

Appointed in May 2022 by the County Commissioners to fill the remainder of the term left by the resignation of Tom Lowande, recent transplant to our community Joseph Lynch quickly made himself at home on the BDL Board of Trustees. When not at the library as a trustee, or at his Fortunate Farms, Joseph has been active in the community as well, including the Farmer's Market board, the Friends of the Union Twp. Library, and more.

In his honor, the library has purchased the first 5 audiobooks in the *Myrtle Grove Garden Club Mysteries* series. This is a series we have not had on the shelves before, but the description that the books "include touches of gardening, cooking, vintage shops, and the kind of family and friendship that makes rural community life so special" seemed to resonate with how Joseph has related to our community since arriving. Look for them soon on the shelves of the Union Twp. Branch library!

Please join me in thanking Joseph for his service to the community and the library! We wish him well as he moves on to his next challenge.
