing at the rate of nearly 22% a year, as of late. Mr. Welch shared hand-outs with the club showing typical bill comparisons as of 11/83 for our state. Contrary to popular impression, Michigan is an attractive place to do business in terms of energy cost. Our speaker cautioned us to remember last winter was a very mild one when we compare billings in 1984. Questions and answers followed, esp. as to the effects of industry de-regulation by 1985. Thanks for a fine, informative program!

The following comes from the District Editarian, Bill Cheney, of Okemos, and should be of use to all Rotarians:

INTRODUCING A SPEAKER

I. Proper intro. is important
   a. Your image
   b. Club's image
   c. Reception afforded speaker
II. What to accomplish in an intro.
   a. What's the subject?
   b. Who is the speaker?
   c. Why this speaker?
      1. Background
      2. Qualifications
   d. Set rapport with audience
III. Things to do
   a. Be prepared: visit speaker ahead of time; have notes
   b. Be friendly & courteous
   c. Be brief
   d. Be clear & concise
IV. Things not to do
   a. Read a long intro.
   b. Embarrass the speaker
      (I don't know much about him. Let me tell you an unrelated story; He's the greatest, wittiest...)
   c. Give his speech for him
   d. Just dump him on the audience (Well, here's our speaker.)
V. What about the speaker's name?
   a. Get it clear and correct
   b. Tell his/her name early in the intro. and again at the end of the intro.
VI. Wait until the speaker is at the podium before you sit down
VII. Enjoy the speaker and show your appreciation

.....

A THOUGHT FOR THE WEEK

This is about the chap who was so cheap that when he disembarked from his plane he remarked, "Well, there goes the $4 down the drain I paid for flight insurance."

A race track is the only place where the windows clean the people.

The hardest thing in life is to learn which bridge to cross and which to burn.

A closed mouth gathers no foot.

Diplomacy is thinking twice before saying nothing.

The Singingest Club in the U. S. A.

Tuesday, December 20, 1983

Todays meeting was called to order by President Rich. Invocation for the day was given by Jim Troust.

Jerry Towns, accompanied by Wilma Sorrells on the piano, led the singing. The club, I might add did a splendid job of singing a variety of Christmas melodies.

President Rich then introduced Fred Anderson, who had the honor of introducing to the club our newest member Rich Piatt. Rich is the managing editor of the Coldwater Daily Reporter. Rich, his wife Polly, and son Nathan live at Rose Lake. Congratulations Rich and welcome to the club, we're glad to have another soloist for this years Rotary show...so get the vocal cords tuned up!!

Speaking of the Rotary Show, please be sure and write your name beside at least 3 of the advertisers you would like to solicit for an ad, on the sheet that will be circulated during next weeks meeting.

What was President Rich doing with Fritz VanAkens wallet?

Rich then turned the meeting over to Sergeants Terry "Stand-In" O'Connell and Steve "Santa Claus"? Glover. If you missed todays meeting maybe you could get our own lovely (??) Santa Claus to make a personal appearance... It'll be well worth it. By the way - what ever happened to all the quarters that Santa Claus passed out? Arriving late, but never the less not least was our own beloved John Shea who promptly proceeded to relieve several Rotarians of some loose change! Great job guys.

President Rich then read a letter from Harold Goodholm. Seems Harold is doing just fine, sure was great to hear from him.

Early leavers were excused for $1.00

Mark Maire then introduced Chuck Young, program chairman for the day. Chuck introduced Mr. William Mabin, District Public Affairs Supervisor for Consumers Power Company. Bill's program dealt with Nuclear Power Plants and how to get MORE electricity for Michigans future.

Currently in Michigan there are two new large nuclear baseload plants which are playing an important part in our states economic recovery. The Midland Nuclear Plant built by Consumers Power and the Fermi 2 plant built by Detroit Edison, and they will strengthen our state in several ways.

First the Midland Plant alone took 10 years to build and provided over 4,000 jobs for Michigan construction workers during the worst depression in Michigan in 50 years of the construction industry.

Secondly the Midland complex provided for a better tax base, paying more than $7,000,000 last year in taxes to support schools and other community services.

Thirdly, the nuclear capacity will allow the utilities to avoid further dependence on coal and oil burning plants. During our state's economic recovery demand for electricity will increase. Because Michigan must buy most of its coal from other states, nuclear energy will keep one-half billion dollars per year right here in the state: money which would otherwise be spent elsewhere.

Finally they will reduce long-term energy costs, here's why...Michigan is part of a larger power grid which includes several other midwestern states. Utilities within this power grid (called ECAR) buy this power from other utilities when purchased power is less expensive than their own power. Consequently, those utilities with a larger percentage of inexpensive baseload capacity will likely become suppliers rather than purchasers. Supplier states may have lower dollar amount in rate increases.

Thank you Bill and Chuck for a good and informative program
