Mr. George C. Kelsey:

I was on the Entertainment Committee for a national organization that met here some time ago, and I tried to get this admission charge waived, but they said that it was impossible to do so.

There are other attractions that might be of interest to them. There is the Ford Motor Company, and the recently opened Rotunda. We feel that you would make a wise choice in coming to Dearborn.

May I not look for your reply, soon, that you are coming? Kindly let me know just what route you will take, so that we can have all of the arrangements made for the motorcycle escort, and have everything in readiness to give your caravan a welcome, which we hope, and are quite sure, will remain long in the memory, especially of the senior class.

Sincerely yours,

Glenn B. Purdham
