

The Building Committee met in the Coldwater Branch meeting room at 5:30pm on Tuesday, February 6.

Trustees Present: Ben Jewell, Kim Langworthy

Others Present: Christina Holibaugh, John Rucker

—

The BDL Building Committee met to talk materials choices for the upcoming budgeted flooring work. This was the last piece of the puzzle for getting direction on the materials, since we had already received feedback from the Coldwater Library Advisory Board.

Both groups are on board with moving to carpet squares for carpeted areas; going with a vinyl flooring for part of teen space, the break room, storage room, and 4th floor meeting room; and going to a rubber stair treatment instead of carpet for the main staircase (landings will still be carpeted).

With this in mind, we have requested quotes from JFR Remodeling (who painted our interior last year), Shemmel's, and Willowbrook Interiors. We expect to have updated quotes by meeting time for the board to consider.

Immediately following approval of a quote, we will put our selected vendor in touch with Mulder's moving to firm up dates so they can coordinate with each other, and we'll be back with a funding request for the movers next month. Tentative project time is April.
