

## ADULT PROGRAMMING REPORT FOR APRIL 2015

**Display Case:** This month the display case features hand-made fabric pitchers, vases and baskets by staff member Loretta Sherfield. Each one is made by wrapping clothesline with fabric strips and zig-zag stitching.

**Mason Jar Candle Holder/Vase:** All materials were provided for this fun craft. Burlap strips and lace were decouped onto Mason jars and then paper flowers were glued on. This created fun vases for flowers or to hold candles. There were two classes offered on different days to accommodate participants.

**Arm Knitting:** Who needs knitting needles? Attendees were instructed in the art of “Arm Knitting”. Arm knitting utilizes the arms as needles with the addition of super bulky yarn to create an unusual scarf.

**American Red Cross:** The American Red Cross presented an informational program on their work and volunteering for the Red Cross.

**One Book One Community:** “Our One Book One Community” book this year was One Second After by William Forstchen. It tells the story of how one small community survived after an EMP pushes all of American back to the Dark Ages. Book discussions were held at each of the branches during the month of March.
