

December Happenings

Miss Linda rode the train on Dec. 7th. She had fun joining

with Jessica and girls as they sang Christmas carols as the train traveled. (having a captive audience makes it easy!)

Mark did a great job also as our conductor!

We, the staff, are planning a January meeting to review this year's effort and beginning planning for 2014.

Looking ahead: January

Wings of Freedom:

A unique presentation of WWII planes and those who flew them. Presented by: Mike Kelly on Saturday, Jan 11 @ 1pm

ABC's of Aquariums:

Joel Gambling of Sea Dweller's & Friends will join us on Saturday, Jan,18 @1 pm with lots of cool aquarium related

Around the World: 2

Stories & Crafts. Using tales from around the world, we'll have plenty of fun. This event is in conjunction with the DBA's Ice Festival.

And the fun continued.

Our Thursday afternoon Homeschool group was busy this month. They made Christmas ornaments and cards for a local assisted living place, Vista Heights. Evette shared her origami skill with a group of the older children.

They also did presentations based on Christmas around the world. Each child chose a country to share facts, Christmas traditions and food! Oh, what fun!
