Coldwater Public Library Advisory Board applied for an archivist to come to be a consultant for one day to address some issues in regard to the management of the Heritage Room. The archivist from the U of M Bentley Historical Library will be here sometime in November.

Hutchins, Ellen Shoun and volunteer Margaret Norton have completed a run-through on the reference books and found that with the exception of two volumes, all of the Atlases are older than 1990 and we are going to have to revamp the Atlas section of the reference department.

The Friends Of The Library have offered to assume the cost of a number of books that will be housed in the Reference area for check out on a limited basis for students in high school and community college level on current events and social issues. The value is between $800 and $1,000 and we are very grateful.

Hutchins will be preparing a proposal for Board approval on overdues prior to 1994. Policy changes are needed to forgive negligible fines.

We are working on the technical ability of the computer to do renewals. We would like to renew all non-fiction books that are not on reserve or in high demand.

Christie Kessler has developed a beautiful packet and met with all county Head Start in-service people. It addresses the needs of the teachers in the Head Start program.

He figures we can look at an average of $14,000 to $16,000 a month in penal fines. Perhaps in three years he can re-evaluate the breakdown between the courts and the library. Miller suggested that a copy of our budget be sent over to Judge Coyle and thank him for his time.

4. Contract on heating/air conditioning service: Hutchins has decided to continue with Kirk Skinner with the Board's approval. He has given the library a greater level of maintenance at a much reduced cost over the previous company.

6. Follow-up on visioning long range Strategic Plan: Hutchins suggested summarizing and prioritizing the suggestions from the October 3 strategic planning brainstorming meeting and discussing them at successive Board meetings. Miller supported the idea and suggested waiting until January. He follows the Michigan Library Association on computer and heard about mission statements for library boards separate from the mission statement for their library. Discussion followed on other ideas from the Oct. 3 meeting.
