ADJOURNMENT

Adjournment: 6:55 p.m.

Submitted by:

Carol Brown, Board Secretary

The Branch District Library System will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting/hearing upon one weeks' notice to the Branch District Library System. Individuals with disabilities requiring auxiliary aids or services should contact the Branch District Library System, 10 East Chicago St., Coldwater, MI 49036. 517-278-2341 FAX 517-279-7134.
SIGNIFICANT ACHIEVEMENTS, 1996

1. The library system made great strides in continuing implementation of Gaylord Galaxy system, with the involvement of many staff members, including automated branch staff.

2. Significant gains were made in identifying serious deficiencies in the book collections, especially reference, fiction bestsellers and juvenile books. Much of this progress can be credited to the generosity of the Friends Of The Library, the Branch County Community Foundation and to individual donors.

3. The Federal Literacy Grant put over $32,000 worth of books and CD-ROMs into the six Coldwater Public elementary schools and into the three large branches and Central library. A computer with CD-ROM drive will allow multigenerational literacy activities in the Central library and the potential to network to remote sites.

4. Internet access through the library mushroomed with subscribers from throughout the county. Internet usage at the Central library also grew significantly. Favorable publicity gave credit to the library system and collaborating partners: The Chamber Of Commerce, Branch Intermediate School District and others. At the end of 1996, a 256K line with 59 modems was in operation with over 850 subscribers.

5. Revenue from the Internet subscribers allowed the system to begin at year end to pay personnel costs directly attributable to Internet. This relieved the BDLS general operations budget and allowed for additional staff hours for Mary Cook and Linda Grill. Hiring of reference aides is in progress to provide better patron service in light of increased usage of the reference room.

6. A very successful Summer Reading Program involved more children than in recent years.

7. Allocation of workloads for non-reference room staff has begun with the temporary appointment of Linda Grill. She, Christie and Director Hutchins are continuing to look at work assignments. Amy Harmon was succeeded by Mary Cook who works exclusively as office assistant during daytime hours. This facilitates her accessibility to branch personnel and management staff and helps compensate for her additional workload. Jean Swain's position as Board and Director's secretary, telephone receptionist and person in charge of purchase orders and many other duties is undergoing reassessment.

-con'd.
8. The Strategic Planning process moved ahead. Each branch library was the host site of a Board meeting from May through September, with varying numbers of local persons attending to share their ideas with the Board.

9. Increased collaboration with an active Coldwater Public Library Advisory Board has resulted in better communication between the boards.

10. Continued staff presence on the following boards or committees keeps BDLS priorities visible: Branch County Technology Comm., Branch County Literacy Council, Friends Of The Library Board, Chamber Of Commerce Governmental Action Comm., Branch County Economic Growth Alliance and Dependent Care Subcommittee, Employment And Training Council, Agency Roundtable.
