

Branch Hires New Librarian

Coldwater—Branch county's library is acquiring a new librarian and a new bookmobile at the same time.

Miss Elizabeth Ogan has agreed to sign the library board's contract to take over the position of head librarian here. She is now the city librarian in South Beloit, Ill. Her duties will begin the last week in July.

A smaller bookmobile than the library's present one has just been bought by the board for easier handling and lower operating cost. The bookmobile will carry about 800 books, 200 fewer than the old one.
