REQUEST FOR NEW LINE OF CREDIT: AMAZON CORPORATE CREDIT LINE  
May 10, 2016

We are requesting that we be allowed to open a Corporate Account Pay-in-Full Credit Line from Amazon.com. This would be a 0-interest, net-55 terms account that we would pay off every month. We would be able to pay via purchase orders and free up the credit card. Amazon Business services have been available for about a year now and we find they often have the best price.

Details and full terms are available here:
