

We request using the A. Barnett memorial fund for two projects at the Bronson Branch. This fund has a balance of \$23,386.49 as of January 31, and is restricted for the benefit of only the Bronson Branch.

- 1) Replacing the window coverings. Quote from Bronson-based MSC for **\$5,766** to get semi-transparent fabric roller shades.
- 2) Installing the privacy addition to the media center to facilitate telemedicine visits, video calls, and more. Quote from Spaceworx for **\$14,999**.

The total for the two projects is \$20,765. We are requesting to spend up to **\$22,000**, since the Spaceworx quote expired a few days ago and we're not sure if there's been any increase yet. While that will nearly deplete the A. Barnett fund, we get quarterly interest distributions to that fund, so it will build back quickly.
