INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

To the Members of the Branch
District Library Board
Branch County, Michigan

June 9, 2014

We have compiled the accompanying balance sheets of Branch District Library as of May 31, 2014 and 2013, and the related statements of revenues, expenditures and changes in fund balance, and other supplemental information for the five months then ended. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements and additional information in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements or additional information.

Management has elected to omit substantially all of the disclosures and the statements of cash flows required by accounting principles generally accepted in the United States of America. If the omitted disclosures and the statements of cash flows were included in the financial statements, they might influence the user's conclusions about the company's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying annual budget of Branch District Library for the year ending December 31, 2014, has not been compiled or examined by us and, accordingly, we do not express an opinion or any other form of assurance on it.

Management has elected to omit the summaries of significant assumptions and accounting policies required under established guidelines for presentation of prospective financial statements. If the omitted summaries were included in the budgeted information, they might influence the user's conclusions about the entity's budgeted information. Accordingly, this budgeted information is not designed for those who are not informed about such matters.
