The Branch District Library summer reading program at the Coldwater Branch means children have the opportunity to attend special programs.

On Tuesday, Mr. Jim brought animal balloon art to the children gathered at the Heritage Park Pavilion near the recreation center.

With years of experience entertaining and educating young people,

Mr. Jim led his audience of 50 children who were surrounded by parents and guardians, through the process of creating balloon animals. He tucked in safety tips for balloons and quips to entertain the adults present.

It was the second program of “Tails & Tales,” the summer reading program hosted by the Branch District Library, Coldwater Branch.

Upcoming programs held at Heritage Park include:

- Twisty Tales Yoga 1

p.m. June 29

- All About Animals with Detroit Man Science, 2 p.m. July 6

- Down on the Fram Tales & Tails with Preston Farms, 1 p.m. July 13.

The first program of the summer was “Tail of a Hero” with Zenia, the bloodhound and her friends from the Branch County Sheriff Department.
