YESNER CLOTHING COMPANY'S

SUPERB STOCK OF

Boy's and Children's

CLOTHING

VIKING
SYSTEM

We do not exaggerate in asserting that our make of Children's Clothing is par excellence in every way; that it will keep its shape and look better after it is worn than any other make of **BOYS' CLOTHING**.

We clothe boys from three years old up. We handle each season all of the prevailing styles, which we take great pleasure in showing, whether you wish to buy or not.

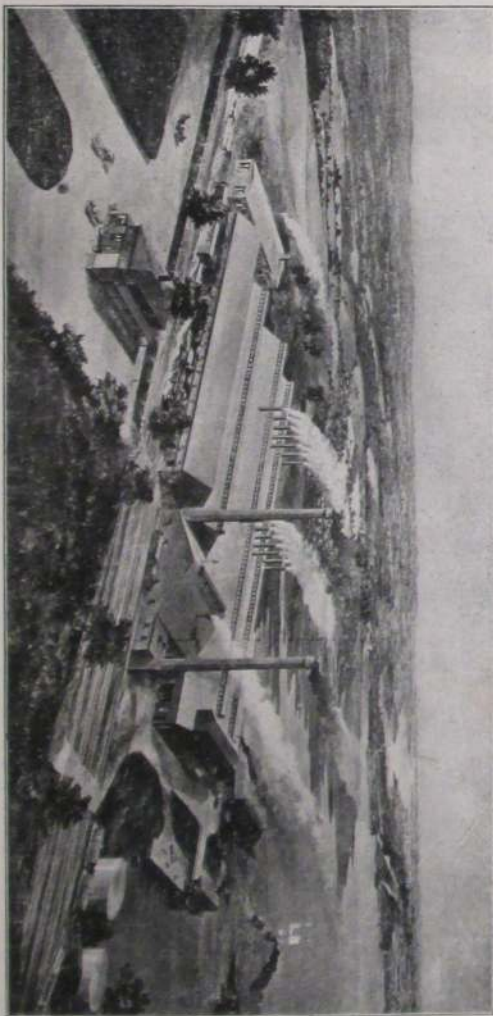

Yesner Clothing Co.,

52 West Chicago St.,

COLDWATER, MICH.

²⁰⁷
THE factory of the Wolverine Portland Cement Co. shown on opposite page is one of two operated by this Company and constitutes one of Coldwater's principal industries. Its capacity is 1500 bbls. per day, and its equipment consists in part of 14 rotaries 6 by 60 feet (soon to be increased to 90 feet), 14 Griffin mills for grinding clinkers, 4 of the same for pulverizing the coal, and a large electric plant which supplies the works with light and power for 14 Sturtevant Blowers. The product of this Company has met with so much favor in the market that they have been kept more than busy in 1904 keeping up with orders, while during the same time other plants all over the country have been obliged to close down for want of business. It is this high grade of product that brings success to any business, and it is this same striving for the best that has kept the house of S. POLLÓCK & SON in the lumber business in the same location for nearly a quarter of a century, with a constantly growing trade and increasing stock. It has urged them on in improving their facilities for caring for and delivering stock until now it can truthfully be said that this concern is second to none in their line in Southern Michigan. The same careful attention is given to orders for one piece as for a carload, and it will pay *you*, when doing any building or repairing, to consult them. Their phone is No. 74, their location is given in this Directory.
