Subject (Optional): description of Bronson Library on website  
Message Body: I would like to see a more extensive description of the Bronson library, perhaps similar to the one which the Quincy library has, giving the historical background of the library, a few pictures of the interior and exterior of the building, and the recent building changes (elevator, etc.). I have recently moved to Bronson, and it seems to me that the library is one of the outstanding buildings in the community. I think it deserves more than a simple "nice" as a descriptor.

Hi Fran,

Welcome to the community, and thanks for taking an interest in your library! As it happens, the copy written on the introductory and about pages comes from the branch managers themselves. But your message is a good reminder to have another look at things to keep them fresh and engaging. I'll talk to all our managers about this at our next staff meeting.

Yours,

John

John Rucker  
Asst. Director/Systems Administrator  
Branch District Library  
10 E. Chicago St.  
Coldwater MI 49036

FAX 517-279-7134

That you would  
not charge  
so much for over due  
Books!

Comments and/or Suggestions:

Let us know what you think?

I love the  
library and everything is  
very organized
