Announcements/Program

Announcements:

Mike Galliers announced that it was Ohio States turn to win--PLEASE!!

Program:

John Barrett spoke to us on "How to work together". Working well together affects us both at home and at work. Effectively working together consists of goals, roles, resources, procedures, communications, support and trust.

LOOKING
BACK

In honor of Howard Teeters' 60th anniversary, we've searched the archives and found when Howard was first introduced as a new member.

November 15, 1938

Meeting opened as usual with song service and introduction of guests, with Glenn Cowell in charge of the program. He introduced Franklin Q. Doyle of Chicago, a man who has had thirty-five or forty years experience in theatrical work, but who for the last few years has devoted himself to lecturing on astrology. With the aid of a large chart Mr. Doyle touched on the horoscopes of a good many of the members and created a great deal of interest in his talk. At this meeting Wayne Johnson, George King and Howard Teeters were introduced as new members.

A few facts:

- He served as Club President during 1946 - 1947
- Was awarded Paul Harris Fellow in April, 1989
- Given Honorary Membership during the Club's 75th Anniversary in Dec. 1996

Announcements/Program

Announcements:

Interact Highway Clean-up: September 27th, 1:30pm, at the High School. Drivers needed.

Show Committee Meeting: Thursday, 5:00, at the Coldwater Country Club.

Quincy Golf Outing: September 21st.

Program:

Dr. Krizan talked to us about prostate cancer, the most common cancer in men. 42,000 men will die in U.S. in 1998. Screening should consist of rectal examination and PSA count test.

Special Note:

Before Rotary golfers tee-off next Tuesday at the Country Club, Jim Erickson has graciously consented to demonstrate his new golf club. Jim reveals his golf partners are now unwilling to have side bets on the match since he began using the Ballistic Driver. Jim will explain it as a "swingless" club. He grips it in the usual manner and positions the club head next to the ball. Instead of swinging, Jim presses an Activator Button on the grip. An explosive charge inside the club head causes a metal plate to shoot out at 200 miles per hour. The ball then goes 250 yards straight down the middle of the fairway, drive after drive. Jim will say he no longer sees the ball take off in some totally random direction and disappear into the lake, the woods or Larry Woodham's front yard. When asked by a fellow golfer about the noise when the Activator is detonated, Jim explains the built-in silencer prevents loud bangs from being heard even a few feet away. Some of Jim's golf opponents have tried to get the club banned, but to them he says, "Forget it. The Constitution guarantees me the right to keep and bear the Ballistic Driver Club." The club is sold exclusively at all Save-A-Lot stores.
