Dear Bill:

Thank you for submitting two copies of the up-to-date bylaws for your club.

Enclosed please find an approved copy for your permanent files.

Upon the advice of the Field Service Department we have changed your territorial limits to read as they were previously approved and on file here at the General Office. The reason for this is that your new wording was in the negative form and the positive form of your present reading is much more descriptive.

With kindest personal regards, I am

Sincerely yours,

FAY H. MC DONALD, Director
Club Service
