"I would not hesitate to say that the United States is the finest society on a grand scale that the world has thus far produced."

Alfred North Whitehead

Superintendent Ronald Reynolds show plans for the new elementary addition.

Superintendent Reynolds Coordinates Quincy Schools

During the course of our formal education, the school has come to mean many things to each of us. However, the Quincy Community Schools exist for only one purpose, to provide an education for the youth of our nation. In obtaining this education you must work, study, concentrate and always strive to do better. Learning isn't always easy, nor is it always fun. Your teachers try to keep the subject interesting. However, like anything else, learning takes long hours of practice; sometimes these are monotonous, other times short and humorous.

Although many extracurricular activities are available for your participation, obtaining an education is the first objective and of most importance. Education is the key which opens the door to a better life for you. You have only one chance - take it, use it wisely and well. Remember, it is not the physical plant that makes the school or your education. It is YOU, the student, who makes its name - by your work, your spirit and your character.

Quincy Band Soars in Quality

The A-Band under the new direction of Donald E. Sherman, kept Quincy in the winner's circle by receiving straight 1's at marching contest at Battle Creek. Besides playing at our home football games and at the Christmas Concert, the band put on their annual Tibbits Concert.

Receiving a high 2 at District Contest did not let down the band at all. The band came back with an impressive Spring Concert. Other activities of the band include a Band Bust and many other money-making projects. The Michigan Week Parade in Sturgis, the Memorial Day Parade, and going to Band Camp in the summer concludes the 68-69 year for the band. They promise to make the 69-70 year even better.

Jr. Class Play "The Skeleton Walks"

After weeks of hard work, the Juniors presented their class play on the evenings of March 14 and 15. Much of its success was due to the fine directorship of Mr. Lockwood and his student assistants, Ann Bowerman and Margo Eaton. All those connected with the play will little forget the time, effort or the fun that a play asks for.

J.V.'s Experience a Tough Season

The Freshman boys that came out this year found that is is a little more work than they had anticipated. The Orioles fan can plan on a good team for the next few years. Coach Nofz stated "The Freshmen this year will be the nucleus of the team next year. The Eighth graders coming up will be the bulk of the team."

DENNIS GREY
"forward"

The Varsity Basketball team had a very successful season this year. It lost only four of its conference games, but these were hard fought ones. Awards this year were given to Dennis Grey for the most valuable player and to Jerry Watson for the most improved player. Quincy can be proud that two players made All Conference. Dennis Grey made the first team and Jim Riley made the second one.

A new award, called the Team Award, was given for the first time this year. It is awarded to the boy who shows the greatest team effort, spirit, and sportsmanship. A boy we can call the true 100 percenter. A boy whose only thoughts are for the team. This year the award went to senior Brad Hickok.
