Coldwater, Michigan.

Dear Sir:

Since writing to you I talked personally with Mr. Simonds, who has charge of Greenfield Village, and he will extend the courtesy of free admission to the students. There will, however, be the twenty-five cent charge for any adults who wish to make the trip.

I had talked to someone else in his office and was told they would have to make the charge, but Mr. Simonds is very glad to offer this privilege for the Seniors to visit the Village without any fee.

They will want to know how many and the time for the trip so they may arrange for the guides.

We are very pleased to anticipate this visit from you, and we will do all we can to make it a very pleasant one for us all.

Sincerely yours,

Glenn B. Purdham
