

# Adult Programming Report May 2016

**Free Movie Matinee:** We showed the movie “Concussion”. Dr. Bennet Omalu discovers neurological deterioration in football players similar to Alzheimer's disease and battles with the NFL to acknowledge the condition.

**Coloring for Adults:** This program is so popular it was decided to continue it indefinitely.

**Family Housing and Home Repair:** Can't afford to repair your home? Area Specialist for USDA Rural Development, Laura Weeden, explained the Section 504 Home Repair Program, along with eligibility requirements, property requirements and more.

**Buying a Home:** Laura Weeden, Area Specialist for USDA Rural Development, was here again to show us how to buy a home with no down payment, no monthly charges, and fixed interest rates for 33-38 years with monthly payments based on income.

**Red Cross Disaster Preparedness:** This program was cancelled by the Red Cross.
