O. WATERS, M. D.

PRACTICE LIMITED TO DISEASES
OF THE EYE, EAR, NOSE & THROAT.

Every visual defect perfectly diagnosed with the
Refractometer, Ophthalmometer, and other fine
instruments.

THE REFRACTOMETER.

YOUR EYES? TRY THIS:

Effects of eyeglasses requiring correction by the use of apparatus are purely mechanical, and can be so measured by the proper adjustment of perfectly made lenses that their effects will be entirely obviated. This point should be read easily as follows (as they are from the eye). If you cannot do so you should wear apparatus. It does not pay to buy cheap spectacles. They distort the rays of light, distort the angle of vision, cause pain and discomfort and injure the sight. When it is necessary to hold work or reading matter further than 18 inches from the eye in order to see distinctly, it is a sure sign of failing vision, and such apparatus, however no pain will be perceived by having a pair of glasses fitted.

Office over Drake's Shoe Store.

Office hours, 9 to 12 A. M., 1 to 5 P. M.

INTRODUCTORY

A hustling city like Coldwater needs a Directory—and a Directory up to date. Since the issue of 1900 many changes have occurred. Marriages, births and deaths have alone made over six hundred changes, not to mention the families who have moved to new homes, those who have located in the city from outside, etc. The 1900 Directory was all right, but it now needs a successor, which we are assured will find a hearty welcome.

Don't Sweat Over A Hot Wood Stove.....

Let us place in your kitchen the greatest housekeeping blessing in the world, especially in warm weather—a.....

JEWEL GAS RANGE

We set them up, connected and ready for use, at the actual cost to us. Let's talk the matter over, anyway. It won't cost you a cent to investigate, and for convenience, cleanliness and economy it is far ahead of a coal or wood cook stove.

We Sell Coal of All Kinds....

Not the kind you have often bought, full of dust, slate, and other impurities, but good, solid COAL—the kind you like to use. Ever tried our excellent Jackson Hill Coal in your range? If not, order some and give it a trial. Those burning it won't have anything else.

Two thousand pounds, and then a few shovels full for loss on the way to your bin, constitutes our ton. Full measure, rounded over, is our policy, and that our patrons appreciate it is shown by the way they come back year after year.

S. POLLOCK & SON

? HOW ABOUT THAT KITCHEN FLOOR ?

Is it rough and slivery? Is it taking three times the proper amount of work to keep it clean and sightly? Has it shrunk so that the large cracks are constantly filled with dirt? Then come to us and let us explain the beauties, the wearing qualities and the staying qualities of our

Maple and Beach Flooring

It won't cost you a fortune to fit your floor up right

If your windows are loose and rattling, letting in more cold than they keep out, we will furnish you with new ones and take the old in exchange. You will be surprised to learn what a moderate sum will do in this way.

Porch Material We carry a complete line, from the cheapest to the best.

A New Plaster ELYRIA WOOD PLASTER is ready to use —no sand, hair or lime required— is as cheap and a great deal better than the old lime and sand mortar. Let us show you personal letters from experienced users.

Specialties for Chicken Coops

Such as "Neponest Red Rope Roofing," Tarred Felt and Small Lighted Windows.

We could fill up the rest of this volume telling you of all the different lines and varieties of stock we have for you, but if you have read thus far your patience is admirable. We therefore close with the assurance that we can fill your wants from the best assortment of well-shedded LUMBER, LATH, SHINGLES, LIME, CEMENT and kindred building materials to be found in this section of the country.

**"Just as good a Furnace as
the Round Oak is a Stove"**

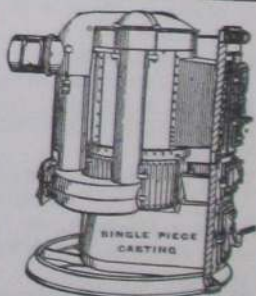

Round Oak Furnaces are as honestly made as the famous Round Oak Stove — the same careful painstaking fitting of every joint, door and draft — the same daily inspection of material and test of the completed heater. Like the Round Oak Stoves the

Round Oak Furnace

is guaranteed to give absolute satisfaction. It is the only furnace that burns any kind of fuel, wood, hard and soft coal and the only furnace that burns *all the fuel* — all the gases and most of the smoke. The price is reasonable. Send for the free Round Oak Furnace book.

A BARBED WIRE FENCE

Like our Millinery, has a great many catchy points about it. That's what makes this store the most popular Millinery establishment in Coldwater. We are right up to the times in the way of style, and we carry the very largest stock in the city.
