PRES SEZ: President Dick reminded us that the Board of Directors will appreciate any suggestions regarding use of Rotary Show Funds. Please forward note to any Board Member.

Official action will be taken at this week's Board Meeting to confirm the Board's consensus feeling that the caterer's meal increase must be passed on to the members. $3.00 will be the new weekly fee unless club members have a better alternative.

****

Dan Magsig is caretaker of the music sheets and would appreciate them being turned in after each noon practice so there will be enough to go around at the evening practice.

****

HAPPY BIRTHDAY to Dick Fischer, Ken Putnam, Chuck Davis and belatedly to John Milnes.

TODAY'S PROGRAM was in charge of Past-President Dick Moore, who presented Kevin Ireland, Program Director at Radio Station WTVB and current President of Coldwater Jaycees, and Rotarian Bill Carlson, who is currently serving as Regional Vice-President of Michigan Jaycees.

Rotarian Bill defined the Jaycee organization as a leadership training exercise for young men between the ages of 18 and 35. Jaycees train young men in the art of public speaking, community service and self improvement.

The local Jaycee chapter has been instrumental, with the Michigan Jaycees, in raising funds to expand burn medical treatment facilities throughout the State. The State Organization also worked extensively in getting through the bottle return bill and Headlee Amendment passed into law.

Mr. Ireland described several local Jaycee projects that have been sponsored by the Coldwater Jaycees, among them are the CPR classes; March of Dimes Walkathon; Muscular Dystrophy Campaign; halloween Parade, all of which allow members to get training in civic projects.

Both Mr. Ireland and Rotarian Bill encouraged employers and fathers to sponsor a young man in Coldwater Jaycees.

— Thanks, Bill and Kevin for an interesting program.

Show Director John Dean introduced the club to more of the great songs that will be featured in the 1979 Show. I never cease to marvel at how well John or Duke Davidson choose songs that are totally foreign to so many of us. Chorus practice is every Tuesday at 7:30 at the Elks.

CHILL THRILL?

I like the winter's icy might,
The blackened trees with ruffs of white,
The way a snowflake swoops and soars;
Unless, of course, I'm out of doors.

A. H. Livingston

This week's program chairman, John Pierson, presented Georgiana Holcomb, Chair Person of the County Commission on Aging.

The program is financed by Federal, State and Local funds. One of the most popular functions is the bus service provided to Coldwater area Senior Citizens. In addition to transporting seniors to and from their homes, it delivers 20 hot meals each day to senior shut-ins. The Commission on Aging believes it to be very important for seniors to get out of their homes as much as possible, even if it is for only a short time. It is good for their moraleeto have some place to go.

Mobile Meals is a Cooperative Program that supplements the Commission's hot meal program, and specializes in providing special diel meals.

Homekeeping services are also provided for seniors who are not capable of caring for their own homes.

Telephone No. 279-7043 is the Hotline that will get help and aid to any Branch County Senior who has a problem.

Thank you John and Georgiana for a very interesting program

****

Next week's program is in charge of Bob Nagle, will feature Vic Dotson from the Coldwater Regional Center who will speak to us about AISMR.

ROTARY PROFILE

Warren Adair was born Aug. 5, 1929 in Stanford, Connecticut. His family moved to Elmira, N. Y., where he attended grade school and high school. He received his B. A. Degree at Ohio University, his Masters at Western Michigan and his P.H.D. at Cornell University.

Dr. Adair and his lovely wife Lorraine have three children; Ross, who is attending law school at Texas Tech; Scott, residing and working in Coldwater; and Gayle, a student at the University of Miami.

Following a tour of service during the Korean Conflict as an Operations Sargeant in the Army, Dr. Adair taught Physics at Elmira, was a Professor at Colgate, Assistant Principal at Kingston N. Y., Superintendent at Trenton, Michigan, and now Superintendent of the Coldwater Community Schools.

Dr. Adair enjoys sailing, having a 16' Rebel Racer. He and Lorraine are also avid auction goers and collect Depression Glass.

The Singingest Club in the U. S. A.

Jan. 16, 1799

PREZ DICK reviewed several of the standing committee assignments of Rotary. President Dick emphasized that ours is a strong club because most members are involved in it's functions via committee work. If your committee chairman has not contacted you, please check assignments on the back of the weekly Rotary bulletin and give him a call.

&*********

THANK YOU note was read by President Dick from Fran (Mrs. Wm.) Fuller for flowers received during her recent stay in the hospital. We wish her a speedy recovery.

****

Dan Ward announced that show program advertising contacts will be distributed next week. Most contacts can be made by phone and we will have one week in which to contact the assigned prospects. HOWEVER, approval must be received before the ad is authorized. Last year several firms reported that their names were printed without approval, thereby causing embarrassment for all parties. Each solicitor will be held accountable for their assignments.

****

W A N T E D!

Rotarian Larry Woodhams requests any ideas you might have for show skits! Good or Bad - the committee will clean them up or spruce them up - as the need warrants. Please pass your favorite joke on to Larry.

ABSENTEES - Jan. 16, 1979:

Charles Bacon	Gary Mallernee
Carroll Barnes	Tom Miller
Dick Biringer	Bob Nagle
Hal Creal	Charles Putnam
Ed DeVito	Bob Seaman
Bill Fuller	Don Stine
Harold Goodholm	Paul Thompson
Bill Grimes (Excused)	Mike Toupalik
Jim Koss	Charles Woodward (Exc.)
Mark Maire	Ken Worden

Another reminder to get your makeup card in to Robert Rumsey so the club can get credit for your attendance. Please Mail to Bob's home at 120 Cheryl Ann Dr., or hand to Bob at next week's meeting.

DID YOU KNOW? Program assignments for the full Rotary year appear on the reverse side of the Rotary Bulletin each week. It has been reported that some members were not aware that they were scheduled for a program until President-Elect Dave contacted them for the context of their program. Please check and see if your name is inscribed thereon, and act accordingly.

Jan. 30 - Dick Hruska
Feb. 6 - Jerry Towns
Feb. 13 - Richard White
Feb. 20 - Chuck Woodward
Feb. 27 - John Dean

John Kline filled in for this week's program chairman, Bob Nagle, and introduced Vic Dotson, AIS Staff Supervisor, Community Health Department, who gave an interesting slide presentation on the proposed Alternative Internediate Services Mental Retarded project for Branch County. The program produced the following information:

The AIS/MR Unit at Coldwater is charged with developing and supervising the operation of a number of small group homes scattered across the counties of southwestern Michigan. These residences will provide needy Regional Center inhabitants with a more home-like atmosphere is which to grow and develop. The objective is to enable these people to move toward greater self-sufficiency and hopefully into other less intensive foster care setings.

Residents of AIS homes will be supervised 24 hours a day. While they are home and awake, there will be at least two staff on duty. At night, one staff member will remain awake. Additional staff can be provided if necessary. Staff members will come from the local communities where the homes exist.

The official charge for living at the Coldwater Regional Center is $69 per day, as compared to $52 per resident per day in an AIS home. Since the AIS program will meet stringent federal standards, it is eligible for 50% federal reimbursement. The Department of Mental Health bill each county 10% of the State's cost of operation for those residents admitted from that county. It is less costly to the State and county to have residents living in an AIS home, rather than remain at the Coldwater Regional Center.

PREZ SEZ: President Dick noted that Rotary membership is now 97. We are a very active club and much is expected from each member. We are looked upon as BOERS in the community: Committee participation is vital to our continued success.

Reviewing committee reports, President Dick continued with VOCATIONAL SERVICE:

EMPLOYER-EMPOYEE RELATIONS: Mark Maire publishes a breakdown of various employers, giving the number of employees, wages paid, benefits available, etc. These are distributed to industries.

FOUR WAY TEST: Jeff Dean has distributed the pamphlet to each Rotarian.

OCCUPATIONAL INFORMATION: Al Nelson arranges plant tours for youth of the community.

TRADE AND PROFESSIONAL RELATIONS: John Dean promoted his committee function through various programs throughout the year.

RETIRED FRIENDS: Ken Worden will make report at a later date.

****

Song Leader John Dean says "It is a good thing the show is at the end of February instead of January." Let's all surprise John & Mark by memorizing our songs real soon.

****

Past President Chuck Geishert is distributing the show tickets. Lets all sell those Thursday and Friday night tickets first. The Saturday night tickets will take care of themselves. Please note that the Ticket Committee has made it easier for us this year. No monkeying with 50¢ change! All tickets are an even $3.00 - no student price.

****

THANK YOU from Tom Normandin for flowers received while a guest at the Health Center.

Chuck Putnam, Program Chairman, introduced Mr. Edward Browne, Jr. of Detroit. His topic was "Rediscovering Michigan."

Traditionally February is considered National Heritage Month and a special time for Historical Tours. Mr. Browne took us on a colored slide tour of Historical sites of Detroit. Besides the interesting slides, the narrator gave us a number of historical facts:

Elizabeth Dennison Thorpe was the first black person born in Detroit in 1787. She was very involved in the underground railroad during the Civil War. She was working with whites living on Grosse Isle.

The second Baptist Church of Detroit is the oldest Black Church in Michigan, being built in 1836. It is located near Greek Town and has received two expansion projects during its life.

There were seven routes of underground railroad that came into Michigan on their way to freedom in Canada. Detroit, due to its close proximity to Windsor became a gateway to freedom for thousands of slaves.

Blacks were not allowed to fight on the side of the North at the start of the Civil War. In 1863, the first colored Michigan Regiment was organized and fought for the North.

The Michigan Plaindealer was the first black newspaper published in the 1870's.

A very interest program. Thank you, Chuck, for providing it for us.

NEXT WEEK - Dick Hruska is planning another top notch program entitled "Clowns."

ROTARY PROFILE:

Carroll Barnes is a life-long resident of Coldwater.
He was born November 20, 1940 to Mary and Howard Barnes, also long-time residents of Coldwater.
Carroll graduated from Coldwater High School in 1958. He has continued his education by completing numerous retailing classes. Carroll also, has the honor of being the only P.F.A. in the county. Ask him about the details!
Carroll married the former Peg McGarry, another hometown gal. They have two (almost teenagers) children, Amy and Tim.
Carroll's hobbies include fishing golf, boating and hunting. Carroll is quite an avid snowmobiler. We heard that a couple of years ago, Carroll wanted a thorough wash job, so he drove his machine into Morrison Lake. Carroll may not have had the best running machine in town, but he did have the cleanest.

TODAY'S Program Chairman, Dick Hruska introduced Mike Thomas. Mike lives in Coldwater and is associated with the Airflight Company located at the Airport here.
Mike is a professional clown, and applied his clown face while we watched and asked him questions about the clown profession. Mike's clown personality is "Big Foot".
Mike helped to get the Kiwanas Clown program off the ground. Clown school runs ten weeks. There will be class graduating locally at Legg.
Sometimes, the best clowns come from people who are shy and reserved. It seems to be an outlet for them.
Mike can also make-up other faces, examples being Santa, Dracula, or a werewolf.

Mike then put on his clown dress-top hat, multi-colored coat and trousers and giant size shoes....
Thanks to Dick and Mike for a very interesting and informative program.

NEXT WEEK'S PROGRAM:
Ken Putnam is in charge. He will have as a speaker Hans Schuler.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

Feb. 6, 1979

PRES SEZ: President Dick announced that World Understanding Week will be celebrated the week of March 6.

****

Mary McCafferty, student guest from Coldwater High School, sent a note of appreciation for being invited to attend our meeting.

****

A Thank You note was also received from Mary Davidson for the vase of flowers she received while a patient in the Health Center.

****

HAPPY BIRTHDAY to Greg Granum, Hal Sexton, Dick White, Fred Culy and Gary Mallernee.

****

SHOW DIRECTOR JOHN DEAN INITIATED AN EXTRA practice with the singing of some of the chorus music. A solo was also rendered by Ralph LaGro. Very enjoyable!

****

The response to the questionaire for the profile has been very gratifying. To date about ¼ have returned the form. However, a number have been minus a picture. One without the other is an exercise in futility. How will our newer members connect the info with a face if your profile is "faceless"?

INFLATION GYRATION?

People run around in circles these days,
No mean gymnastic feat.....
When you consider they're unable
to make ends meet!

Ruth Walsh

Ken Putnam was in charge of today's program. He Hans Schuler, Chief Executive of the Schuler Restaurant Chain, along with Carol Carr, Public Relations Director, and Brian Elliott, Helicopter Pilot.

Hans, a 1959 graduate of MSU, has a degree in Hotel and Restaurant Management. He is active in Marshall City Government, Calhoun County Government, MSU alumni and Trinity Episcopal Church. He presented an "Executive Chef" apron to Ken and Mark Putnam.

Continuing with a history of the family Restaurant organization, Hans stated that the company has grown about four times. He credits it's success to employees being proud to work with each other, respecting the thoughts of others if there is a disagreement. He emphasized the value of knowledge gained by talking with others, the need we have for each other as neighbors, friends and family. Love in an essential ingredient and also teamwork.

Attributes Hans observes in successful people are drive, initiative, energy and vigor; knowledge of how to get the job done; common sense, thinking effectively and judging wisely; daring, nose for opportunity, however, not being a risk taker; willingness to work hard.

The program was concluded by a slide presentation showing us the Win Schuler Company Story-Past, Present, and Future.

Thanks to Ken, Hans and their guests for an extremely interesting and informative program.

****

NEXT WEEK'S PROGRAM will be in charge of Dick White, to be announced later.

ROTARY PROFILE

On July 5, 1945, Howard and Mary Barnes became parents of a second son, Richie C. Barnes. A lifelong resident of the Coldwater area, Richie attended elementary and high school here. He graduated from high school in 1963 and attended Kellogg Community College, receiving an ASA in 1965. He then matriculated at Western Michigan University, gaining a BBA in 1967.

Richie and his lovely wife Karen have four children, Sara, Tony, Jimmy and Tamie. He is a partner in Bristor Leisenring & Co., CPA'S. He was certified in May of 1969. He has been in public accounting for 11 years, the first year in Indianapolis with Peat, Marwick, Mitchell & Co.

Interested in most sports, Richie's favorites are golf, bowling and vollyball. He is a member of St. Charles Parish, serving as Chairman of Administration Council. He is a prior Board Member of United Fund, an Elk and a member of the Coldwater Country Club. As a result of his interest in sports he has coached Little League and 6th Grade Basketball. His most recent contribution to his community was serving as Chairman of the Workgroup on AIS/MR homes for Coldwater and Branch Co.

SEEING IS BELIEVING...

A motorist was recounting problems he had driving to and from work lately. "It used to be easy," he said. "No traffic problems, no mad ratrace. Not now! Wow! Cars are coming from all directions. And - it's been that way ever since I got my new glasses. Lucille Goodyear.

ULTIMATE CHALIENGE....

The man who built a multimillion-dollar business was asked what single instance started him on the road to success. "My wife said I couldn't do it," he replied. R. B. Moore

GREETERS NEXT WEEK:

Ed Geishert and Ken Putnam
Alternate - Roger Higbea

Program Chairman Dick White introduced Charles Hoops, local coordinator for Evergreen School for the Physically Handicapped

Mr. Hoops presented slides on the special Olympics for the Handicapped. Soccer, wrestling, basketball, track and field, and winter sports are emphasized.

The response and enthusiasm of the participants makes all of the volunteer effort to put on local, district, state, regional and national and international eliminations worth while. Athletic ability is not a criteria for advancing, but attitude. 350 students are involved on the local level in winter sports and track and field. Age ranges from 8 years old up, and training for the Special Olympics starts about one month prior to the eliminations.

A special nurse is on site to tend to accidents and to administer medicine to patients.

Thank you Dick for an interesting program.

****

NEXT WEEK'S PROGRAM will be a narration by Major Chuck Woodward. He will tell us about his recent plane trip around South America.

(Excerpt from District Governor's Letter)

At their board meeting on Feb. 5, 1979, Lakeshore Rotary Club became the first club in District 636 to qualify for the special recognition award for their contribution of $15.00 per man to the Health, Hunger and Humanity program in honor of the 75th Anniversary of the founding of Rotary International. To Lakeshore and their dedicated members, may I extend a personal thank you and a big tip of the Governor's hat. I hope many more clubs will take your cue and get on the 3-H bandwagon in support of this great International program.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

February 20, 1979

PREZ SEZ: President Dick announced the 74th birthday of Rotary. On February 23, Rotary will begin it's 75th anniversary year with more than 18,000 clubs, including nine new clubs admitted on January 11. But the celebration is sobered by the fact that official action brought the termination at the end of January of all Rotary clubs in five countries. The 68 clubs had not functioned for months or years; their termination by the board of directors was a recognition of the situation. The clubs represented less than half of one percent of the total number of clubs.

****

HAPPY BIRTHDAY to:

Norm Youtsey — Howard Teeter
Connie Swart — Harold Goodholm

****

The Mountain-Doers (Lymburner, Klotz & Duke) done did it up good with their specialty number. Good going, men!

The Rev. Jim Troust pleased the group with his own rendition of Delta Dawn - some different than Sunday mornings "A Mighty Fortress" but Jim is going to be great.

Stage Chairman Satnford Jolley called the first work session next Sunday afternoon at Tibbits. Stage hands please plan to attend.

Director John Dean reminds us that THE SHOW IS NEXT WEEK! Chorus will practice Each night next week, and all specialty acts are to attend the practice Sunday at Tibbits. 5 to 8pm

****

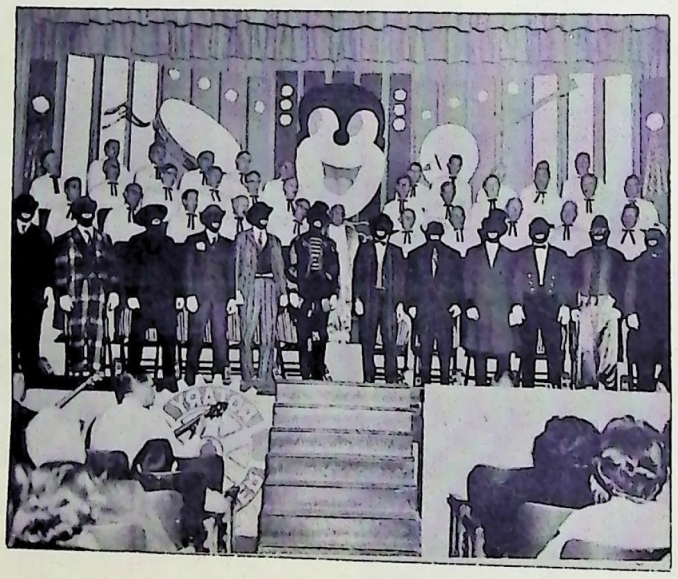

Dick White, Chairman of the Branch County Cancer Crusade, announced that there will be a basketball conpetition between the Detroit Lions and the Michigan State Police at the Coldwater High School Gym on March 8. Tickets are $2.00 each and the proceeds will be divided by the Cancer Society and Big Brothers. Lets all support this very worthy endeavor.

****

There will be a board meeting at 12 noon, March 1, 1979 at the Community Health Center. All board members mark their calendar.

The 1979 Rotary Show has a great Tradition to uphold!!

PROGRAM FOR THE DAY was Mayor Charles Woodward who gave a very interesting oral report of the recent trip around South America.

Chuck told about planning the trip, which came about because of a spontaneous comment made one day out at Branch County Memorial Airport. Four other flying enthusiasts soon requested to become parties to such a trip.

The trip covered 25,000 miles and used 2600 gallons of gasoline in the two plane; 33 trips through customs, domryimrd sd msny ad four times in one day; aviation gas averaged over $1.00 per gallon and was nearly always available.

At Georgetown, Guiana, the only available gasoline was in a wrecked DC-8 which the party commandeered with the aid of a 20 foot plastic syphon hose, and a twenty dollar bribe to the security officer.

Rotarian Jim Conrad acted as radio contact for the voyagers and made contact with other Ham Radio operators to receive the party as they progressed on their trip.

The language barrier was a challenge on several occasions and required much ingenuity in order to communicate with the Spanish speaking natives of the South American countries.

Brazil charged $50.00 per plane each time they landed at an airport. However, they are very much up-to-date with airport facilities. Computerized weather data was always readily available. Argentina is about 20 years behind Brazil in air facilities and do not normally accommodate foreign air visitors. Every time they stopped at a local airport, they were immediately suspected of being dope runners. It was only after they gained the confidence of the airport operators that they were welcomed and taken into the locals confidence.

Sounds like an interesting experience and we thank Chuck for bringing us an account of his experiences. I'm sure there is much more to tell at a later date.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

Feb. 27, 1979

PREZ SEZ: President Dick read thank you notes from Past-President Chuck Geishert and Rotary-Ann Marion Teeter for get well flowers during their recent illness. Also, a thank you card was received from Coldwater High School Marching Band expressing their thanks for the cash contribution to their New Orleans expense fund.

ALL Rotarians and their ladies are invited to the Rotary Show AFTERGLO Saturday Night at the Elks immediately after the close of another highly successful show. Traditionally, the Afterglo is designed to be a fun time where the members can unwind and enjoy themselves. Food and beverage will be served.

****

HAPPY BIRTHDAY TO Rotarians Bill Carlsom and George Buchanan, and

CONGRATULATIONS to Rotarian Harold Goodholm on 56 years of perfect attendance in Rotary. Harold has been a member of the Coldwater Club for approximately 25 years, and is Past President of the Stillwater Oklahoma Club. Rotary International recognizes Harold as one of the 5 Rotarians in the world with over 50 years of perfect attendance. As a token of their esteem for Harold, each Rotarian in attendance donated $1.00 in Harold's name to the Rotary Foundation.

A little more than ten years ago, at Rotary's convention in Honolulu, Hawaii, a Paul Harris Fellow asked if his wife could accompany him to the Paul Harris Fellow' breakfast. Learning that it was for Fellows only, he promptly worte out another $1,000 contribution so that his wife could join him for breakfast. That's one small human interest tale in the larger story of the Rotary Foundation's financial success. In Honolulu, there were 39 Fellows from six countries. In Rome there will be more than 31,000 Paul Harris Fellows eligible to attend the luncheon which has been announced by Trustee Chairman William R. Robbins. It will take place Tuesday, 12 June....contributions by or on behalf of Fellows in fiscal 77-78 amounted to almost 60 percent of the record 11.9 million dollar contributions. In the first six months of this year, contributions are running 24 percent ahead of last year's pace. Congratulations, governors, Foundation promotion leaders, and others.

(Excerpt from General Secretary's Letter)

Today's program was in charge of John Dean, who related a few highlights of previous Rotary shows. John Read the following resolutions from the 1935 club minutes:

> G. B. Branch, "I hereby resolve to stop increasing the population of Coldwater." George was Bob Nagle's Father-in-Law.
>
> R. A. Kerr, "I resolve to find a better excuse for being late to Rotary Meetings." Like father, like son seems to fit very well in this case.

The balance of the program was used to spruce up on several of the show songs. Director John gave us a special treat by having all of the show ushers come up front and sing their version of Just Another Polka. There was a comment at one of the tables that the chorus and ushers should change places starting Thursday night.

Dan Dean soloed on his show song The Gambler, which promises to be one of the biggest "hits" of the 1979 show.

In spite of all the grief the show members give Director John Dean, the writer wishes to express the sincere THANKS of every club member to John for his very able leadership. John's patience, good nature and subtle wit has kept the'show on the road' and we are all in debt to John for setting a good example of a Perfect Gentleman. the Club says tahnks again, John, for the untold hours of work and worry put into the 1979 show! And all the congregation said Amen (let it be so)

NEXT WEEK'S PREGRAM Chairman is Jeff Dean who will present Dr. Stanley Bushouse, Principal of CHS, and the 6 foreign exchange students currently studying at Coldwater.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

March 6, 1979

PREZ SEZ: President Dick conveyed a special THANK YOU to MARK, DICK HOLBEN AND JOHN for their efforts and leadership for the 1979 Rotary Show.

WORLD UNDERSTANDING WEEK - Clem Renouf, President of Rotary International states, "The immediate future of the world is in our hands; the hands of people who care, people who reach out to other people. Rotarians are such people."

Rotary Foundation sent 1500 young ambassadors to travel abroad as exchange teams and as an individual educational experience. If our youth are able to study and live with those of other countries, maybe they will begin to understand each other's problems, thus they may realize that peace between nations is essential for human survival and not merely an ideal to be proclaimed!

****

Chuck Geishert asked that all ticket money be turned in.

****

Vuce-President Dave took a survey of interest in May ladies nite. He will be working on this.

****

HAPPY BIRTHDAY to Ken Worden & George Buchanan.

GREETERS NEXT WEEK:

Hal Sexton — Don Shorno
Alternate - Fred Anderson

Bill Milnes, Program Chairman, introduced Dr. Stan Bushouse, Coldwater High School Principal, who in turn introduced our foreign exchange student guests. Dr. Bushouse called on each student to share with us their impressions of the United States.

Hiltrud Mertens, from West Germany, decided to become an exchange student along with her sister. She is staying with the Price family whose daughter stayed with her family while she was a student in Germany. Schools in Germany are dismissed between 12:30 to 1:00 P.M. Hil enjoys traveling. Her native city in Germany has a population of 400,000.

Staying with Mr. & Mrs. Quentin Scheidler is Erik Dalby from Denmark. His home is in the northern part of Denmark and he lives near a town of 20,000 people. It is near the coast so he enjoys fresh fish. Scandinavian children enjoy the night life of their country. Erik enjoys sports at Coldwater High School.

Mike Hernandez is from the Capital City of Venezuela and is living with the George Ashton family. Their climate is very hot, with 65° temperature being considered "Cold." Mike came to the U.S. as an exchange at the urging of his English teacher. High school in Venezuela is much like our colleges in that the hours are flexible and days vary. Mike come from a family of four brothers and sisters from a city of 3,000,000 people.

Charlotte Kristensen, living with the Hodge family, is from southern Denmark living in the third largest city. Her friend liked the United States so she decided to visit. Schools in Denmark are from 8 A.M. to Noon, with an opportunity to attend evening classes in the winter. Public transportation is more accessible there.

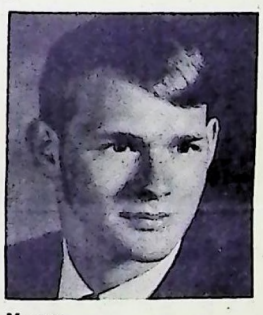

Mr. & Mrs. Warren Widener have opened their home to Kirsi Porsti from Finland. Her home school is the same size as Coldwater High. She likes her teachers and the people she has met. She likes basketball and has enjoyed the winning season. Kirsi hopes to study medicine at U of M.

Ismo Uosukainen, also from Finland, comes to us from a town about 80 miles from Helsinki. It has a population of 80,000. It is a center for paper manufacture. The national sport is skiing and saunas are very popular in each home. Public transportation is expensive and helps young people travel at ease.

Dr. Bushouse mentioned the responsibility that a family assumes and the interest they can take in providing a home for a YFU youngster. Thanks to Dr. Bushouse for bringing the students to us.

ROTARY PROFILE

Terry Lee Warner was born Sept. 13, 1955 in Ionia. He is the son of L. D. and Margery Warner.

After graduating from Ionia High School, Terry worked 6 years at the Burger Chef in Ionia and then transferred to the Burger Chef in Coldwater. His wife's name is Mary.

Terry enjoys hunting, fishing and basketball. He likes to work in the community and especially with young people.

The COLDWATER *Rotary* REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

March 13, 1979

PREZ SEZ: Thank you note from Governor Bill received, thanking Dick and Jan for an enjoyable evening and congratulating the entire club upon another successful project.

Also:

Dear Dick and Jan, and the Rotary Club of Coldwater:

Thank you so much for the wonderful evening Saturday night. It was our first visit to Coldwater and certainly will be a memorable one.

This is a tremendous project for your club and probably one of the finest projects in Dist. 636.

Thank you again for your wonderful hospitality.

Bill & Char Menser
Lakeshore

****

Keep in mind the four projects to receive the proceeds from our show: Basic Life Support, Tibbits, Cancer Society and Smoke Alarms for the elderly.

****

Received from SUNNY FLORIDA:

"I see by the Coldwater Daily Reporter that the show time is fast approaching. Will, I can't sing and I can't dance. I am too lazy to work and I wouldn't trade this Florida sunshine for the Michigan weather. Please accept the enclosed as a peace offering.

Good luck with the show."

Sincerely,
Elwyn (Bodley)

****

Dan Dean was our able songleader for the day.

GREETERS NEXT WEEK:

Richie Barnes and Don Steffey
Alternate - Rich Holben

Program Chairman Bill Grimes introduced Bill Grimes who gave a colored slide presentation on his recently completed plane hopping trip around South America in the company of Mayor Chuck Woodward.

This proved to be a very information and enjoyable program. Thank you Bill for sharing your experiences with us via pictures.

****

NEXT WEEK - Program Chairman Mark Maire will present Wayne Kellogg on Coldwater Highschool Athletics.

****

LADIES NIGHT - MAY 12, Holiday Inn, Angola. Cocktails at 6:30, dinner at 7:15 - Band and dancing.

****

We have received in invitation from the Ohio-Erie Rotary Youth Exchange Program for Rotary International Districts. They are a member of the U.S. Coordinating Committee for the Rotary Summer Home Stay Program for Scandinavia-U.S.A.

This is an exchange program for sons and daughters of Rotarians only (except to Finland). If you are interested in participating is this exchange, please contact President Dick who has the pertinent information necessary.

They have a goal of 100 and when they reach that, no more applications will be received. Speed seems to be desirable.

ROTARY PROFILE

F. Harold (Hal) Creal was born in 1931 in Geneva, Ill. He was the son of Floyd and Naomi Creal.
Hal attended Western Michigan University and received his BBA in 1954. He has acquired some hours towards his Masters Degree from the University of Utah. He is a Fellow of the American College of Nursing Home Administrators.

Hal and his lovely wife Lillian have three children, Mark, Susan and Paul. They are both involved in the management of Carriage Inn Convalescent Home, the Bronson Care Center and the Little People's Child Care Center.

Reading and Volunteer Work in the Professional Society & Industry Association occupy Hal's leisure time and he also had an active interest in Tibbits. He also has a passing interest in politics.

Ladies night will be held at the Angola Holiday Inn May 12th, with docktails at 6:30 and dinner at 7:15 P.M. Reservations are now being taken by David Rubley, Chairman for the event. Give Dave a break by making your reservation early. It is much easier to plan if one knows how many will be attending.

WKB

Mark Maire, Program Chairman, introduced Wayne Kellogg, Athletic Director at Coldwater High School for the past 7 years. He told us that the Coldwater coaches are totally committed to their responsibilities to the children of Coldwater Schools.

CHS was completed in 1956 and the athletic program consisted of 8 interscholastic sports. Title 9 of the Federal Civil Rights Act requires equal opportunities for boys and girls alike, so now the school provides 15 interscholastic sports with 46 coaching positions. Athletic events last year consisted of 540 different events.

Winter programs provide many problems due to lack of facilities which were built for half as many activities. Every effort is made to rotate practice time so that every sport receives equal use of prime time and facilities.

Two years ago the coaching staff approached the Board of Education with a long range Master Plan for a future Athletic Complex. The complex would include more tennis courts and softball diamonds; new all weather track; new press box and additional seating at the football field. In addition there would be a new indoor building for additional gym and locker facilities.

The school has had to refuse the City Recreation Department use of the school facilities due to school overcrowding, so the City was forced to look for indoor facilities of their own. The School and City have now joined forces to provide joint facilities which will accommodate all needs. A planning firm was engaged to develop the Master Plan which also provides activity areas for Senior Citizens as well as a Community Auditorium which would seat 1500 people.

The Heritage Activity Building would include indoor tennis courts, ice skating rink, dressing rooms etc., and would provide a cover for the outdoor pool. It is hoped to use Federal funds as they become available. Some will be 100% Federally funded and others 50-50 matching. This is a 20 year plan and at present day costs the total would be 10 million. This would be built as money became available.

Thank you Wayne for an interesting and informative review of the athletic plant and plans.

****

NEXT WEEK'S PROGRAM will be in charge of Jim Lyon. He will present Mr. George Bratcher, our City Tax Director.

EDITOR'S NOTE: It is apparent that Mr. Bratcher is very knowledgeable and capable in his field and Coldwater is fortunate to have his services. It is reported by Mr. Bratcher's employers that he has done much to pacify and satisfy disgruntled tax payers of the city by patiently explaining the procedures used in arriving at their tax base.

WKB

Today's Program Chairman, Jim Lyon, presented Mr. George Bratcher, City Tax Director. Why taxes go up? There is no comparison between the process of assessing that was done light years ago and the procedure required today. The next three years will bring even greater changes as result of the State Legislature's actions.

There is more involved than just the local assessor's actions, mainly the State Tax Laws. Each county equalization department must determine if each property is being assessed at 50% of market value and if not, they must apply an equalization factor that will bring all properties at least up to 50%. Therefore, the properties that were originally at 50% will be over 50% after application of the factor.

Coldwater property values have been going up and up and up each year due primarily due to inflation and shortage of homes. The old case of supply and demand is causing an upward movement of values.

The three year average for homes in Coldwater is at 44% or 6% below the statutory figure of 50%. Therefore, Mr. Bratcher raised homes 10% and business and industry 4% for an overall average of 7%, thus bringing the various classes back in line. This year we do not have a state equalization factor since we are in line, so our overall increase on homes is about 6% rather than 10%.

Coldwater is one of 2 cities in Michigan who has all of the 2000 tax rates programmed into a calculator to facilitate equitable taxing assess ments.

At the present time, assessments are being equalized by classes; residential, business and industry. It is Mr. Bratcher's plan to individually review each parcel in the 3 classes in order to equalize every parcel within the class. Most complaints originate because owners feel they are being assessed at a greater value than their next door neighbor, or the house down the street. Since there are over 4500 individual parcels, this will be a large undertaking.

Mr. Bratcher pointed out that it is not detrimental to improve ones home by making major improvements as so many people believe. A $1000 capital improvement will be assessed for $500 and result in $26.00 additional annual tax. That is a 2.6% increase and hardly enough to warrant doing without the major improvement.

Thanks Jim and George for a very interesting and informative program.

"He Profits Most Who Serves Best"

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

April 3, 1979

While our esteemed President is basking in the sun at Myrtle Beach, South Carolina and we are watching the snow outside, perhaps this is a good opportunity to print a few extra items - so, when the cat is away!!!

"SHOW ME"

"I'd rather see a sermon, than hear one any day;
I'd rather you would walk with me, than merely show the way;
The eye's a better pupil, and more willing than the ear,
Fine counsel is confusing but example's always clear.
And best of all the preachers are the men who live their creeds,
For to see good put in action is what everybody needs.
I soon can learn to do it, if you'll let me see it done;
I can see your hands in action, but your tongue too fast may run.
And the lectures you deliver may be very fine and true;
But I'd rather get my lesson observing what you do;
For I may not understand you and the high advice you give.
But there is no misunderstanding how you act and how you live."

Warren Adair introduced himself as a program named "Adair." He stated that the program had nothing to do with formal education, but he started out by educating us on "How To Be A Standup Comic."

We became acquainted with a different person from the quiet, reserved, dignified school superintendent that we have come to know. His delightful delivery of "American Grafitti" was enjoyed by all.

Thank you Warren for an entertaining program.

ROTARY PROFILE

Gregory John Granum was born February 3, 1949 in Minneapolis, Minn. He is the son of Robert and Jacquelyn Granum.

Greg is a graduate of the University of Michigan, Oakland Community College and Western Michigan University. Prior to coming to Coldwater, he worked for seven years in a supervisory management capacity with Jewel Foods.

Residing at Matteson Lake near Bronson, Greg is interested in handball, raquetball, swinning, skiing, sailing pool and golf. Besides the busy schedule and rigors of starting a new plant in Coldwater, he is presently attempting to purchase a home in Coldwater and will look forward to a mutually rewarding relationship with the community and his fellow Rotarians.

/

Dan Dean reported that the Rural-Urban meeting was successful last week and hopes to have another.

****

The Golf Outing will be held July 23 at the Coldwater Country Club. Bill Crotty is the chairman and Coldwater Rotary will be hosting.

****

ATTENDANCEFOR FEBRUARY WAS 88.26% - third in the District. Get those make-ups in. Would be nice to be Number I.

****

Have you asked your wife to accompany you on the special education program visitation day, April 24, from 9 to 12 A.M.? Let John Dygert know of your interest now!

****

MANY HAVE MADE SOME SIGNIFICANT COMMITMENT TO ROTARY THIS YEAR TO HELP US IN THE GREAT CAUSE OF SERVICE. IF YOU HAVE NOT FOUND THAT SOMETHING EXTRA TO DO FOR ROTARY, WHY NOT MAKE A RESOLUTION TO GO TO THE DISTRICT CONFERENCE AND SWELL THE RANKS OF DEDICATED ROTARIANS WHO ARE MAKING A GREAT EFFORT TO PROVIDE A PROGRAM OF "ROTARY AT ITS BEST!" Get your room reservation in now! Holiday Inn South, Lansing.

EVER NOTICE? A mother usually hopes that her daughter will get a better husband than she did, but she knows that her son will never get as good a wife as his father did.

Lucille Goodyear

Women have better memories than men. For example the average woman of 30 can remember things that happened to her 40 years ago.-Henry Leabo

NEXT WEEK: Program Chairman Warren Adair will present Lynn Bondurant and Faye Milnes with a program on the new gifted child program in the schools.

PROGRAM CHAIRMAN Mike Toupalik presented Lowell Maxson, from the Coldwater Lions Club, who presented an interesting program on Leader Dogs for the Blind.

Rochester, Michigan is headquarters of the Leader Day Program. It was established in 1939 and has graduated over 5000 students from a 4 week instruction program. Dog and master are introduced to each other during the second week. One of the greatest challenges to dog and master is to successfully navigate a swinging door.

German Shepards, Golden Retriever and Brown and Black Labradors make the best leader dogs.

The cost of training of one dog costs $4500.00. There is no cost to the recipient. Entire costs are paid by the Michigan Lions Clubs and from voluntary contributions.

The dog gets 16 weeks of preliminary training before being assigned a blind master and must pass very rigid tests before graduating. Master and dog are taught 4 basic commands: come, down, sit and rest. The the students are taken to downtown Detroit to practice.

Daily meals are prepared for 200 dogs whose dishes and kennels are sanitized daily. A full time veternarian keeps a daily check on each dogs health.

Students stay right at the school during the 4 weeks of training.

Rochester graduated 354 teams last year - shooting for 400 teams per year. Presently they are expanding the dornitory facilities to accommodate 24 more students.

Mr. Maxson made a plea for everyone to seriously consider the eye bank as a means of leaving a living gift to a blind person.

An extremely interesting and informative program. Thank you Make and Lowell.

THE AVERAGE ROTARIAN?

It is so easy to be dazzled by the "big" statistics - figures like 18,000 and 150 and 835,300 - and to overlook the vital statistic. How often have we referred to the "average Rotarian?" There is no such person. Here, according to a recent survey of The Rotarian is a profile (in part) of the average U.S. Rotarian reader of the magazine. He is 53, with 13 years of Rotary membership. His income is $36,951. He's married, owns his own home, valued at $69,828. Travel is a major hobby. He and his family average 10 air line flights a year, and he takes 2 or more vacations each year, averaging 15 nights a year in hotels and motels. He is affiliated with the local Chamber of Commerce, and belongs to a trade or professional association.....Clem Renouf, President, Rotary Intern'l.

Todays Program Chairman Warren Adair presented Fae Milnes and Lynn Bondurant of the Coldwater School System. They told of the Branch County Accelerated Learners Program.

This new program for gifted children is held on the second floor of the Roosevelt Building and is in session Monday through Thursday. The program was approved in mid 1978 by action of the Board of Education after a thorough study by a Citizen's Committee. The Branch County Intermediate School District provided partial funding through a State Grant via Title 3C.

The children chosen for this program were nominated through teacher recommendations, parents and even students themselves. Participants were selected via a process that kept the persons identification secret until he had been selected.

Mrs. Fae Milnes is the program Coordinator and has 4 classes of 18 each, all very ambitious, inquisitive kids from grades 3, 4, 5, and 6. It is their hope to expand the program to Junior High level next year.

These children are given the opportunity to develop their individual skills to the fullest. They are encouraged to use their imagination in making games and other projects that require much thought and research.

Thank you Lynn and Fae for an interesting presentation on this new phase of education.

****

NEXT WEEK'S PROGRAM will be in charge of George Henriksen will present Bob Montgomery from the Branch County Intermediate School District. His topic will be the Problems of Handicapped Child-Existing Program, Future Program, Obstacles and Needs.

ROTARY PROFILE

Kenneth Putnam was born December 30, 1917, in St. Johns, Michigan, the son of Ida and William Putnam. He attended Lansing Central Highschool two years at Michigan State and graduated from the St. Louis Mo., College of Embalming.

Ken's Rotary Ann is Mabel, and he had three children; Nancy Brayton, Mark and Chuck Putnam.

Before coming to Coldwater in 1946, Ken was employed in Lansing and Detroit. He is a past-president of Rotary.

Recently Ken and Mabel purchased a summer home at Harbor Springs, Michigan which they find a most enjoyable "second" home. He enjoys his chosen profession and is active in the Methodist Church.

Pres Sez: President Dick announced that this is Rotary Magazine Week as well as National Secretary Week. So, President Dick reviewed our National Monthly Magazine, The Rotarian, quoting from a recent publication, "U.S. journalist Sydney J. Harris Once said that learning is like water - it is a great source of power as long as it remains fluid, but when it is permitted to freeze over it is a useless impediment to any creative activity. As Rotarians attempt to keep apace of the problems confronting their communities, their countries and their world, they might do well to keep Mr. Harris' words in mind; for Rotarians must be continually learning in order to insure that their efforts are relevant to the needs of the day, and that their actions will produce a positive impact upon society. Without a constant flow of information, suggestions, and ideas, a Rotarian's continuing education will falter, and his creative approaches to service may well be in danger of "freezing over."

"But we Rotarians possess a special resource which keeps us up-to-date and informed, one which serves to move us to action and encourages us with inspiring examples of service throughout the world. I am speaking, of course, about our official magazine."

The magazine forms a direct link between Rotarians in every Rotary country, sending news, information, and inspiration to every corner of the earth, and reinforcing the international bonds connecting all Rotary club members.

NEXT WEEK'S GREETERS: Dale Treadwell & Jim Troust
Alternate-Santford Jolley

TODAY'S PROGRAM chairman was Carroll Barnes who presented Mrs. Diane England who is Branch Co. Director for "ears for the Deaf" program.

The local program started in September, 1978 as a result of Mrs. England's 4-H Dog training programs. The Coldwater Lions Slub and Mrs. England have joined forces to provide ears for the deaf through the use of specially trained dogs. The local Lions Club pays the deaf childs medical costs and the dogs have been donated by a gentleman from Haslett, Michigan.

Mrs. England trains the dogs to distinguish various sounds such as door bells, knocks, telephone and smoke alarms. Their training starts at the age of 10 or 12 months and follows the same obedience training as given to leader dogs for the blind.

This is a brand new program and at present time is strictly on a local level. However, it is Mrs. England's plans to share the program throughout the nation and hopes to eventually expand the program in order to serve deaf adults as well as children. She presently is preparing a training and procedural manual which is the first of its kind.

One of the nice features is that many dogs who are turned over to the Humane Society are intelligent enough and of the right temperament to become an "Ear Dog." The deaf person only has to be physically and mentally capable of working with the dog.

Currently there are two young people participating in the training program.

We thank Carroll and Diane for a very interesting program.

ROTARY PROFILE

Charles E. (Chuck) Davis was born Dec. 29, 1924 in Lafayette, Indiana. He is the son of John and Nellie (Fickle) Davis.

"CHUCK" DAVIS
as seen by Alex Patino

Chuck earned a B.S. Degree from Indiana University and has done graduate work at Indiana University and Northwestern University. His spouse is truly his Rotary "Ann".

Presently the Controller for the County of Branch, Chuck has also had experience in Financial and General Management and in Industry.

A former member of the Union City Rotary Club, he held the offices of Secretary, Treasurer and President in that club.

During his spare time, Chuck enjoys boating, water sports and travel and is active in Elks Club and Coldwater Country Club besides his Rotary activities.

A shipment of 710,000 doses of tetanus toxoid vaccine donated by a pharmaceutical laboratory in Canada was shipped to the Philippines last month under auspices of the Health, Hunger, and Humanity program. The vaccines will be used in an immunization program jointly carried out by Rotarians and the Philippine Ministry of Health.

Rotary in action! (Excerpt Gen. Sec. Letter)

Community Service Committee Member George Henriksen introduced Bob Montgomery from the Branch County Intermediate School District.

Mr. Montgomery announced that May is "National Day of the Child" month. "Programs for the Disabled Child" in Branch County was Mr. Montgonery's topic for the day. The Intermediate School offers a very complete program for the disabled child.

Pre-school and early education for the handicapped is recognized as a model for the whole State. Many of the children are able to attend public schools as a result of supportive help. Branch County's program started 1971, 4 years before the State even passed enabling legislation.

Close cooperation between the area doctors allows early contact with children in need of help. Pediatric care for the handicapped in gained from specialist centers in Kalamazoo, Grand Rapids and Ann Arbor.

Civil rights for the handicapped under Federal Act, Sec. 504, Civil Rights section of the National Rehabilitation Act, has gone over board in guaranteeing rights of the handicapped at the expense of other groups. Mr. Montgomery feels that we all should work for the equal rights of all citizens, rather than zeroing in on just certain groups.

Segregation of the handicapped is not a good solution, so the students have been integrated into the mainstream of the school system which has been a good improvement in the program.

Wider programs for the handicapped can do much to help them to catch up with the rest of society Many of them have been unable to learn to read and write due to their main handicap, and special tutoring has been correcting this condition.

Parent involvement is an absolute must in order to maximize the handicapped's potential. Team effort on the part of parents, professionals and the community is the key to solve this important social problem.

Thanks to George and Bob for another fine program

ROTARY PROFILE

On October 13, 1914, Cyrus and Mabel Luce became the proud parents of a son, Lester.

Lester attended grade and high school here in Coldwater, received his A.B. Degree from Hillsdale College, his Masters from Bowling Green State University and has 20 semester hours toward an advanced degree. He and his college sweetheart, Helen, have two children, Thomas and Jane.

After teaching at Laingsburg from 1937-41 and Imlay City 1941-46, Lester became the Senior High Principal at Harbor Springs from 1946-50, at Eaton Rapids 1950-57, Niles 1957-67 and back home to Coldwater where he served from 1968 to 1977 when he retired. He was State Pres. Mich. Assoc. of Secondary School Principals, member North Central Assoc., 8 years State Rep. on NCA, and was one of two men sent to Far East for North Central Assoc.

Lester enjoys golf, reading, is a ruling elder of the Presbyterian Church, Past-Pres. Niles Lions, Past-Pres. Eaton Rapids Kiwanis Club.

STILL NEED PROFILES AND PICTURES! DO YOU WANT TO BE NAMELESS AND FACELESS?

WKB

TODAY'S PROGRAM was presented by Rotarian Hal Creal who talked about Branch Counth Health Care for the elderly.

Two types of patients make up the need for care: Basic, those who need care but are not bed confined; Skilled, those who need daily medical help.

The patient has a Bill of Rights which protects his rights and gives him the same rights that he would have in his own home.

A resident council is made up of residents who evaluate the program and make recommendations for improvement.

Four out of ten residents have no family or friends to visit or care about them. Only the staff give them a word of cheer.

Little People Day Care Center opened in 1977 to offer day care service to the community and to provide a place where staff members could leave their young children during working hours.

At present, there are 169 residents at Carriage Inn plus 32 at the Bronson Care Center. Nursing stations are staffed 24 hours a day. Approximately 200 employees serve 250,000 meals annually from modern kitchen facilities. The Snack Bar serves hundreds of snacks each day and is open to visitors and staff.

The social and spiritual needs of residents are stressed. The patio is very popular in spring and summer, and is the site of the annual ice cream social. The weekly social hour every Friday is so popular that people start getting ready in mid week.

Over $1,000,000 in wages are paid each year and is mostly spent in Branch County. Utility and operating costs run about $270,000.

"Giving Care by People Who Care" is the motto of the staff of Bronson and Carriage Inn.

Thanks Hal for a most interesting and informative program.

****

Next Week's Program, in charge of Bill Carlson, will feature Dr. Peter Baldwin, Quincy Rotarian and Vetrinarian, who will speak on "Heart Worms in Your Dog."

May 15, 1979

President Elect Dave Rubley reported on the District 636 District Conference at Lansing Longs Convention Center. Keynote speaker spoke on the survival of Free Enterprise System. The Rotary Health, Hunger & Humanism program was stressed and an appeal was made for $15.00 per member. Also, the Central States Rotary Youth Exchange Program was promoted in an effort to get more students in the Rotary Exchange Program.

****

The Rotary Party last Saturday was much fun and fellowship for those who attended.

****

HAPPY BIRTHDAY to Bill Lymburner

****

Music was led by Mark Feller and John Milnes with Ken Putnam providing the humor.

****

Mark Maire presented Chet Graves of Bundy Tubing. Chet is our newest and 100th member.

****

David Pierce spoke on Rotary participation in the Tibbits Membership Drive. Any Rotarian who is not a Tibbits member and would like to be, please contact Dave.

(The following is the first part of an article which appeared in the Battle Creek Enquirer and News. It features the rehabilitation of Janet Magsig, Dan's wife, and gives a good insight to the courage and determination of this young wife and mother.)

Janet Magsig is a pretty, trim, blue-eyed brumette. She has a husband, three young children and a home in Coldwater.

She is not too unlike other mothers and homemakers except that in Harch, she suffered a stroke at age 38.

Today, in a wheelchair and only using her left hand and arm, she can peel a potato, make a bed and vacukm a room. She also can mix up a batch of cookies.

She has learned to do the chores of daily living and more at the Southwestern Michigan Rehabilitation Hospital at 183 West St., in the Community Hospital building.

In an attractive apartment-like setting that includes a newly remodeled kitche, patients learn to adjust to their handicaps by relearning skills needed for living when they return home.

"They relearn those things they have formerly taken for granted or what they formerly did automatically," said Norine McArthur, director of occupational therapy at the center.

"Mrs. Magsig's progress is coming through her feelings of greater independence. Her speech has improved tremendously and she is able to fress herself using one-handed techniques with no help," Mrs. McArthur said.

"She is standing and able to take a few steps with minimal assistance and the goal is for her to ambulate independently in the future."

Although most ordinary chores-bed making, washing clothes, food preparation and clean up, dusting and vacuuming-take two hands, here patients learn to cope with a single hand.

(We will print the remainder of this article as space permits. This is something that can happen to any one of us, and it is good to know that there is help to be had.)

Rotarian Bill Carlson was program chairman. He presented Dr. Peter Baldwin, Quincy Rotarian and one of the areas leading Veternarians. His subject was "Heart Worm In Your Dog."

Forty Five cases of Heart Worm have been found in the Coldwater-Quincy area, which means that every dog in the area is subject to exposure. Dogs running in the area or those playing outdoors in the early evening are the most susceptible, but even house dogs are contacting the disease.

There is a presentative program which can lessen the chance of contact. Daily medicine for one or two months will lessen the chances of contracting the disease. Michigan is second only to Florida in the number of diseased dogs. It is thought that people who take their pets to Florida where they are bitten by a carrier mosquito and then carry it back to Michigan.

The danger to the dog is that the adult heart worm may let loose from the inside of the heart and float in the boodstream until it hits a vital organ, which then is fatal to the dog.

Now is the time to have your dog checked for Heartworm. If Heartworm is prevelant, then treatment can be started and presentative treatment can be administered if the dog has not been bitten.

Dr. Baldwin expressed great concern that our community will be subjected to even greater threat of epidemic level of Heart Worms in our dogs. He urged all dog owners to take immediate preventative action.

Thanks Bill for a very timely program.

Pres Sez: A joint meeting of the old and new Rotary Boards will be held in early June at Pres. Dick's home for the purpose of changing of the guard and to organize the committees for the new year. If you have a committee preference, please contact President Elect Dave.

****

HAPPY BIRTHDAY to John Dean, Bill Grimes, Paul Ruse, Elwyn Bodley, Bill Crotty, Dick Biringer and Hal Creal.

****

The Dynamic Duo, Mark and John, did a fine job leading us in the Rotary sing.

****

We welcome back Elwyn Bodley who has been wintering in sunny Florida. We all enjoy Elwyn's periodic news notes and good natured jibing about Michigan weather.

****

We are glad to see Past-Pres. Chuck Geishert back in circulation. We wish him continued recovery.

****

IF YOUR PHONE OR ADDRESS HAS CHANGED DURING THE YEAR, PLEASE NOTIFY DAVE RUBLEY RIGHT AWAY.

(Continuation of news article by Virginia Gust)

The apartment is equipped with a washer and dryer that is built lower to enable a person in a wheelchair to reach in and remove the clothes.

The electric range in the kitchen has been lowered to accommodate a cook in a wheelchair, and the counters on one side of the room are lower and easier to reach for persons who have suffered a physical impairment.

For the same reason, one side of the double stainless steel kitchen sink has been raised several inches at the bottom for easier reaching.

There is also a one-handed electric can opener that also can serve as a mixer and a knife sharpener.

Mrs. Magsig can peel a potato by using a square wooden board fitted on the underside with suction cups. She impales the potato on two sharp prongs rising from the board. "The board serves as a hand for the patient to hold the potato," Mrs. McArthur said.

She has learned to make a bed while sitting in a wheelchair by making half of it at a time. Normally a right-handed person, Mrs. Magsig uses her left hand to change a pillow case and can accomplish it in about three minutes, fluffing the pillow at the same time.

(I wish that space were available so that this entire article could be reproduced at one time.

Today's program was brought to us by Rotarian Ken Worden, an expert on the recreation for oldsters called "Shuffleboard." Satisfaction and fellowship are the principal rewards derived from the game.

Ken got started several years ago while visiting in Lakeland, Florida. He found many willing teachers who were anxious to impart their knowledge and experience to a newcomer.

Florida has 3 different classes of shufflers - the District Amateur, the State Amateur and the Professional. It is a great team game for man and wife and a wonderful way to make new friends. Tournaments are held for all classes weekly throughout Florida, so a couple can be on shuffle tour all winter long. The tournaments last 3 days and contenders are awarded points which enable a person to move up to the higher class.

The season climax is the Masters Tournament, and is reserved for the finest shuffleboard players in the Nation. Ken has mastered the game to the point where he finished 3rd in the Masters Finals this year. Ken ended the season with 53 points which was second high for the season.

All tournaments are sanctioned by the Florida Shuffleboard Assn. who set the rules and direct the tournaments.

The game takes a great deal of concentration and knowledge of the different courts. Wind direction also plays an important factor. Some top players keep notes on court conditions and peculiarities and then refer to their notes during the competition.

Ken plays in Ohio and Michigan during the summer and throughout Florida during the winter and encourages the game to all who are looking for fun and relaxation.

Thanks Ken for an interesting program.

The Singingest Club in the U. S. A.

May 29, 1979

PRES SEZ: Dan Magsig could use our help with evening meals for the next two weeks. See Pres. Dick if you can help. On Tuesday and Thursdays, they need drivers to Battle Creek from 1:00 to 4:30 P.M. (Pres. Dick received enough volunteers at the meeting for these two weeks but if you would like to help, perhaps they could use a couple of standbys for times when someone has a change of plans. You might wish to leave your name and phone number with Dick if you would like to help these young people.)

There will be a Board Meeting for old and new Board Members on June 7, 1979 at President Dick's home.

A very nice thank you was received from Suzanne Klein, our scholarship recipient for 1979.

****

The team of Milnes and Feller again provided excellent leadership in the music department. Marks music gets better each week if that is possible, and John's broad smile sets the pace for the whole afternoon.

****

Gary Kuckel was presented by Rotarian Chuck Woodward as our 101st member. Gary is Coldwater City Manager and came to Coldwater from Riverview. Gary, his wife and children live on W. Pearl St.

(Continuation of Enquirer & News article concerning Janet Magsig.)
Mrs. Magsig also has learned to dress herself, which includes putting on jearns. "It isn't easy to put on socks with only one hand," said Mrs. McArthur.

The apartment has been designed as much like a home as possible so patients can learn to put their new skills to use.

They are encouraged to use their new functional knowledge in making cookies and treats, which are shared with other patients.

Recently, a group of patients prepared a dinner for their friends under the direction of Kathie Haskins, director of recreation for the center.

"Their retraining skills involved thinking, planning and organizing the dinner party and brought into play their perceptual as well as their physical capabilities," said Mrs. McArthur.

In planning the dinner, they had to consider the special diets of some of the guests, order the right quantities of food, prepare it and plan the table service. "It was more than a party," said Mrs. Haskins, "it was a serious lesson in meeting the needs of the daily world."

(We will try to find space to complete this story of rehabilitation next week. I think you should begin to understand the problems facing a stroke victim.) WKB

Rotarian Jim Conrad gave a slide presentation on Camp Emery which is jointly sponsored by Districts 629 and 636, making up the Western portion of Michigan. The camp is located at Big Blue Lake near Muskegon.

Firmly believing in the Rotary Motto "He Profits Most Who Serves the Best", the Rotary Youth Leadership Conference offers an opportunity for Rotarians to share their vast experience with our leaders of tomorrow. The program lecturers number some of the most respected speakers from the Midwest. Preston Bradley, Pastor of Peoples Church, Chicago, drove over 1600 miles to appear at last year's conference. Dr. Bradley had just observed his 82nd birthday, but still had the exuberance of a 30 yr. old. "There is just as much authority in the American Home that there has always been except that it has changed hands," and it is time the situation is corrected

Congressman Guy Vander Jact was the keynote speaker last year. "If you want to critcize your home, city or country, you had better have a better solution to offer."- the comment from the response speech from the participating youths.

Founded in 1948, Camp Emery has helped over 3000 young men to become better citizens.

Jim announced that our attendee this year is Joe Kunk from Coldwater High School. He will be attending Camp Emery on June 20.

ROTARY PROFILE

Harlow (Hal) Sexton was born Feb. 3, 1933 in Chicago, Illinois, the son of Charles and Irene Sexton. He attended High School in Downers Brove, Ill. and Mattawan, Mi. He received a BS Degree from Western Michigan University in 1955.

The Sextons, Hal & Wanda, have three children; Kathe, Barbara and Brian.

After graduation from college, Hal served 2½ years in the Army and started with ATL in 1958. He completed 20 years with this company in 1978.

Serving Coldwater Rotary as President in 1976-77 Hal is interested in Tennis, Flying and Cross Country skiing. He is chairman of the Branch County Airport Commission and serves as a Co-Sponsor of a Junior Achievement Company.

/

NEXT WEEK'S PROGRAM: Bob Luce will present Bill Smith on physical fitness.

NEXT WEEK'S GREETERS: Ken Worden and Vince Kornstien with Bill Bobier as Alternate.

****

Bill Grimes announced that the annual Branch Co. Aviation Club fly in will be held next Sunday at Memorial Airport with serving starting at 6 P.M.

Dan Dobson announced that the annual Quincy Rotary Barbeque will be held at Union Church on July 4, from 5 to 8 P.M. The port chops are tastfully prepared by Chef Dale Brown and this is a great place to take the family to eat on the 4th.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

June 12, 1979

PREZ SEZ: Kiwanis Club of Coldwater is sponsoring a dinner for the 1949 CHS State Basketball Champs. The cost will be $5.00 per ticket and will be held either at the Career Center or the Eaks. Tickets are on sale at the Chamber of Commerce Office.

Mrs. Magsig is learning to cook simple meals and is ready to prepare some simple meals for her family. She continues to improve following her stroke earlier in the year.

Show money checks will be distributed at next week's meeting.

****

Jerry Anderson, District Golf Tournament Chairman, from Grand Ledge, was introduced and plugged the upcoming golf tournament at Coldwater Country Club. Bill Crotty is the local club chairman and will be glad to handle your tee off time.

****

Dapper Dan Dean, the Farmer Man, led us in a lifely songfest, accompanied by our professional pianist, Mark Feller.

****

HAPPY BIRTHDAY to Jim Conrad and Gary Kuckel. Congratulations fellows!

****

A number of dignitaries were on hand to join the local club in honoring Harold Goodholm for his 56 years of perfect attendance in Rotary. Pres. Dick presented 8 Paul Harris recipients from Bronson, Three Rivers and Coldwater who welcomed Harold into their elite group as he was also presented with a surprise, a Paul Harris Fellowship award presented by the local club as a token of their esteem for acting as Coldwater's Goodwill Ambassador by visiting many other clubs throughout the area during his long tenure as a Rotarian.

Harold Goodholm was brought into Rotary by his father on March 5, 1923. His classification was Flour milling. In 1930, he became President of the Stillwater, Okla. Rotary Club. 25 years later he became an active member of the Coldwater Rotary Club and has been an outstanding example of the ideals of Rotary throughout the years.

One of 5 or 6 in the world having over 50 years of perfect attendance in Rotary, Harold may well be the Rotarian with the longest record of perfect attendance in all of Rotary International.

"I've enjoyed more than anything else, the good fellowship displayed by Rotarians throughout the world," remarked Harold. One of the highlights of Rotary for Harold has been to personally meet Paul Harris on several occasions.

Another thrilling thing in Harold's life recently was when his boyhood home was given to the State of Oklahoma to be used as a museum on the State Fairgrounds.

The 90 year old Victorian mansion near downtown Oklahoma City is a stately three-story structure built around 1899.

The present owner, Jim Fentriss, offered to give the residence to any group which would move and restore it. The State Fair Board of Directors agreed to accept the project. The rejuvenated home will become a museum illustrating turn-of-the century Oklahoma life. Bill Peavler, senoir preservation architect for the Oklahoma Historican Society said, "The structure is one of the few remaining examples of its period."

Congratulations to a grand person and exemplary Rotarian!

Today's program featured Carol Ledbetter, leader of the 4-H Challenge Program. This is a new special 4-H project started by MSU in 1974. It if geared toward the older 4-H member in an effort to develop their skills in the great outdoors. The purpose is to help the participants gain knowledge in handling the stress and challenges of life.

Carol showed slides of last years trip to the Tetons in Wyoming. There were fourteen in the group from Coldwater and Jackson. This was primarily a back packing trip with some experience in mountain climbing. The cost for each person was $200 which included transportation, meals and camping accommodations for two weeks.

The experience of Back Packing was new to most of the participants and the thought of scaling sheer rock cliffs with only a strong rope between the climber and death was a great challenge. While on up-hill climbs, the group rested about 10 minutes out of each hour of hiking.

The trip this summer will be to the Adriondack Mountain Range in New York State.

A very interesting program.

****

NEXT WEEK's PROGRAM: Reo Goodwin will present our own Paul Harris fellow, Ernest Luse, who will talk on his favorite subject, Rotary.

GREETERS NEXT WEEK: Paul Ruse & Robert Luce
Alternate - Geo. Buchanan

****

District Governor Bill Galbreath, who was here to share in honoring Harold Goodholm, sent a message to Bill Slisher of Bronson. "Climax is up to 100%! What's the matter with Bronson." He also stated that he was glad to be back to honor Harold with the Paul Harris award - much deserved.

Rorarian Reo Goodwin presented today's program which was put on by our own Rotary Information Committee.

Ernie Luse, Bob Seaman, and Fred Anderson have developed a splendid educational program for new Rotarians and our visiting High School students to better help them understand the objectives of Rotary. The committee meets with the new members at a Fireside Chat type of meeting and thru slides and discussion introduce them to Rotary History.

During todays meeting, Ernie pointed out that Rotary got its start in 1905 in Chicago, when Paul Harris and a few other young newcomers to Chicago got together for fellowship and to develop new friends. Rotary is now international in scope, with 830,000 members in 152 different countries. Only Russia a nd China do not allow Rotary Clubs, and China has recently expressed interest.

Rotary's two mottos, "Service above Self, and "He profits most who serves the best" could well be the motto for every business person, since service is the keystone of the free enterprise system.

Ernie pointed out that the Coldwater Rotary club was organized in Nov. 1921 with 22 Charter members who held their meetings at the Episcopal Church. FRAnk Rowe was the first President.

Bob Seaman explained some of Rotary membership requirements as follows:

1. Regular attendance is greatly stressed with 100% attendance a goal for every member.
2. Four consecutive misses of meetings results in automatic dissmissal as a member.
3. Attendance makeups can be made within six days before or after the meeting missed.
4. Local club attendance requires at least 60% attendance at local meetings.

Fred Anderson reviewed important facts about the Rotary Foundation which was established in 1947 as a memorial to Paul Harris, Rotary's foumder. Over one million dollars was recived on the first subscri ption and over 11 million dollars were given by clubs and individuals in 1977-78. Susan Mulcahey, a former Coldwater student was a recipient in 1974 which aided her in studying graduate work in England. There has been 14,281 student awards presented since the foundations inception.

Fred also pointed out that the average age of Coldwater Rotarians was in the mid forties, which is 7 years younger than the national average for Rotary clubs.

Thanks Gents for a timely program.

PREZ SEZ: President Dick thanked his Board of Directors, Committee Chairmen and the Past Local Presidents and Show Directors for their loyalty and great cooperation over the past year. This is Dick's last meeting as Coldwater Rotary President. Thanks for a fine year Dick.

President Dick wished George Henriksen well in his new assignment in Hot Springs, South Dakota. We wish you success and happiness George - it has been good to have you in Coldwater Rotary.

Past President Charles Geishert has just been released from University Hospital and will be checking into Cleveland Clinic soon. Our best wishes for a speedy recovery Chuck.

Dan Dean and pianist Mark Feller performed in their usual good manner.

HAPPY BIRTHDAY TO GARY KUCKEL, TOM NORMANDIN, CRAIG SEBALD, DON SHORNO AND GIL PATTEN.

****

On June 20, Harold Goodholm and Ernie Luse took Joe Kunk, our club's selection for Camp Emery, to the camp near Muskegon. Also, Frank Röthig, a German Exchange Student from the Bronson Club.

****

Dan Magsig extended his sincere thanks to all members who helped with meals and transportation to and from Battle Creek with Janet. He reports and they have a new source of encouragement as Janet was able to move a portion of her right arm which has been totally paralyzed since her stroke. Please continue to remember this courageous young lady in your prayers and offer any help they may need.

Today's program was in charge of Al Nelson who arranged a trip through the recently renovated City-County Library.

The renovation and expansion was financed by grants from the Economic Development Administration in the amount of $721,000 and bonded indebtedness of $280,000 financed by the City of Coldwater.

The architectural firm of Graheck, Bell, Kline and Brown of Traverse City did a magnificent job of laying out the new facilities for maximum ease of use and attractiveness.

For those of us who remember the City Library as school kids, there is no comparison between the old and new buildings. The main floor used to house all of the books, offices and storage, while the second floor was used for storage of old books and newspapers. Today the main floor is used as office space and record keeping and the second floor is entirely devoted to the childrens section. The old tower has been attractively made into a story pit where children can comfortably sit and listen to expert story tellers. The addition of the new wing on the rear of the main building is used for fiction and non-fiction books and audio-visual facilities. The main entrance off the west side is entirely new and very attractive and the open staircase to upper and lower levels is an eye catcher.

For the newer members of the Coldwater Community, the library is a place where your children can spend hours on end in a very pleasing and wholesome atmosphere. The well lighted reading areas, gracious and knowledgeable attendants, and all-around good feeling that is present makes the library an ideal addition to our community.

Like our churches, the City Library is an integral part of the life of our community, and without it, the community would take on an entirely different character.

Thanks, Al, for arranging the timely and informative tour.

ROTARY PROFILE

David L. Pierce, son of George and Virginia Pierce, was born March 17, 1952. He is a graduate of Coldwater High School, Kellogg Community College and various Real Estate, Appraisal, and Financial Courses.

Dave and his lovely wife Karen have two daughters, Amy and Melissa.

Presently a Vice-President at Branch County Federal Savings and Loan, David has been involved in real estate finance and appraisal since 1972.

An avid music lover, D vid has played drums for 17 years but also enjoys golf and tennis. He is a member of the Advisory Staff at the Branch Area Career Center, a Sunday School Superintendent at the East Algansee Baptist Church, an Ex-Drummer-Percussionist for the Millard B. Fillmore Memorial Rock Band, and a member of the Coldwater Country Club.

One of the highlights of David's Rotary life to date has been his participation in "The Rotary Pit Orchestra" with Mark Feller & Buddy Cornwell.

Norm Youtsey presented Fleming Pruitt as our newest Rotarian. Fleming moved to the coldwater area from Zeeland, Michigan and is associated with Bundy Tubing. He lives at Coldwater Lake.

ROTARY PROFILE

Jerry L. Towns was born 4/4/34 in Hillsdale, Michigan, the son of Ned M. and Mary J. Towns. He Graduated from Hillsdale High School in 1952, received an AB Degree from Hillsdale College in 1958, and completed the Graduate School of Banking at the University of Wisconsin in 1964.

Jerry and his lovely wife Carol have four children.

The Toledo Trust Co. was Jerry's place of employment from 1958 to 1969. In 1969 he went to the First National Bank of Chicago where he remained until 1972 when he came to Coldwater with the Southern Michigan National Bank.

Jerry served as show director in 1977. His hobby is golf. He was president of the Coldwater Country Club in 1978-79; treasurer of the Coldwater Chamber in 1978, Vice-Pres. in 1979; he is a member of the 1st Presbyterian Church.

Today's program was introduced by Jeff Dean who presented Larry Carrico and members of the Tibbits group as follows: Mike Lewis, leading man in Molly Brown-Mike is from New York. He started out to be an engineer and formerly directed 200 sewage plants in southern New Jersey for EDA. But his first love is the theater so he resigned and now makes his living as an actor. Mike will also play the lead in one of the later productions.

A fist timer at Tibbits, Trudy Taylor, will be here for the full season and will be featured in "Guys & Dolls." She was brought up in Pennsylvania and moved to New York two years ago. Trudy pleased us with Adelaide's lament from "Guys & Dolls."

Bobby Marino was featured as Nicely Nicely Johnson in the original production of "Guys & Dolls" ten or twelve years ago and will repeat the part this summer. Bobby sang "Sit Down, Your Rocking the Boat."

Gail Pedo from Voss Music graciously consented to accompany the singers in the absence of Wendell Kindberg who was called east due to the death of his father.

Larry filled us in on the upcoming show season at Tibbits. Ticket sales are at an all time high. Gas shortage has not hurt the out of town sales. The new heavy duty modern air conditioning system has been installed and will be tested this Friday. The future of our theater is very bright, even though expenses are up. Larry encouraged all Rotarians to get over and choose their reserved seats right away since the cast is an exceptional selection, the shows are all time favorites and interest is at an all time high.

Thanks Jeff, Larry and cast for a fine program.

GREETERS NEXT WEEK: John Milnes & Hal Creal
Alternate - Bill Crotty

NEXT WEEK'S PROGRAM: Jerry Towns will present Dr. Joseph Smoot, President of Andrews University who is representing Mich. College Foundations.

It's A Good Deal—If You're 129

Reprinted From
Chicago Sun Times 10/10/77
by Insurance Economics Surveys

Jack V. Fox figures he has put about $15,000 into Social Security since 1937. Add his employers' matching contributions and interest, and he figures he is owed about $120,000. But at a return rate of $360 a month, he'd have to live to be 129 to get it all back. So he's put together this modest proposal to the Social Security Administration.

Dear Social Security:

I have before me a Social Security card issued to me in the summer of 1937. At that time I was an 18-year-old stockboy in a grocery store in St. Joseph, Mo. My duties were to keep the counters filled with canned goods.

Subsequently, I worked as a gas-station attendant, a truck driver, a pharmaceutical-company messenger, an apple picker and an inventory taker for a university. In 1940, I got a steady job as a reporter and have been with the same company ever since.

During those 40 years I have paid regularly into Social Security. By law, not by choice. The other day I sat down and tried to figure out how much I had contributed. I finally arrived at a figure of about $15,000. Figuring compound interest over that period, the balance should be around $25,000.

As I understand it, my employers have been matching my contributions all along, so the figure would be around $60,000. Given the rate of inflation, that nest egg should come to about $120,000.

I am 59 now. Figuring that I will continue to contribute at the rate of approximately $1,000 a year for the next six years, with my employer putting up the same amount, with interest and increasing inflation I would estimate the real investment at about $150,000 when I reach retirement age.

Then I will be eligible for about $360 a month in Social Security pension. At that rate it will take me 34 years to break even, and I will be 99 years old. More like 109 when you figure the government will continue to draw interest.

But I read now that the Social Security system only has enough left for six months' more operation and that drastic remedies are proposed. One is to increase the contributions, and another is to put off full retirement payments until age 68.

If that goes into effect, I would be more like 129 before I get the money back. Not even Russians live that long.

P.S.—I don't guarantee those figures, but I'll settle today for the $15,000.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

July 10,1979

PREZ SEZ: President Dave announced that 30 members have not paid their annual dues to date. If you are one of the thirty, please take care of it at once.

August 18th is Rotary's night to take down scenery after the show at Tibbits. Eight volunteers needed. Sign up with Dave.

July 23rd - District 636 Rotary Golf Outing at Coldwater Country Club. Lunch will be $4.00, Dinner $10.00 and Greens Fee $33.00. Let's have a good turnout of Coldwater Rotarians for a meal or golf. More details next week.

****

A kudo to songleader Dick Hruska for using Coldwater Rotary's answer to the Andrews Sisters; Duke Davidson, John Dean and Jerry Towns on the "Blue Tail Fly."

****

After the City Council meeting, maybe we will get a little more advice from Fast Freddy Culy of the Stud Duck Fan Club.

****

Of interest to his many friends, following is an excerpt from Governor Bill Galbreath's last news letter:

"As I begin this last letter as your District Governor, I am reminded of the many wonderful experiences that Ida and I were privileged to share with you folks here in southwestern Michigan. I am hopeful that in the many Rotary Club meetings, the social affairs, and the district functions, that somewhere you club officers and members found something in our deliberations that strengthened your dedication to the ideal of service through this wonderful organization, Rotary. Our year is nearly over but I hasten to tell you that our tasks are not yet accomplished. You officers must not think of letting yourselves be put to pasture, but rather seek to aid your successor with a helping hand when asked and find for yourselves some avenue where you may continue to use the talents that you have been polishing and brightening this past year. Gentlemen, this ought not be the end for you but the beginning of a greater, more experienced service for Rotary's tomorrow. We will be looking for you down the Rotary Road!

****

Also from the Governor's News Letter:

As of the 31st of May 1979, District 636 has a recorded total contribution of $60,911,095 given to Rotary Foundation which entitles us to 3 extra educational awards. I must tell you how overwhelmed I was by the response to my plea to reach this goal. Clubs and individuals came through magnificently and I want to thank you so much for that. Among those were such great people as P.D.G. Art Crampton donating $1,000; Climax Club with $1,344, starting seven men as Paul Harris Sustaining Members. Other May contributions came from Kalamazoo, $1,040; Lakeshore, $100; Portage, $75; Kalamazoo South, $269; St. Johns, $100; Otsego, $1,000; Coldwater, $1,000; Lansing, $1,080; Haslett-Okemos, $1,000; Grand Ledge, $1,420. We've reached our goal together and I can't find words to express my gratitude.

The Government is now worried because 25 percent of the people are living beyond their means. Look who's talking! Henry Irish

Today's program was introduced by Jerry Towns who presented Dr. Joseph "Grady" Smoot, President of Andrews University, who represents the Michigan College Foundation.

"Grady" gave a brief history of the Foundation which got it's start right after 1948, when the G. I.Bill brought about dominance in education by the large public supported universities. In 1949, five private schools, Adrian, Alma, Andrews, Hope and Hillsdale, banded together to gring the message of a partnership with private industry to establish scholarships for worthy students.

In the years that followed, Aquinas, Madonna, Sienna Heights and Marygrove joined the Foundation. After a very shaky start, the Foundation, actually the first in the United States but now just one of 39 State Associations, has been successful.

The Michigan Foundation raised $1,438,000 in 1978 while over 400 million has been raised by the 39 associations. Locally, contributions have been made by Lake Erie Door, Southern Mich. National Bank, Quality Spring and Mrs. Louis Legg.

Dr. Smoot said that private industry, through the private non-profit sector, supports education and the health industry.

60% of the leaders of business in Fortune's 500 are private school graduates and 50% of private school graduates are going into business.

Grady summed up his speech by saying, "We are alive and well and will survive through partnership with private industry."

Thank you Jerry for a fine program.

NEXT WEEK'S PROGRAM: Mike Bodkins of the Intermediate School District is talking on the intellectual testing of children.

(Excerpt from District Governor's News Letter)

LAND, SEA, AND AIR! AUG. 17,18,19!

With this Governor's letter, we will be sending out to you club presidents a registration form for the Land, Sea and Air Rendezvous! Lets get some of our good outdoor people over to Michigan City for this fun week-end! Look for a good camper or sailor or flyer, and put the registration form in his hands. Ask him to get the movement going in your club. THIS WILL BE A PRELUDE TO SOME FINE ACTIVITIES THAT WILL BE TAKING PLACE IN CHICAGO DURING THE 75TH ANNIVERSARY CONVENTION!!

FOURTH 3-H BANNER WINNER!

With the fine contribution of $750, Berrien Springs-Eau Claire Rotary Club became the fourth in District 636 to be winner of the 3-H Banner. My sincere congratulations to President Jon Schuster and his fine club. 75 Anniversary Chairman Bill Cheney is delighted. I thank you on behalf of R.I. Coordinator John Stucky. Keep up the good work!

Duke Sward

Today's program was introduced by Bob Seaman, who presented Mike Bodkins of the Intermediate School District. Mr. Bodkins talked on the intellectual testing of childred.

Mike first discussed individual psychological testing and how to look for emotional problems and learn to analyze individual strengths and weaknesses. He then discussed components of intelligence and then apologized to the club for bringing adult tests rather than child tests, after he observed the level of certain nameless club members

Mike then discussed performance testing to see if the audience were "show me" or "tell me" people. He then tested some club members on their speed in assembling adult puzzles. Norm Youtsey did fair on the hand puzzle and maybe Mike was right in saying his vocabulary consists of four words, "Make me an offer." Dr. Bacon incorrectly identified his puzzle as a chiropractor in a leotard, but quickly regained his his composure and assembled the elephant with the trunk in the right place.

John Dygert did quite well on his pattern, but if that is part of his criteria for an annual raise he might be in trouble. Chuck Woodward was tested on repeating an eight digit number. I hope he remembers his girl friends' numbers better than that one or he might get a man on the phone.

The program ended with Bob Man putting Mike in his place by saying he has read that a Psychologist can get a license in Florida with no testing, for $7.00.

Thank you Bob and Mike for providing us with a very intertaining and informative program.

****

NEXT WEEK'S PROGRAM IS SANDY JOLLEY presenting Jim Lyon reading excerpts from his text on parachuting called "The First Step is the Long One."

GREETERS NEXT WEEK: Duane Davidson & Dick Moore

ROTARY PROFILE

Leslie Harry Woodward was born July 19, 1895. He was the son of Harry Pierce and Jessie Marshall Woodward. He attended Coldwater High School and also trade school.

Two sons were born to the Woodwards; Charles L. Woodward and Douglas P. Woodward.

Leslie spent 10 years in the dry good business and then served the people of Branch County in the building materials field for 40 years.

He enjoys his home and lawn, hunting and fishing and a little golf. A member of St. Marks Episcopal Church, a member of the Coldwater Country Club, masons, elks, American Legion, D.A.V., Rotary, Coldwater Coffee Club and the Polar Bear Association, Les has indeed been an active community person and an asset to all who know him.

"He Profits Most Who Serves Best"

The COLDWATER *Rotary* REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

July 24, 1979

Sargent at Arms, Dave Pierce, reminds us that Rotary's two mottos are: "He serves the best who serves the most," and "Service above self." Remember them, for Dave will be using them in future meetings.

Dave struck paydirt with many fines from the golf outing.

****

Song Leaders, Dan Dean and Mark Feller, livened up our meeting with several rousing group songs.

****

HAPPY BIRTHDAY to: Ken Anderson, Fred Anderson, Les Woodward, Dick Hruska, and Larry Donay. Many happy returns of the day. (We are not quite ready for the 1980 show, but with Mark back at the piano we are well on the way.)

****

District 636 Golf Outing was outstanding. The golf course was in great shape-at the start of the outing; the meal was great; the hostesses were beautiful and served refreshments as needed. Many prizes were given away. 212 visiting Rotarians enjoyed the day at Coldwater's beautiful Country Club.

After running the "Rotary Profile" feature for the past seven months, we have had many favorable comments. However, many have sent in the information forms but neglected to enclose a photo. We are nearing the end of our resources, and have no alternative to either running the profile minus a photo or reasonable facsimile, or to discontinue the feature. What is your pleasure?

Today's program chairman, Santford Jolley, presented Jim Lyons and Jerry Johnson of Air Sports, Inc., who gave an interesting talk on sky diving.

The first few lessons are done on the ground and the initial five jumps are aided by the use of a static line which is attached to the airplane and causes the chute to automatically open. The emergency chute also has a static line attached to the main chute which will open the reserve chute as the malfunctioning main chute is discarded.

Opening altitude is around 2000 to 3000 feet and the maximum height is 15,000 feet without oxygen. Free fall time of 90 seconds will cause one to fall 12,000 to 13,000 feet at the rate of 120 miles per hour.

The novice is under the supervision of the flight master until he feels you are experienced enough to be on your own. Sometimes it takes as many as 30 jumps before one graduates from student to expert.

World competition is held each year and jumpers are judged on aaccuracy and style.

Thank you Jim and Jerry for an interesting program.

NEXT WEEK'S PROGRAM: Craig Sebald has invited David Sharrard, a teacher in the Coldwater School System, to show slides on "Covered Bridges in the USA.

GREETERS NEXT WEEK: Gilbert Patton and Robert Nagle - Edward DeVito, Alternate

ROTARY PROFILE

Lester F. Wise was born Oct. 5, 1918 in Coldwater, the son of Clare and Ada Wise. He is a graduate of Coldwater High School, Class of 1936, and the Central State School of Banking.

Lester and his lovely wife, Celia, have two children, Bill and Julie.

Lester has been associated with the Southern Michigan National Bank since 1937. He held the office of president from 1963 to 1978. At present, he is Chairman of the Board.

Besides his hobbies of golf and reading, he has very generously given of his time to the Chamber of Commerce; Branch County 4-H Foundation; Branch County Board of Public Works.

Lester served as Rotary President during the year 1957-58.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

July 31, 1979

PREZ SEZ: President Dave read a thank you letter from CPR Board for Rotary's generous donation.

Dues are over due - 10 members must see Bob Rumsey or Ernie right away.

87% attendance! Second place behind Vicksburg who had 89.5%. Good, but we can do better. Keep those makeup cards coming to Bob Rumsey.

****

Harold Card was recognized for three years perfect attendance; Craig Sebald recognized for 21 years perfect attendance. Congratulations, gentlemen! Keep up the good work!

****

Sgt.-at-Arms David Pierce brings much fun and excitement to the "for the good of the club" portion of our meeting. The Rotary Foundation coffers will certainly be the ultimate benefactor of David's keen wit.

Dr. Bacon hopes we don't have a program on venereal disease; after Jim Lyon gave a program on successful parachuting, he went out and broke his leg on his next jump!

"What's the matter, Glenda? You haven't said a word since we left camp."

THE AMERICAN LEGION MAGAZINE

Program chairman Craig Sebald presented Dave Sharrod, Coldwater Community Schools, who talked on covered bridges of our country.

Bridges were originally covered to protect the timbers rather than to provide protection for horse and rider as generally assumed.

Most covered bridges are made out of White Oak, pines, fir or Hemlock; they are held together by wooden pegs rather than spikes. Most remaining bridges are a century or more old. The age of a bridge can be determined by the construction of its floor. Diagional flooring indicates a very old bridge, while longitudinal flooring denotes bridges built in the late 1800s.

Michigan has only four remaining covered bridges one of which is near Centerville in St. Joe County. Canada has many covered bridges, as do the New England States.

Following this introduction, Mark Williams from Rotarian Paul Thompson's Extension Staff narrated slides.

The longest covered bridge is 1282 feet long and is located in New Brunswick, Canada. Pennsylvania has 350 covered bridges, Ohio nearly 200 and Indiana 150, with the remaining 600 located in the New England States. The United States is losing about one covered bridge per week as a result of vandalism and neglect.

Mr. Sharrod is an avid admirer of covered bridge construction. He is more interested in their design and engineering than their history. He has traveled over 50,000 miles in the United State and Canada in his search for unique bridge construction.

Thank you Craig, Dave and Mark for a very informative program.

NEXT WEEK'S PROGRAM: Ken Adnerson is the program chairman and will present an interesting Community Relations program "Branch County 4-H Fair, 50 Years of Progress."

EARLY LEAVERS - AUGUST 7, 1979? ?????????????

Bob Nagle, Dick White and Jeff Dean

****

WHY DID YOU JOIN ROTARY? Fellowship; place to develop voice; good place to eat lunch; for community prestige; nothing else to do with my noonhour; better than going home to eat; like to serve on committees; desire to do good in community and nation; enjoy paying fines; concern for fellow man. Think about it!

Today's program was under the direction of Ken Anderson, who presented Mark Williams from the Branch County Extension Staff. Mark told us about the 4-H Club Program in Branch County and showed colored slides about the 50 years of 4-H Fair Progress in our County.

4-H is an educational program dedicated to promoting the fields of agriculture and Homemaking among Branch County youth. There are about 1200 4-H members in 55 clubs in the County.

In recent years, urban (city) 4-H clubs have been organized, especially in the area of horses. Many saddle club members come from the city areas.

The 4-H program is an extension program of Michigan State University and is actually an extension of the school room but on a more interesting basis. It is an effort to teach young people how to live and make a living according to Mr. Williams.

Walt Balcom concluded the program by relating a few humorous incidents of the past 4-H fairs.

A timely and interesting program.

The Singingest Club in the U. S. A.

August 14, 1979

PREZ SEZ: Our club is responsible for 'striking' the scenery at Tibbits next Saturday night. We need 10 or 12 guys and the job will be a snap. Please show up at 10:00 P.M. in work clothes.

****

HAPPY BIRTHDAY - Terry McConnell - Congratulations to a fine fellow!

****

SONG LEADER Curly Dan and our fine pianist, Mark, led us in some inspiring song.

****

Sgt.-At-Arms Dave did his usual fine job of spicing up the meeting with his humorous fines and himself paid a fine for not being able to repeat three of the 4-Way Test.

PREZ SEZ: The Member Who Never Came Back

"It amuses me to think that your organization spends so much time looking for new members when I was there all the time. Don't you remember me? I am the fellow who came to every meeting, but nobody paid any attention. I tried to be friendly, but everyone seemed to have his own friends to talk to and sit with. I sat down among some unfamiliar faces several times, but nobody paid much heed to me. I hoped someone would ask me to join a committee or to somehow participate--but no one did. Finally, because of illness, I missed a meeting. No one asked where I had been. I guess it did not matter whether I was there. Who am I? I"m the member who never came back."

HAPPY BIRTHDAY to John Dygert, Roger Higbea, Larry Iveson, Duke Sward, Dan Ward - Congratulations Fellows!

****

A thank you card was received from Lorri White for remembrance during her recent hospital stay.

****

SUPER STARS NITE is next Thursday at the Mini-Putt on W. Chicago Rd. The Rotary team of Dick White, Rich Holben, Bill Crotty, Dave Rubley and Don Steffey is expected to move up in the standings this year. Lets have a good turn out to cheer them on and to raise much needed funds for the Branch County Cancer Society. Our team will be competing with the best from the Lions, Kiwanis, Exchange, Optimists and Jaycee Clubs.

Today's program, under the direction of Chet Graves, was given by Roger Wilson from Flint who is in public relations. Mr. Wilson has conducted CPR courses throughout the State. Employers have found that lives of their employees can be saved by having experienced, well trained personel throughout their plants who can be on the scene within seconds after a tragedy.

For centuries, civilizations have tried many methods to revive the dead. Every effort was hap hazard at best until 1857 when a doctor in London perfected the first method of artificial respiration. The first method found the victim laying on his back with the rescuer straddled at his head. The victims arms were raised and lowered to the count of three.

In 1903, it was decided that a better method was to place the victim on his stomach with the rescuer applying pressure on the midriff. In recent years the mouth to mouth resusitation method has been proven the most effective method of restoring breathing.

The A-B-C's of Basic Life Support requires that (A) the airway be opened by tilting the head back and raising the neck from the underside, (B) restore breathing by administering mouth to mouth resusitation (C) restore circulation or heart beat by applying pressure to the chest at the rate of 60 application per minute.

Medical science shows that the brain becomes damaged after being without oxygen for 4 to 6 minutes, so immediate, on the scene first aid is imperative if the life is to be saved. One does not have to be an expert in order to save a life. Basic knowledge and understanding the early procedures is within the capabilities of us all, and who knows, the next victim might be one of your own family or a friend. Have you ever choked on a piece of food? Or been on hand when another person has choked? The feeling of helplessness and desperation is beyond description. You want so badly to help or be helped and yet so few people have the slightest idea of what to do. How relieved you are when a doctor or nurse appears on the scene and takes charge.

Once while traveling on a rain soaked Florida highway, we came upon a bad truck accident. The driver laid on the pavement in a puddle of diesel saturated water. While we stayed in the comfortable dryness of our auto trying to decide what to do, a young lady jumped out of her car, ran up to the injured driver and administered first aid and tended him until the Highway Patrolmen arrived and carried him out of danger of fire. The happening made us feel ashamed that we did not do something to help. I am sure most of us have had similar experiences.

CPR instructional classes are held periodically in Coldwater. Perhaps you will want to look into it.

Thanks Chet and Roger for an important program.

PREZ SEZ: Last Thursday, five Rotarians participated in the Annual Super Stars Contest for the benefit of the Branch County Cancer Society. Rotary did not use any substitutes and finished second to the Jaycees. We did not do too well in softball batting, but excelled in golf and pinball machines.

A thank you was received from the Gary Kuckel family for the plant their son David received while a patient at the Health Center.

HAPPY BIRTHDAY TO Rich Holben and Duke Sward. Congratulations on another year, fellows!

Bill Milnes, Chairman of the Health, Hunger and Humanity Committee, asked me to reprint a portion from the Rotarian, August issue. The following are remarks of R.I. Pres. Clem Renouf to His Holiness Pope John Paul II.

"Most Holy Father:

I am honoured to stand before you today, representing 840,000 business and professional men from 18,000 communities in 152 countries of the world. We are gathered here in historic Rome for the 70th annual convention of Rotary International-our first in Rome.

"I was here at the time of your election. Many of us remember your having said, in those exciting hours immediately after your election: "We would like to reach out our hands and open our hearts in this moment to all people.'

"They were prophetic words for this convention, for we have come (more than 14,000 of us from 104 countries of the world) to seek ways in which we may more effectively help solve some of the pressing problems of our time.

"The theme of the convention has been 'Reach Out-Rotary Cares.' We have focused upon the needs of the sick, the hungry, the illiterate, and the poor.

"We are aware of your deep concern for all people, but especially for the poor and disadvantaged-and because we share this concern, we are honoured to have been granted the privilege of this audience, Holy Father, and with deep respect await your message to us."

Walt Balcom, Ed.

Rotarian Vice-President Paul Ruse presented Bill Smith of Lafayette, Indiand, who pleased us with a presentation entitled "What's Your Size?"

Self-evaluation and self-discipline are two characteristics which we all must have if we are to live our lives to the fullest. Tact means showing consideration for others and is a great asset in getting along in this tough old world.

Faith plays an important part in all of man's affairs. Without faith in God and self, a person is lost. Making good use of one's time is most important if we are going to best serve our fellowman.

Constructive criticism can serve two people, the giver and the receiver. Never criticize unless you have something better to offer.

The Rotary 4-Way Test is a good test to use in our everyday lives. Our speaker very cleverly included the Rotary Mottos and 4-Way Test in his talk by having the audience repeat them while he fashioned the Rotary wheel out of construction paper.

Rotarian Bill exemplifies the ultimate Rotarian and certainly has fashioned his life on strong Christian principles. His challenging talk was a fitting farewell since Bill is leaving the Coldwater area for the winter. Thanks Bill for your fellowship this past summer and we wish you health and happiness until we meet again.

****

NEXT WEEK'S PROGRAM: Bill Fuller is our program chairman next week and he will present Nick Smith, our 41st District Representative in Lansing.

****

The following is the audience with Pope John Paul II, in part, which may be found in it's entirety on pages 34-35 of the August Rotarian:

"Dear Friends,

"Following the example of my predecessor, Paul VI, I am happy to extend a cordial welcome to members of Rotary International. It is a pleasure for me to have the opportunity to continue, on an international level, the conversation with Paul VI inaugurated with you years ago in Milan, and which he later carried on in Rome. I too am very willing to reflect with you on your important aims and on your worthy activities.

"Your presence here today indicates a greatpower for good. You come from many different nations and backgrounds. You bring with you vast experience in the economic, industrial, professional, cultural, and scientific fields. In the solidarity of your association, you find mutual support, reciprocal encouragement, and a shared commitment to work for the common good. To one who observes you with deep interest and keen attention, it seems as though you are offering, with sincerity and generosity, your talents, your resources, and your energies to the service of man. And to the extent that you pursue this lofty ideal of reaching out to people everywhere I am certain that you will continue to find satisfaction and human fulfilment. Indeed, in your very act of giving, of assisting, of helping others to help themselves, you will find enrichment for your own lives. In demonstrating ever greater involvement in the cause of man, you wil appreciate ever more the unsurpassed dignity and grandeur of man, as well as his real fragility and vulnerability."

PREZ SEZ: A thank you letter was received from Elwyn Bodley for flowers sent him during his recent stay at the Health Center.

"REWARDS OF YOUTH EXCHANGE PROGRAM" (excerpt from the District Governor's News Letter)

District 636 has been a part of Central States for only a short time but we are enjoying the benefits of having some exchange students with us already. Three young people have been living with Rotarian families in Michigan Center and Lansing for the past couple of months. Two more students from foreign lands are expected in Belding and Three Rivers before the end of August and they will be with us for a full year. Join in on the fun by having one of these great young people from another country stay with you in your home or by sending one of your children abroad for a year of study. Let me know if you are interested and I will send you more information.

HAPPY BIRTHDAY TO Richard Holben who celebrated his 37th birthday! Congratulations Dick!

****

SONG LEADER Dan Dean led us in an accappella rendition - NOTE: Our group singing leaves much to be desired when pianist Mark Feller is not present! Rotarian Dan tries real hard but without our response, he has a tough job at best.

DISTRICT GOLF TOURNAMENT RESULTS - Gov. News Let.

The golf team of Baker, Bakita, Dean and Siprousky from the St. Johns Rotary Club came in with the low gross to win the 1979 District 636 Golf Tournament at Coldwater Country Club on July 23rd. They won in a field of 212 golfers from 18 Rotary clubs. From all points of view it was an outstanding affair which built much good will and many better friendships. Our special thanks to the District Golf Committee and the many people who helped them make it a success.

TODAY'S PROGRAM was in charge of Bill Fuller, who presented Nick Smith, State Representative from the 41st District.

Nick serves on several important committees including the Agriculture Committee. Mr. Smith pointed out that a State Legislator's job used to be strictly part time, however, government has become so large and bulky that the Legislature is in session nearly the entire year.

The current State budget is over 9 billion dollars with the welfare budget being one of the largest items.

Recent laws have tended to favor big business (unemployment compensation) in an effort to deter mass movement out of the State. Upcoming legislation will deal with Essential Insurance (one rate for all of Michigan), wetlands bill (restraint on private ownership of real estate). Workmens compensation continues to plague Michigan employers and the state does not seem able to come up with sound answers.

Energy shortages continue to be a challenge in Michigan and most everyone feels State Government should have the answers. However, history has shown that government never has been able to solve social problems any better than the private sector.

Mr. Smith observed that perhaps the main function of a member of the minority party might be to see that the checks and balances of the multiple party political system are allowed to work so that resulting legislation is in the best interest of the citizens. He pointed out that there has been several thousand bills presented to the legislature already this year, and his main effort has been to weed out the chaff so that only the most important items are considered. We are fast becoming governed by influence of special interest groups (lobbyists) and the legislature becomes bogged down with the weight of new bills. Many of the legislators have made their elective office a full time career, so they primarily do the functions necessary to perpetuate their stay in office rather than work for the good of all.

Mr. Smith cited several instances where industry close to Branch County is moving out of the State due to the governments anti-business climate. He felt this must be reversed as soon as possible and new jobs created if we are to continue to be one of the leading states in the Nation.

Thanks Bill and Nick for an informative program.

Following are excerpts from the Rotary International Clipsheet:

New-it's on to Chicago

After Rome--it's Chicago, Illinois, U.S.A., birthplace of Rotary: Come to Chicago for the 1980 annual convention 1-5 June, 1980. With its population of some 3,500,000, Chicago is the second largest city in the United States. Situated on Lake Michigan, one of the give Great Lakes, it is the heart of the Midwest.

75th Anniversary Almanac

When Admiral Richard E. Byrd, a member of the Rotary Club of Winchester, Virginia, U.S.A., flew to the North Pole in 1926, he carried a small Rotary flag along with him. He also carried a Rotary flag on his flight over the South Pole in 1929. In 1933, the Rotary club of Houghton, Michigan, U.S.A., took a Rotary flag more than a mile under earth's surface--1,876 meters to the bottom of a shaft in the Quincy Copper Mine. There the club members unfurled the flag and then sat down to their regular meeting.

Are Rotarians unreasonable men?

In his opening address at the 1979 International Assembly, R.I. President James L. Bomar, Jr., quoted George Bernard Shaw in his play, "Man and Superman": "'The reasonable man adapts himself to the world. The unreasonable man persists in trying to adapt the world to himself. Therefore, all progress depends upon the unreasonable man.' In this context, we Rotarians are 'unreasonable' persons, because Rotary's history shows that Rotarians do not merely accept conditions as they are, but work to adjust them for mankind's benefit."

(Richard Moore)

TODAY'S PROGRAM, in charge of Program Chairman Terry O'Connell, featured Dr. Lynn Bondurant, Principal of Legg Junior High School, who presented a "Transactional Ability Inventory" for Rotarians to take a look at themselves.

This consisted of a word ranking exercise to aid you to identify your natural means of transacting with your environment.

This proved to be lots of fun as Lynn explained the meaning of the results. There were no right or wrong answers. The air of this was to aid in the identification of transactional abilities and capacities, not to evaluate them.

Terms like "Concrete Sequential" - good detail people; "Abstract Random"-people who like group activities; "Abstract Sequential"-great book readers; and "Concrete Random"-the risk takers, were discussed from the word association results.

It was humorous to find yourself as a member of a certain group. But Lynn explained that this exercise has a practical purpose with young people to help them identify themselves as teenagers in school. He has hopes of starting such inventory with the kids in Junior High School. We wish him luck as kids today need all the help possible.

Thanks to Terry and Lynn for providing a program which proved to be enlightening as well as entertaining.

****

NEXT WEEK Program Chairman Richie Barnes will present Rev. John Anderson who will speak on "Hospices" (Home care for the terminally ill).

REFLEX ACTION

There's an anatomical anomaly
That gives rise to a baffling point;
If you step on someone's toes, how come
His nose gets out of joint?

Excerpt from the General Secretary's Letter:

Contribution to The Rotary Foundation in 1978-79 will exceed U.S. $15.2 million dollars, a 27.5 percent increase over the U.S. $11.9 million contributed the previous year. The number of Paul Harris Fellows for the Rotary year in 10,828.

Walt Balcom

Richie Barnes, program chairman for the day, introduced Pastor John Anderson from the Reformation Lutheran Church of Coldwater, who spoke on Hospices.

Hospices began as way stations for travelers back during the Crusades. Today, the the term is used in connection with a movement concerning the care of people who have perminal illnesses. It's objectives are to free people of pain, depression and isolation; to give people who are dying a sense of belonging and worth. Hospice is a concept that is also concerned for families of the incurably ill.

Hospice strives to keep the patient at home as long as possible; to educate both professional and lay people working with terminal patients; to work with the family of the ill. The attending physician must be sold on the program and be the referring physician. The patient should live within 30 miles of the hospice or at least in the home care area.

A local steering committee of Mr. Anderson, Mrs. Val Shedd, Duke Sward and Sandy Tackett head up a group of about 25 local people who are surveying the community to determine the need for such an organization in Branch County. Interested people should contact one of the above for more details.

Thanks, Richie, for bringing timely and important information to the club.

WORLD COMMUNITY SERVICE PROJECTS

(Excerpt from Rotary International minutes)

"In consideration of a suggestion included in the 15 May, 1979 report of the world community service committee, the board encourages Rotary clubs and Rotarians worldwide to continue personal contacts for the purpose of development of world community service projects."

Walt Balcom, Editor

Program Chairman for the day was Paul Ruse, who presented Mr. Al Conley of Coldwater Lake. Mr. Conley lost his vision as a result of an auto accident about three years ago. He received rehabilitation in Chicago and has had his guide dog, Meg, for two years.

The Annual Reunion of Pilot Dog Alumni Assoc. will be held in Coldwater next June. Mr. Conley stated that there will be obstacle and obedience contests for contestants with several hundred dogs competing. Dogs are trained when they are 3 months old. Dogs are farmed out to 4-H members who will keep the dog for 12 to 13 months and teach it the basic commands. The dog then is recalled to the school for 3 to 4 months for advance training and assignment to his or her master. The master has 4 weeks of training with the dog.

Pilot Dogs, Inc. is the only school that will train doberman and boxers. Most schools prefer labs and golden retrievers. German shepherds are being phased out due to their tendency to develop hip trouble. Pilot Dog, Inc. believes the master should have the dog of his own choosing since their chances of compatability will be greater. Cost to train a dog approaches $2,500.00 and all income is derived from public donations.

Mr. Conley and Meg gave an inspiring demonstration of some of her 60 known commands. Meg performed admirably. The dog takes on the mood of her master-if master is sad, the dog will react accordingly.

Ann Conley is Chairwoman of the Branch County Transportation Study.

Thank you Paul and Mr. Conley for providing us with such a fine educational and inspirational program.

ROTARY PROFILE

Santford Jolley and his lovely wife Patricia live at 151 Lakeshore Dr. Santford has one daughter, Kimberly, who is married, and a step-son, Robert, age 16.

Jolley was born in Coldwater Nov. 12, 1928. He graduated from Coldwater High School in 1946, and served in the US Air Force as Airway Traffic Controller from 1951-55. He was stationed in Sacramento, California and Tachikawa, Japan.

Santford is Advertising Manager for the Coldwater Daily Reporter, now in his 18th year. He states, "In our business, you have interest in any community happenings and work with most of those projects through advertising. I did spend 9 years on the Tibbits Theater Board and held offices from Chairman of the Board to Plant Management. In that order, ha!"

After having held most of Rotary offices including President in 1973-74, Santford is at present Public Relations Committee Chairman. He especially enjoys the friendship of fellow Rotarians.

He enjoys boating, fishing and snowmobiling.

The COLDWATER *Rotary* REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

Oct. 2, 1979

PREZ SEZ: President Dave Congratulated the club on being NO. I in attendance among the larger clubs in District 636. For August, we had 89.5% attendance, bettered only by Bronson, Climax, Marcellus and Portage whose membership is less than half that of Coldwater, with the exception of Portage who has a membership of 56. Thank you for getting those makeups in and making this possible.

****

Alma Mater day turned into a University of Mich. Clambake when Past President Dick Uhl rolled out the heavy artillery in the form of Dr. William Nettleman, Dr. Shorno, Bill Grimes and President Dave Rubley. Rotarian Dick Hruska did a swell job as head referee. Rotarians Maire and Kuckel looked great in their Notre Dame Varsity Shirts.

****

In view of the District Governor's visit next week, I would like to submit the following verse for your consideration:

SOMEBODY ELSE

There's a clever young man named somebody else,
There is nothing this man can't do.
He's busy from morning 'til night
Just substituting for you.
You're asked to do this, or asked to do that,
And what is your ready reply?
Get somebody else, Mister Chairman,
He'll do it better than I.
There's so much to be done in our Club,
So much, and the workers so few,
And somebody else is getting tired and worn
Just substituting for you.
So next time you're asked to do something worth-
Just give them this honest reply: [illegible] while
"If somebody else can give time and support
You can bet your last dime so can I."

Reprinted from American Legion Letter

Perhaps each one could apply this to their participation next Tuesday both at noon luncheon and at the Country Club at 6:30 in the evening.

DON'T FORGET GOVERNOR DONALD L. CALKINS VISIT NEXT TUESDAY. MAKE A SPECIAL EFFORT TO BE IN ATTENDANCE.

Program Chairman Walt Balcom introduced Mrs. Grace Gomley, Sect. of Coldwater Community Schools Board of Education, who gave an update of the financial plight of our local school system.

The school system is not perfect, nor is the School Board or Administration, but everyone is trying their best to provide quality education for Coldwater Community children.

The schools just do not have enough money to do the job that should be done if the upcoming millage election is not passed. Busing will have to be trimmed since that is one of the biggest expense items.

If athletics have to be eliminated, it will cut out much of the fun of going to school for a large number of the older children. Supplies will have to be eliminated, and yet the parents will have to pay for them.

Coldwater is lowest on the tax rate for all Twin Valley Schools.

It is often a question why any person would run for or serve on the school board when the people are unwilling to help resolve a very grave problem.

Bronson School Supt. Robert Beauchamp pointed out that a quirk in the Headlee Amendment interpretation has cut a mill and ½ from their local tax base which will force them to go back to the people (tax payers) in November and ask that it be reinstated.

Mrs. Gomley encouraged all Rotarians to try to understand the seriousness of Coldwater Schools problems and them actively support the Oct. 15 millage request. She pointed out that the request will amount to approximately 11¢ per day increase for the average tax payer in the Coldwater School District.

School Board Member Mike Cherry substantiated Mrs. Gomley's remarks and urged understanding and support for the school effort. Rotarian Duke Davidson pointed out that the State School Aid Formula prevents schools from benefiting from the effect of escalating property evaluations, so even though our valuations have doubled, the local schools have not benefited and herein lies the crux of our school's financial dilemma.

Thanks Grace, Warren and Mike for an informative program.

PREZ SEZ: President Dave announced that the Club, in it's ongoing effort to support the Tibbits Theater, has committed to help sell tickets for the upcoming play "A Slight Exaggeration." The plot was written by localite Robert Pickering and supports an all local cast. Advance releases indicate the play to be light, airy and enjoyable. Lets all purchase a couple of tickets and support the local Community Players.

Past President Dick Uhl announced that the 75th Birthday of Rotary International will be celebrated on February 18-19, 1980. His committee is planning a special program with g giant birthday cake, special birthday publication and interesting program.

****

The Tuesday evening meeting between District Governor Don and club committeemen was very beneficial with much information exchange between the attenders. Meetings of this type go a long way in assuring continuance of a viable, successful Rotary Club. Thanks, Governor Don Calkins, for giving a day to Coldwater Rotary!

****

Song leader, John Milnes, the old pro, did a splendid job of introducing us to the new Rotary song book.

HAPPY BIRTHDAY TO Les Wise, 10/5/18. Congratulations to a swell guy!

Bill Milnes, Chairman of the World Community Service Committee, wishes to call you attention to an article entitled "Saving Haiti's Children" in the September issue of The Rotarian. The following is a review of the article:

"Haiti was the world's first black republic and the second independent nation in the Western Hemisphere, proclaiming self-government in 1804. It's people are it's most abundant natural resource-brilliantly dressed and physically beautiful people.

"Because of the prevalence of tuberculosis, the Rotary clubs of Puerto Rice first became involved in fund-raising projects to help maintain Grace Children's Hospital, a Christian medical mission whose sole purpose is the healing of tuberculous children. In Haiti, the poorest country in the Western Hemisphere, nearly half the children die before age 12. Rotary clubs throughout the United States also have contributed generously, and Haitian Rotarians have given strong support.

"Through the end of June 1979, more than a million children had been vaccinated, at a cost of less than $1.00 (U.S.) per child. There are three million children in Haiti, making the CAT effort nearly halfway to its goal."

The above was written by Terry Gadness who returned to the offices of International Child Care after his trip to Haiti, however, he couldn't forget Haiti or its children. So he returned to stay, and now works for a church agency there, Makinglife better for Haitian youths. Get out your September issue of The Rotarian and read this article in it's entirety. It will be time well spent.

Walt Balcom

District Governor Don Calkins of Three Rivers honored us with the Governor's annual club visitation. Mr. Calkins and his wife, Gretchen, live and work in Three Rivers. He is a mechanical engineer who designs materials for paper mills. Don joined the Three Rivers Rotary Club in 1964 and served as President in 1974. The Calkins have four sons, all engineers, and a daughter who is a nurse. His Rotary occupation is "Paper Manufacturing, Sr. Active." Mr. Calkins gave an interesting talk entitled, "What Is Rotary?"

What is Rotary? - many definitions or answers - to each it has a different meaning. A few have defined it as "an ideal in action;" "Friendship organized'" "Men discovering their responsibility to one another."

Rotary was founded by Paul Harris, a Chicago attorney, in 1905. He wanted to dignify the position of the tradesman. A mining engineer, a coal dealer and a tailor met with Paul to organize a group to get business men better acquainted. Early meetings were held at the place of business of the members to help them find out about each other.

The name "Rotary" came from this policy of rotating their meetings places.

The Rotary symbol was designed by a buggy maker who used the buggy wheel as a sample. Later, the wheel was replaced by a driving gear with membership being represented by the gear teeth. A key way was included to show that the gear was not an idler gear but one of action.

In 1908, the second club was organized in San Francisco. By 1910, 16 clubs around the nation held the first convention in Chicago. The following year, a Canadian club was organized, making Rotary truly International. District 636 still has two active clubs that go back to that early beginning.

153 countries are now represented by Rotary organizations, having over 800,000 members in 18,000 clubs.

NEXT WEEK'S PROGRAM, in charge of Duke Davidson, will feature Wes Kinsey who will tell us about the intricacies of the seed corn business.

Program Chairman Duke Davidson presented Mr. Wes Kinsey, Branch County Farmer and Pioneer Corn Distributor. Mr. Kinsey told about the History of Pioneer Seed Corn Co. which was organized by Mr. Henry Wallace in 1926.

Pioneer is a leader in the genetic seed production business. It is part of a 50 billion dollar industry that we call "Agriculture." Less than 2% of the population is raising the food to feed the other 98% of the population, as well as exporting approximately 50 billon dollars of agricultural products.

Mr. Kinsey showed slides presenting the history of agricultural product development. The of producing more and more food on less and less group is relentless.

Cross pollination of two different types of corn has resulted in hybred corn.

Product improvement is Pioneer's number one objective. Sorghum, alfalfa and hybred wheat are other Pioneer products. An ever renewing harvest is mans salvation, and America must continue to raise more.

****

NEXT WEEK'S PROGRAM will be presented by Chuck Davis and will feature the Gilmore-Foyt Racing Team. Mr. Foyt is the only 4 time winner of the Indianapolis 500. He almost won last year-coming in 2nd to Rick Mear. The 1979 race, in color, will be introduced by Jerry Hagan, P. R. Director for the Gilmore-Foyt organization.

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

October 23, 1979

PREZ SEZ: Coldwater was again #1 in attendance for clubs of our size during September. Club attendance was 89.5%. Good going men! Lets keep those makeups coming to Sec. Bob Rumsey or Dan Ward.

****

International Rotary Convention will be held in Chicago next June 1-5. This is a once in a life-time chance to take part in a most inspirational program. We should have several members in attend-ance. Make your plans now. Rooms will be scarce.

****

All Coldwater Rotarians should be supporting the Coldwater Community Schools in their efforts to provide good quality educational opportunities for our area youth. Several Rotarians have ex-pressed a desire to meet with other service clubs and spearhead a yes vote the next time around. See Dave and join the effort.

****

Tibbits Theater tickets for "A Slight Exaggeration" are still available for Friday, Nov. 1, and are only $2.00 each. See President Dave for your tickets.

****

Vice-President Paul Ruse announced an upcoming Ladies Nite in near future. More details will be announced in next couple of weeks.

(Excerpt from Rotary International)

ROTARIANS ACT TO AID BOAT PEOPLE

Rotarians worldwide are responding to the 17 July call by President James L. Bomar, Jr., "to toss a lifeline" to the beleaguered Boat People of South-east Asia. President Jim followed his appeal with a letter to club presidents in the United States of America, Canada and Europe, urging them to "locate sponsors for refugees."

In France, Henri Roy, past governor of District 169 contributed fr20,770 (U.S. $4,715) to the French Red Cross for use in his government's resettlement program.

Todays program chairman was Chuck Davis who presented Jerry Hagan, Public Relations Direct-or for the Gilmore-Foyt Racing Team. Mr. Hagan was Sports Editor for the Kalamazoo Gazette for many years before joining the Racing Circuit.

Mr. Hagan gave some interesting figures about the Indianapolis 500 before showing the color film "Countdown To The 500." The total prize money for the Granddaddy of auto racing is over one million dollars, with the 1979 winner, Rick Mears, winning $270,000 and the runner-up, A. J. Foyt, $107,000. A. J. Foyt is considered the "old man" of high speed racing at the age of 45, while the oldest Unser brother is 46. Each Indianapolis car costs in the neighborhood of $100,000 with the extra engine adding another $25,000-$35,000.

Mr. Hagan predicted that there would be a full compliment of cars (33) for next years race even though the two racing associations (USAC & CART) are still feuding over territorial rights.

There are only three 500 races in the U.S., the Pocono, California 500 and Indianapolis, so the big time drivers all want to drive in the BIG one.

Thanks, Mr. Hagan and Chuck Davis, for a very entertaining program.

****

Next weeks program is under the direction of Larry Donay, and November 6th program chairman is Paul Thompson who promises a timely and interesting program.

ROTARY PROFILE

B. Keath Pearce, who lives at 58 Ridgemoor Rd. with his lovely wife, Lorraine, was born Sept. 1, 1917. He holds a D.V.M. from Mich. State University.

Keath became a member of Rotary in 1946. He has served on several committees, having been show chairman for 17 years. Quite an accomplishment. His hobbies include golf, gardening and wood working.

After serving the community for 25 years , Keath is a Veterinarian with the Michigan Dept. of Agriculture.

Keath is a Past-President of the Chamber of Commerce, served on the Miss Branch County Pageant, was the City Health Officer for 23 Yrs. and an active member of the Sportsmans Club.

Oct. 30, 1979

PREZ SEZ: President Dave read a thank you note from Bob Loose for the flowers received during his recent illness.

Dave announced that the Board approved $500 to the SOS program for extra-curricular school activities.

President Dave presented Rotarian Norb Strobel who gave a plea for support of the Coldwater Community School millage to be voted upon Dec. 10. Norbert announced a meeting at Legg Junior High at 7:30 P.M. this Thursday to organize citizens supporting the upcoming millage. Every concerned citizen is encouraged to attend and participate.

ROTARY FOUNDATION WEEK, NOVEMBER 11-17, 1979

We wish to remind all clubs that the week of Nov. 11-17 is ROTARY FOUNDATION WEEK, and it is recommended that a grogram relating to the ROTARY FOUNDATION is most appropriate at that time.

Because of the outstanding financial support Dist. 636 gave to the ROTARY FOUNDATION for 1978-79, (total $66,357.17 for an average $23.11 per Rotarian) the District will be able to award FOUR Foundation Fellowships for the 1981-82 academic year as opposed to the one award we made this past year for 1980-81. We hope that 636 will continue this outstanding level of support this next Rotary year so that we can continue to participate fully in the Fellowship program.....

Walt Balcom

Todays program chairman, Larry Donay, presented Jim Donnelson, Department of Commerce, who spoke on Michigan's Industrial Climate.

Business men throughout the country are saying "Why should we even stay in business anyplace?" let alone Michigan or Indiana or Ohio? Federal and State government red tape, regulations and interference is being blamed for the near zero gross national product growth.

The frustration of not being able to get an equitable consideration to personal and business problems has most tax payers and voters uptight and very critical of our present system.

Regarding job gain or loss in Michigan, in 1960 our work force was 3,500,000 and the latest figures show over 4,000,000 full time workers in Michigan today, for a net gain of 500,000 over 20 years. The Manufacturing Industry is falling far behind the growth of Service Industries due to many things. Since 1974, the Department of Commerce has had nearly 1200 applications for tax relief under Public Act 198-The Industrial Expansion Tax Abatement Act. This piece of legislation has done much to encourage manufacturing expansion in the State.

Another positive legislation is the Industrial Development Act which provides tax exempt bonding for plant expansion. Recently, the Legislature passed the Business Redevelopment Act which will help businesses to expand and is similar to the aid given to manufacturers.

Coldwater is in an ideal geographic location for business and plant expansion. I69, I94 and the Indiana Toll Road provide ideal transportation routes, and our location makes Michigan products readily available to markets throughout the Midwest, the Eastern States and Canada.

Independent studies by several well recognized authorities show Michigan as being the #1 state in desirability for Industrial Development among the top leading 20 states. Even though our unemployment and compensation taxes are atrocious the overall climate is second to none.

Mr. Donnelson answered many important questions from the audience.

Thanks, Larry and Jim for a most interesting program.

****

Next Week's program chairman will be Past-President Paul Thompson who will present Mr. Ned Netherton of MSU. Mr. Netherton has just returned from two years in Uruguay. He will present a talk entitles "Agriculture, Education and Bureaucracy in Uruguay."

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

Nov. 6, 1979

PREZ SEZ: Coldwater was #1 in attendance for 100 and over clubs and 5th over all in the District. Remember-makeup cards go to Bob Rumsey, 120 Cheryl Ann Dr., Coldwater.

Word of Past District Governor John Ristow's death came in Dist. Gov. Don Calkins news letter.

****

President Dave read a thank you letter from Diane Hankins, who was sponsored by Coldwater Rotary at Kimball Camp this past summer. Diane, Age 12, lives at 21 Henry St. and was referred to us by Big Sisters. She attended camp the week of July 15-21.

****

HAPPY BIRTHDAY to Ed Geishert (11/5/16) and Ralph Toupalik (11/6). Many more happy years to Ed and Ralph.

****

Song Leader Dick Hruska and pianist Mark Feller led us in a lively songfest. Dick led us in several old favorites from the new Rotary song book.

Sgt. at Arms David Pierce really made hay for the Rotary Foundation fund with many photos and $1.00 fines.

3H FUND RECOGNITION

During my official visit to the Bronson Club on October 3rd, I had the privilege of presenting a banner and a plaque on behalf of the Rotary Foundation for the club's contribution to the Health, Hunger and Humanity Program. They have contributed $1,410 or $30 per member. As of the end of August, Lakeshore, Lansing and Berrien Springs Clubs have each contributed $15 per member. Congratulations.

Worldwide, more than $2 million has been contributed to this 75th Anniversary Fund. More than 2,000 clubs have received 3-H banners in recognition plaques for contributions of $30 per member. It is a great way to advance International understanding, goodwill and peace throughout the world

TOOL TACTIC

As the long-haired youth was getting his first haircut in a year the barber waved a large magnet over his head. "Don't worry," he said, "I'm just trying to find my scissors." G. G. Crabtree

Mark Feller was in charge of the program. He introduced Deputies Greg Miller and John Pollack from the Branch County Sheriff's Office who discussed drug abuse in Branch County. Deputy Miller stated that prior to Oct. 1, 1979, Branch was one of five counties participating in a co-operative program on drug abuse. Due to a lack of funds, this undercover surveillance and enforcement effort no longer exists.

Deputy Miller said ten sheriff deputies have volunteered their time to work after hours on surveillance and stake out to help keep drugs out of Branch County. To maintain this volunteer effort they need money for photography and radio equipment, and money for drug "buys." They estimate their needs at $10,000 of which $7,000 is already pledged. They are approaching all the civic clubs and the churches. They expect to set up a Board of Directors made up of donors.

Deputy Pollack discussed the six most readily available drugs in Branch County. Namely marijuana, T.C.P., L.S.D., P.C.P. and cocaine and hashish. He said that some drugs are used to inprove upon the "high" a marijuana cigarette gives. He stressed the dangers related to the impurities in drug manufacture. The age of drug users in Branch County runs from 14 to mid 30s.

Thank you Mark for bringing this timely and thought provoking program to us.

Program Chairman for next week is Gary Kuckel. The following week will be under the direction of Charles Geishert. It would be helpful if the coming program chairmen would inform the editor of the bulletin of the nature of the program so that it could be announced in the bulletin.

PREZ SEZ: President Dave read a letter from Blanche Sylvester, Director of Branch County T.B. Assn., asking that all Rotarians support the upcoming Christmas Seal Campaign by purchase of Christmas seals which are being sent in the mail.

****

HAPPY BIRTHDAY to Carroll Barnes, Mike Touralik and Harold Card.

****

Song Leader Dan Dean did a herculean job in leading the group singing without the help of our pianist.

****

President Elect Raul Ruse again announced the upcoming Ladies Night, December 4th. The dinner will be at the Country Club with the social hour starting at 6:00 P.M. We WILL NOT be meeting at noon on this date although the secretary will be at the Elks to take care of visitors and makeups. Already over 40 members have signed up for the Ladies Night, so please invite the Mrs. and let Paul Ruse know you will be there. The theme of the program will be "What goes on at a typical Rotary Meeting." Sgt.-at-Arms David has promised to be in his usual fine form with some real gems on which we can ponder.

****

Show producer Jerry Towns announced that his committee is in full action and would like suggestions for songs and specialty numbers. If you have an old favorite, let Jerry know and maybe he can work it in. Practice (chorus) dates will be announced by General Chairman Rich Holben at next weeks meeting.

****

The Coldwater Rotary will hold it's Annual Meeting on December 11 with two Directors to be elected. Candidates are Larry Woodhams and Norman Youtsey, incumbents, and Mark Maire and John Dygert. We will be electing two of the four.

****

Successful deer hunters reported so far are Jeff Dean, who shot his buck with a black powder muzzle loader, and Tom Normandin, who bagged a huge 200 lb., 10 pointer Monday A.M. Judge Ed DeVito suggests that Tom probably has shot 3 or 4 bucks by now. Ed Geishert is $50 richer by shooting a red fox last week while hunting pheasants on the I 69 shooting preserve. Rotarian Bill Bobier made his annual deer trek to Land-O-Livin Camp on the AuSable. Had a great time with wonderful companions, and was fortunate in that he did not have to over exert by dragging a bid ole deer out of the woods.

Rotarian Gary Kuckel was in charge of today's program and introduced Sarah Bagley and Ann Bowerman, members of the Coldwater Historical Preservation Committee.

This Committee, also known as "The Saviors", is appointed by the City Council and is charged with helping to preserve the historical appearance and heritage of the City. The Committee stands ready to work with individuals or groups in developing an overall motif for future renovation of the business area and other old buildings. Federal funds may be available, and paint and fix-up can perform wonders. The guests showed an interesting slide presentation of the great job done along this line in Medina, Ohio, a midwestern town of about 12,000 population. Medina decided several years ago that they were well into destroying their beautiful courthouse square with indiscriminate commercial signs and poorly kept retail buildings. So they formed a Community Development Committee with instructions to reverse the trend.

The Committee researched the old archives and catalogued the pre 1900 era of downtown Medina. Then, through Public meetings and much arm twisting, they persuaded the property owners to follow a Victorian period theme in restoring their downtown buildings.

Medina City Government cooperated by restoring the fire hall along the lines of the old traditional fire hall. The local bank spent over one million dollars on their new-old building and many other retailers and professional people followed suit. The results are very eye pleasing and have resulted in a much improved business climate.

Several questions were asked of City Officials in attendance and it is hoped a similar project can happen in Coldwater.

Thanks Gary for this timely program.

NEXT WEEK'S PROGRAM is in charge of Past Pres. Charles Geishert. Former District Governor, Bob Weger, will speak on his recent trip to China.

The COLDWATER Rotary REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

November 27, 1979

Prez Sez: President Dave reminds us that it is in the club's best interest that we give serious thought to the disposition of the Rotary Show proceeds in order that the greatest benefit be derived.

****

NEXT WEEK'S PROGRAM is in charge of Dan Dean and will be the Ladies Night Party at the Coldwater Country Club - 6:00 P.M. - It will be our regular meeting and there will not be a noon meeting as per President Elect Paul Ruse. Do you have your reservation in?

****

HAPPY BIRTHDAY - Carroll Barnes, Dick Uhl, Mark Maire and Jim Endicott.

****

Mark Maire gave a special appeal for all Rotarians to support the upcoming school millage on Dec. 10. He encouraged affirmative public pulse letters as a means of showing strength for the millage.

****

The Coldwater Rotary will hold it's Annual Meeting on December 11 with two Directors to be elected. Candidates are Larry Woodhams and Norman Youtsey, incumbests, and Mark Maire and John Dygert. We will be electing two of the four.

YOUR ROTARY CLUB IN ACTION - Bill milnes has passed long the following information:

COMPLETED PROJECT - the first 3-H project - 683,370 doses of donated tetanus toxoid vaccine were sent to the Philipines in March, 1979, and administered by the government's Ministry of Health with the cooperation and participation of Philippine Rotarians. Some 340,000 children and adults are now protected from the dreaded tetnus disease (lockjow) as a result of our Rotary program.

CURRENT PROJECT - on 29 September, Pres. Jim Bomar officially launched a major immunization project in the Philippines to protect more than 6 million children against polio over a five-year period. This project will be conducted in cooperation with the Philippines Ministry of Health. The goal is to eliminate polio. The cost of the project will be $700,000 (about 12¢ per child). WKB

Past President Charles Geishert presented Ron Wagar of Lansing, District Governor 1970-71. Mr. Wagar toured China in 1978 and gave us a very interesting resume' of his trip. The trip is by invitation only and cost of $3,000 is borne by the individual.

Air France and Swiss Air were the only airlines serving Peking. Entry is via Hong Kong whose population is 95% Chinese. The population density of China is very great. Shanghai could be likened to the entire State of Michigan plus 2 million from Indiana being domiciled in the County of Branch. The total population of China is over 1 billion people.

China engaged in a Civil War immediately after their involvement with the Japanese, and the Chinese economy is still suffering from these two great tragedies. The Chinese are very bright and sharp business people and easily hold their own in International trade.

The meals were very similar to those which we would order in a Chinese-American restaurant. Beer and orange drink are served at nearly every meal.

Bicycles are a chief mode of travel for the larges masses. Nearly all are the same color-black, and cost about $90.00 American currency.

Soccer is one of the most popular spectator sports. Badminton is played by the masses and acrobatics are very popular as a medium of exercise.

During the reign of the Red Guard, all churches and schools were destroyed and the nation is just now getting the educational system reorganized. Their hospitals are very important part of each community and medicinal herbs have been used for over 1000 years.

Crime is handled on a family basis with the family being held responsible for the conduct and punishment of wrongdoers. If the law breaker repeats, the commune leaders talk with him and if a third wrong is committed, he is put in prison for a long period - 10 to 15 years at hard labor. Social law is very important due to the closeness in which people must live.

Chinese believe anger is a sign of weakness, so they are very even tempered. This characteristic helps them to be very good businessmen. Even though they expect to deal on an arms length basis, they cannot stand ridicule. To lose face is worse than death and we must understand this trait as we strive to do business.

A very interesting and informative program.

ROTARY PROFILE

Ralph J. LaGro was born Sept. 6, 1935, the son of Arthur and Lyda-Belle LaGro. He attended Devilbiss highschool in Toledo, received him B.S. from the University of Toledo in 1958, and his Masters in Hospital Administration from the University of Minnesota in 1979.

Ralph and his wife, Gail, have five children; Tim, Kim, Barry, Dawn and Troy.

At present, Ralph is serving on the Board of Directors of Coldwater Rotary.

After working at the Coldwater State Home from 1958 to 1961, Ralph went to the University of Michigan in 1961-62. He came to the Community Health Center in 1962 and became the administrator in 1972, a position he still holds.

Ralph enjoys wood carving, restoring his 1965 Mustang, racket ball (?), and cross country skiing. He is active in Little League, United Methodist Church, Industrial growth and Schools.

This week's program chairman, John Dygert, presented Wade Smith, Director of Vocational Education. Wade presented a slide program of the Branch Area Career Center Farm Program.

Classroom theory is an important part of the Agri-Business program and contributes much to the progress of the class. The Citizen's Advisory Committee also is most helpful.

Hogs, steers and chickens are being raised. The buildings have been renovated and altered to accomodate modern livestock methods.

This years field crops have had a high yeild with wheat going 36 bushel per acre; soy beans 40 plus bushel and corn 80 plus bushel per acre.

Record keeping is a must in a modern farm operation and much time is spent keeping production and financial records.

Agri-Power mechanics teaches students how to repair tractors. Modern testing equipment is used as well as classroom tractor overhaul projects to give actual experience.

A very interesting and informative presentation. Thank you John and Wade for keeping us abreast of the developments at the Vocational School.

****

NEXT WEEK'S PROGRAM CHAIRMAN is George Buchanan. Program to be announced.

WOULD YOU LIKE TO BE PERSONALLY INVOLVED IN A MAJOR 3-H PROJECT?

If the answer is "yes" please complete and mail to Bill Milnes or to the R.I. secretariat the attached Personal Data form. This information will be recorded and be available as volunteers are sought for specific projects. It will also be used to enable Rotary's 3-H committee to assess the possibility of organizing Vocational Resource Teams to help solve special problems in special areas.

In these early stages in the development of the 3-H Program, the pressing need is not for large numbers of volunteers, but as the program develops it is anticipated that the need and the opportunity will increase. Therefore, it is important to collect data on potential manpower well in advance.

Your expression of interest probably will not result in your being asked to volunteer for a major 3-H project in the near future. However, prompt efforts will be made to develop programs to match the personal and vocational resources available.

Please complete the enclosed form and return to Bill Milnes, local chairman of the 3-H committee.

THE 75TH ANNIVERSARY FUND GROWS. Over $2 Million has been contributed to the 75th Anniversary Fund for the Development of the Health, Hunger and Humanity Program. The fund continues to expand through the contributions of Rotary clubs worldwide. More than 2,000 clubs have received 3-H banners in recognition of their gifts equal to U.S. $15 per member, and more than 200 clubs have earned recognition plaques for contributions of U.S. $30 per member.

THE 3-H PROGRAM IN BRIEF. The Health, Hunger and Humanity Program is an exciting new dimension of voluntary Rotary service to improve health, alleviate hunger and enhance human and social development. It is designed to advance international understanding, goodwill, and peace throughout the world.

The COLDWATER *Rotary* REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

December 18, 1979

PREZ SEZ: President Dave read a thank you note for the beautiful flowers sent to Bill Fuller during his stay in the hospital. Bill is on the mend and should be back with us soon.

Also, a thank you from Coldwater Community Schools Asst. Supt. Eugene Wallace for the Rotary contribution to the SOS fund. This has been returned as a result of the successful millage vote. The Board of Directors has redirected the $500 to the Branch County Drug Abuse Program.

****

HAPPY BIRTHDAY to John Milnes and Bob Nagle. Congratulations to both and many happy returns.

****

SONG LEADER Dan Dean has done a great job of reintroducing the favorite songs found in the "Rotary Song Book" and leading us even though pianist Mark is tied up during the Christmas rush.

****

SHOW CHAIRMAN Jerry Towns called for the Show Committee to meet at 1:00 P.M. Sunday, Dec. 30 at Tibbits to put the show program together. The theme will be built around 75 years of song to commemorate Rotary's birthday.

First chorus rehearsal will be Jan. 8, 7:30 P.M. at the Elks with the show slated for Feb. 28-29 and March 1. You only have 9 weeks to sell your advertising and show tickets. Get your commitments lined up early and surprise General Chairman Rich Holben.

****

TODAY is the last meeting of 1979 with Christmas and New Years falling on the next two Tuesdays. So, Merry Christmas and Happy New Year to all Rotarians from your officers and Board of Directors! See you all on Tuesday, Jan. 8, 1980.

****

SGT. AT ARMS David Pierce and Asst. Bob Nagle gave a great display of "How To Win Friends and Influence People."

****

QUINCY NOTE: Past President Elmer Dobson disagreed with his son Dan and contributed very generously to the Coldwater Rotary Scholarship Fund. Thanks Elmer!

*EDITOR'S NOTE: To further point out the need for treatment of eye diseases in developing nations, the Christian Hospital, serving the northern area of Pakistan, specializes in eye surgery besides caring for other illnesses. It is not uncommon for them to treat more than 10,000 in-patients and 71,000 out-patients in a years time. One Doctor may perform as many as 276 cataract operations in one day. In the busy spring and fall seasons, as many as 1,300 patients, most of them coming for eye treatment, are accommodated at the hospital at one time in large open-air wards and on available verandas.

Walt Balcom

PROGRAM FOR THE DAY was George Buchanan, who gave an interesting sketch of the history of the Buchanan family and expertly involved the group in a current event question and answer period regarding World Events.

Several very interesting comments were made from the podium and the audience. Mike Toupalik's retort to George regarding "Ride the Bus and Leave the Driving to Us" was a very fitting close to a most enjoyable program.

****

Program Chairman for Jan. 8, 1980 will be John Klein.
