Hello, I was wondering if it would be possible to add the audiobook version of Malazan Book of the Fallen series by Steven Erickson for Hoople and Libby?

Hi [Redacted],

This is a great question, and unfortunately, I don't have the answer you were hoping for.

Digital items in our Libby collection are purchased by a committee through the Woodlands Library Cooperative. The cooperative manages and maintains this service for our patrons. BDL doesn't have control over which titles are added. If you search for an item in Libby and it isn't available, you can tag it and choose to be notified. If the cooperative adds it in the future, though, there's no guarantee it will be purchased; you will be alerted.

As for Hoopla, that particular series isn't available to libraries in audiobook format. I was curious and checked Libby to see if an audio version might be an option there, but they aren't there either. I do see that they're available on Audible, which can happen when Amazon holds the rights and libraries don't have access. I can't guarantee that is exactly what happened here, but I wonder. Unfortunately, this is something we're seeing more and more with certain titles.

I am sorry that I won't be able to get those items for you! I do appreciate you reaching out!

If there is anything else, please let me know.

Take care,

Publicity

Branch District Library — Coldwater Branch | photo via [Branch District Library](#)

Branch District Library — Coldwater Branch

10 E Chicago St, Coldwater

The [Branch District Library's Coldwater Branch](#) is located in downtown Coldwater and occupies the original Carnegie-funded library building constructed in 1905.

Designed by architect Claire Allen of Jackson, Michigan, it was built with a \$10,000 grant from Andrew Carnegie and opened to the public in 1906.

This Neoclassical structure has served the community continuously and was listed on the National Register of Historic Places in 1984 as part of the Coldwater Downtown Historic District.

Thoughtful expansions over the years have preserved the original brick facade, classical columns, and pediment while adding modern space for collections, technology, and community programs.

Highlights:

- Neoclassical design with symmetrical brick exterior, prominent columns, pediment, and timeless proportions that highlight early 20th-century civic elegance
- Blended historic elements (original brickwork and classical details) with modern additions for seamless adaptive reuse
- A clear example of preserving the Carnegie-era roots while supporting contemporary library functions like public computers, meeting rooms, and events

Tours & Access:

Open to the public during regular hours — Monday through Thursday, 9 a.m. to 8 p.m.; Friday and Saturday, 9 a.m. to 5 p.m.; Sunday, Closed. Self-guided visits allow you to explore this historic landmark.
