- Nick Krzeminski introduced Jeff Paarlberg as our newest member. Jeff is married to Nicki, and has two daughters - Laney and Avery. Jeff is working at Branch Insurance Agency.

Program

Lisa Miller - BCEGA

The state has reorganized the way economic development is done - creating regions, we are in the SW region with Battle Creek, Kalamazoo, etc. This has helped promote more interest in our area, as some companies have specific needs, they can't find elsewhere in our region. Lisa said that our location is ideal to recruit new companies, as half the US population is within a 500 mile radius.

His immediate plans are to build community spirit and support for the program, and has pledged the team become more involved in community events such as Relay for Life. His team will run an offense based on a hybrid style of the single wing with a shot gun snap. Jeff says that this year's squad will be a rebuilding year as they lost all but 5 starters.

Program

Chris Kelly and Angie Balowski - CHC Sleep Lab

Chris Kelly of CHC introduced Angie Balowski who spoke on the Sleep Lab. She noted that 24% of men and 4% of women who are pre-menopausal have sleep disorders. (Women grow to 24% afterwards) Besides the C-PAP breathing apparatus, there are pillars that are planted in the throat, surgery to move the jaw forward, and a new product that is implanted under the shin to shock the breathing to start again. Sleep disorders can lead to headaches, fatigue, loss of concentration and high blood pressure.
