A black and white photograph of a school building. The building is a long, single-story structure with a flat roof. The main section is made of brick and has a large window with multiple panes. To the right, there is a glass-enclosed entrance. In the foreground, there is a large, dark, textured field, possibly covered in mulch or gravel. To the left, there is a smaller, white building with two chimneys. The sky is a uniform, light gray. The photograph has a white border.

## ***“The New Frontier”***

Nineteen hundred sixty-one hails the beginning of a "New Frontier." The United States enters a new frontier as President John F. Kennedy takes leadership as the 35th president of the United States. Union City, Michigan, also enters a new frontier. . . a new frontier of education.

Union City has a beautiful new high school with a huge gym and a magnificent library. We have an expanded curriculum offered this year (mechanical drawing and French), and next year and all the years following will bring even more. Along with our new curriculum, three new teachers have been added to the high school staff.

Union City schools are growing with the community itself, and they are working together. In the past we've had P.T.A. meetings to talk over community and school affairs. This year we've added students to the P.T.A. The P.T.S.A. works out problems involving every age group and has good participation by parents, teachers, and students.

It is very fitting that Union City's new frontier coincides with that of President Kennedy's and the nation. We have the opportunity to grow and progress together.

The future looks promising for all who are ready to accept the challenges of our modern world. Education is the answer!

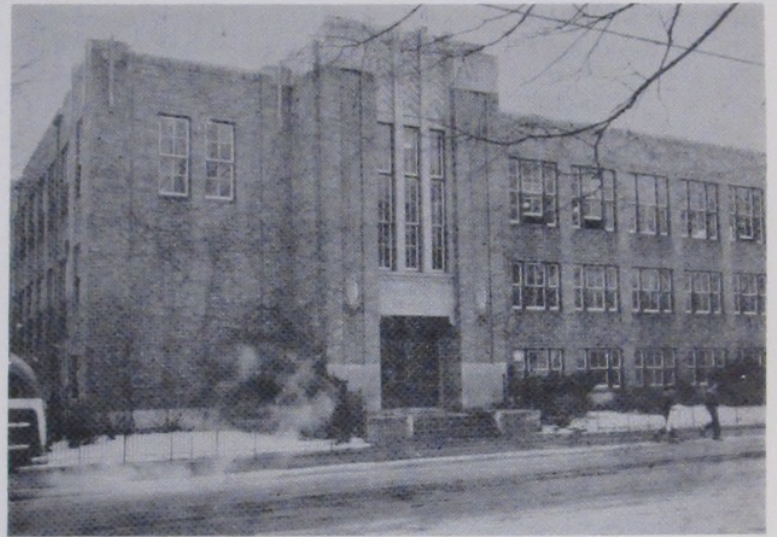

"The next year, the next decade, in all likelihood the next generation, will require more bravery and wisdom on our part than any period in our history."

President John F. Kennedy

FACULTY AND  
ADMINISTRATION

MR. WILLIAM A. DYER has been superintendent since 1937 and has seen our school population grow from about 300 to 1250. Under his supervision, many school districts combined to give better opportunities to all the children of the area. From the one remodeled building in service in 1937 we now have five classroom buildings in addition to a shop building now used for junior high. The vocational courses have been expanded so that many students now are prepared to earn a living when they graduate from high school. More math, science and foreign language courses give better preparation to the college-bound student. Under Mr. Dyer's supervision, two teachers with master's degrees in counseling have been added to the faculty. There has been a great change from the small school system of 1937 to the educational plant in our community today.

MR. WILLIAM L. ADAMS has been principal of the junior and senior high schools since 1948. His philosophy of education is that all students have a right to twelve years of public education and should be encouraged to complete that training. To that end, he spends endless hours assisting students to find the course of study for which they are best suited, encouraging them to try for higher levels, discouraging them from courses for which they are obviously not suited. This means that he knows and takes a personal interest in each student. Nobody knows how many have remained in school and graduated because Mr. Adams has said, "There's some good there. We ought to give him every chance to make use of it." Mr. Adams handles the scheduling of sports events and is always there in an official capacity, is present to see that all goes well at every social event, handles the business details of the annual, helps both students and teachers with problems, and has spent untold hours assisting classes in money-making pursuits. These are just a few of the many things our principal does in addition to his regular job of supervising curriculum planning and the education of our students.

Mrs. R. M. Leitch; Carl Henderson; Mrs. J. B. Washburn, Treasurer; Robert Brewer, President; Max Parks; John Gilbert; Ross Pendill, Secretary.

The Union City Community Schools have completed the building program started in 1952. Included in this program was the Union City Elementary School, 1954; the Sherwood Elementary School, 1960, and the Union City Senior High School finished this year. The present and past boards played a very important part in the fulfillment of these projects. The school year, 1960-'61 was the first year the district had a seven member board of education, as required by State of Michigan law of 1960.

We sincerely wish to express our thanks to our Board of Education for the many hours and hard work they have put in and for their devotion to the best interests of the students, teachers, and the community.

STUDENT LIFE

MARY CAROL and JOHN

Our Homecoming queen and her court are elected each year during football season. The football squad selects two girls from each class, and each class selects one. The student body votes by secret ballot and the five girls with the highest votes are the queen and her court.

This new frontier in education in Union City has provided our students not only with a beautiful new building, but also the opportunity to learn through experience.

In the library many more books have been bought for the use of the students. Now that there is more room, students can sign out of the study hall for the whole period and work in the spacious new library in peace and quiet.

The Home Ec. room is one of the most colorful rooms in the school. The girls have more ovens, irons, sewing machines, and an added attraction, a modern grooming area. Mrs. Converse has a demonstration kitchen which is very colorful and modern, and new furniture gives the room a home-like atmosphere.

More light, less fumes, more storage space! Yes, our new laboratory makes science study more efficient. In addition to a motorized hood under which gases are compounded, ventilators in the ceiling remove the gaseous smells that used to spread through the whole building. Each table is provided with a substation to supply either direct or alternating current, an improvement over the old battery-operated direct current. Each student has a drawer for his own supplies so he can work independently.

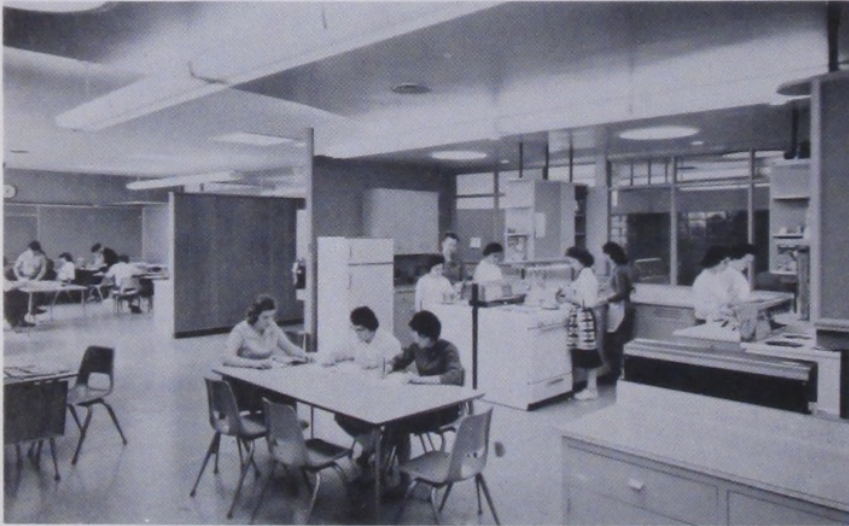

A special room is built in the new school for mechanical drawing. The desks can be set at any angle. Each individual has a drawer in his bench to store his own equipment. When the students are not drawing, the boards are stored where the drawings are kept neat. The students find the subject interesting because they can work independently and because the well-planned room makes the work convenient.

# Junior Play

This year's Junior Play was a hilarious comedy entitled "The Inner Willy" which was presented on March 23 and 24. It was the first play to be given on the new high school stage.

Elizabeth Hagerman, Judy Sawyer, Paul Clutter, Alice Eldred

Ronnie Swain, Sam Gregory, Mike Swarhout, Paul, Dale Marie Robinson

Willy has been given a very beautiful and easy life by his three elderly aunts who all have different wishes for his career. He gets into pretty deep trouble with his dream girl's boyfriend because he asked her to their graduation dance. With the help of everyone he then turns up with three dates for the same occasion. His inner Willy finally settles the matter completely and makes a man out of Willy.

# *Student Council*

FRONT ROW: Annabelle Tule, Judy Marten, Gerald Teachout, Carleen Cronkhite, Carol Schultz, Mr. Adams, Patsy McRae. SECOND ROW: Linda

Gregory, David Forrest, Tom Harty, Marty Chard, Bob Powell, David Watkins, Louis Dormer.

The student council has been very active this year. It again planned the Homecoming, conducted a Community Chest Drive by collecting the student contributions, and took care of distributing and collecting for underclass pictures. It also bought the Varsity cheerleaders' uniforms, and has planned assemblies for next year.

Some of the big projects this year were playing hosts to the Little "C" Student Council meeting in February and helping with the planning of the Open House.

The student council consists of two regular members and one alternate from each of the four grades. Mr. Adams is the advisor and the officers are: Carleen Cronkhite, president; Gerald Teachout, vice-president; Judy Marten, secretary, and Carol Schultz, treasurer.

M. Burns, S. Bingley, J. Ruggles, K. Johnson, M. Jones, Mrs. Evert, L. Ruggles, BACK ROW: K. Whitlock, J. Parks, M. Boatman, T. Howell, P. Weinberg.

This year we have a much more complete library than in previous years. Besides the main room, which seats fifty students, there is a conference room for group study. There is an audio-visual room for storing tape recorders, projectors, and other equipment, and an office and workroom used by the staff.

The library is open full time and at noon for individual student reference work. Students may come in a full study period or only part of one if they prefer.

The student library club has twenty-nine members each of whom devote approximately three study periods a week in the library. Usually two librarians are on duty every study period of the day. They take charge of the circulation desk and put the new books through the eleven processes.

The officers are Kathleen Thrams, President; Janet Goshcoff, Vice-President; Judy Platz, Secretary; Cora Mae Spindlow, Treasurer; and Linda Gregory, Reporter. Our school librarian, Mrs. Evert, is the advisor.

Our Future Teachers Club received its charter on April 20, 1953 from the National Education Association and the Michigan Education Association. The program is an exploratory one and attempts to develop an understanding of the teaching profession. The club meets the second and fourth Thursday of every month. Through discussion, research, and guest speakers the members become acquainted with the principles of the teaching profession and an understanding of the professional organization. Currently there are twenty-nine members in our club. Ten of these take part in the cadet teaching program. They spend a half day each week in observation and supervised participation in classroom situations that will enable them to have first hand experience concerning teaching. Twenty-two former members are either in the profession or are preparing to become teachers. Two former members, Majorie Applegate Mowrey who teaches in Sherwood and Ruth Crane Seifke who teaches at the Union City Elementary School, are now on our own school's faculty.

The officers this year are: President--Janet Gregg, Vice-President--Virginia Barber, Second Vice-President--Debbie Buell, Secretary--Sue Bingley, Treasurer--Judy Marten, Historian--Sharon Musselman, Reporter--Kathleen Donovan, and Librarian--Dale Marie Robinson.

At the beginning of the school year the F.F.A. boys spent most of their class time fitting and seeding the school lawn. There are still some finishing touches to be put into the lawn this spring.

After working on the lawn for about six weeks, the boys decided to take a trip to M.S.U. to a football game and about 30 boys went.

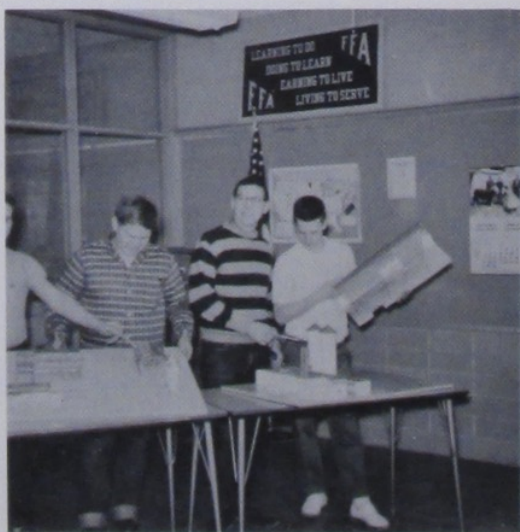

The first money making project of the year was the sale of rat poison which netted about \$50.00.

For three weeks before Christmas there were Christmas trees on sale at a local gas station. This project brought in a profit of about \$80.00.

The seed sales are planned for this spring to end the school year's money making projects.

The Senior boys will be treated to a steak dinner which will be paid for out of the F.F.A. treasury.

This year's officers are, President, Ross Tule; Vice-President, Tim Hart; Secretary, John Mathews; Treasurer, Chet Simington; Reporter, Tom Martin; and Sentinel, Tom Clark.

These are the hard-working students that make up the Annual Staff. They stay after school and take time from study halls to take pictures, write captions, type, paste, and arrange and rearrange pictures for the annual. They spend many long hours working to meet the deadline. They want your annual to be something you will be proud to show to your friends.

If credit is to be given to anyone for their hard work, it should be granted to these students, who have worked hard in preparing each issue of the Maroon & Grey for the enjoyment of the student body.

Before each issue can be distributed, the news must be gathered, written up, typed, dummied, then stenciled. Then there's a flurry of assembling and stapling of pages before you, the readers, can enjoy the results of the staff's hard work.

Janice Brown and Janet Gregg were co-editors, Lynda Gregory, assistant editor, Christine Byers, business manager, and Sue Bingley, exchange editor.

STANDING: B. Watson; R. Washburn; D. Swan; Mrs. Arey, Advisor; L. Bennett; R. Warsop.

This year debate gained many new members. Either because of the new school or an increased interest in World affairs. We don't know why, but we like it.

This year the proposition was Resolved: that the United Nations be substantially strengthened. The team faired better towards the last of the year with a surprise victory over Quincy by Bob Washburn and Dave Swan. We had several members with two years of experience: Bob Washburn, Arlene Mitchel and Warren Johnson. This is the third year for D. Swan.

Debate helps each one to organize his thinking and to learn to speak better. This is invaluable when each one graduates from school and enters either the business world or college.

Thrilling victories, bitter defeats, disappointing ties, records broken, titles lost, individual achievement. Those are reflections of Union City's sports world. Through the ups and downs of the Maroon's sport season, the spirit backing our teams, our players, our coaches and our administration has been a vital surging factor. It has the quality of good sportsmanship and fair play.

The Maroons reported for football practice late in August; a good four weeks before classes officially opened in our new high school. These young men felt that they were in good physical condition. The first week of drills under the hot August sun brought forth some aching muscles. Most of the boys were in fine condition within a short while and contact work began.

## CLEMENTINE

A sloppy sixteen year old girl who had but one aim in life and that was to become the regular end on the U.C.H.S. football team! That was the incredible Clementine portrayed by Sheri Thomet.

Her mother, Mrs. Kelly, played by Rosemary Pequignot, her friends Kathy by Janice Brown, Jane Ann by Christine Byers, the speech teacher Ann McNeil by Theresa Walter, and the town gossip Miss Pringle by Wanda Dibert all objected highly to Clem's playing football.

Her father Mayor Kelly played by Bob Wetherholt, Pete by Gerald Teachout, Tubby by David Donovan, and Hank by Allan Kingsley all thought it was wonderful. Abe, the wise old handy man, John Mathews, was trying to make Clem realize she was becoming a young lady.

The play was brought to a climax when Clementine realized she was no longer a tom-boy but a young lady in love with Hank.

Christine, Bob, John and Rosemary.

David, Allan, Theresa, Janice and Gerald.

Sheri  
Our grown-up  
Clementine.
